These Extracts from General Orders and Correspondence are published with the view of shewing the estimation in which the services of the Provincial Cavalry were held, from the time of their being embodied in 1837, until they were, on **ECONOMICAL** grounds, disbanded by the Imperial Government in 1850. To the Officers and men who served in the three Troops they will be not an uninteresting record, and are respectfully dedicated by

T. W. JONES, CAPT. Q. L. D.,  
*Commanding Prov. Cavalry, C. E.*

Montreal, June 14, 1858.
