

### AN EVENING PRAYER

**I** THANK You, dear Jesus, for what You have done  
To make me so happy today.  
And I thank You for keeping me healthy and strong  
And free from all harm in my play.  
And if I did things that I shouldn't have done,  
Or slighted the things I should do,  
Forgive me, dear Jesus, and help me to grow  
In thoughts and in actions like You.  
And now that the twilight is gathering once more,  
And my happy day's ended, I pray  
That You'll guard me all night, and then open my eyes  
To the light of another new day.  
Amen.
