

HAMILTON HAPPENINGS

UNPROTECTED HOLES IN THE ICE DANGEROUS

Blamed With the Death of Two Young Hamilton Men on Sunday.

HAMILTON, Jan. 31.—(Special.)—At the board of health meeting to-night Thomas Hutton asked those duty it was to mark the ice holes in the bay. He was told it was the duty of the police. Mr. Hutton then said that the holes were often left in an unprotected state, and said that was what caused the death of two young men on Sunday.

At the meeting of the hospital board this afternoon J. H. Pratt objected to the rates charged at the city hospital as too large. A committee was appointed to act with the board of control in choosing a new site. A petition from doctors in the city asked for a children's ward in connection with the hospital.

Miss Lewis offered to convert a couple of buildings into a children's hospital, but the city government thought a new building was wanted, and promised to permit its erection if the plans were submitted and passed by them. The financial report presented showed that last year the hospital cared for more people at less cost than it did the year before.

At the International Harvester A. C. meeting to-night at Britannia Rink, Goulding of Toronto defeated Webb, the English champion, in a three-mile walk in 21.40. Dent of Toronto won the quarter-mile, and Trentler of Toronto the two miles, with Murray of the Vermont Harriers, Toronto, second.

At the meeting of the Hamilton City Council to-night, the city clerk reported that the financial statement, made public today, shows a surplus of \$1,267,272 for the year ending December 31, 1910.

The body of Albert Smith, the young man who was drowned with his cousin, Fred Smith, on the bay on Sunday, was recovered to-day. Both victims will be buried to-morrow in the same plot.

Heather Pipe Band. The at-home of the White Heather Pipe Band in the ball-room of the Temple Building was held by 200 persons last night, amongst whom were representatives from all the Scotch societies in the city. Dancing, refreshments and encores were heartily enjoyed.

The tables were profusely strewn with white heather.

Why I Lost My Job

Reasons Why Thousands Like Me Cannot Satisfy Their Employers.

I believe my fate is not unlike that of thousands of other workers who daily lose their places for reasons they do not know, and probably would not believe. When their last pay envelope comes along, it is usually, "Your services no longer required." If the truth were known, the reason for their discharge would probably be that their usefulness was destroyed because of some mental worry, bodily ailment or general indisposition. These things, as we all know, are the most fruitful causes of failure in all walks of life. The battle of Waterloo was lost because our minds must be clear, rapid, active and free from outside influence or worry, or else we go down to failure with the crowd of "floaters" who go from one place of employment to another, giving no satisfaction to others or to themselves, and growing older and less useful, with no ambition, no will power, and no hope.

Every man requires for every other man the best that is in him. But no man can use or get the best that is in himself until he is first free from all mental indispositions and worries. That was my trouble. I was full of troubles. That's why I lost my job. My stomach in the first place was always out of order, and I was worrying about it and my mind grew cloudy, and slow. I made mistakes, and grew grouchy. That was the end.

There are thousands like me, going about with "quick lunch" faces, dyspeptic manners, and repulsive atmospheres. No employer wants such men's services.

Take my advice. A healthy stomach is half the battle, for it keeps your mind clear, and your face rosy. I have a healthy stomach now, and am in a good position, and my employer is satisfied and so am I.

I started to take Stuart's Dyspepsia Tablets which I was told were good for the worst cases of indigestion and dyspepsia. The first two tablets made a wonderful difference in my condition.

One ingredient of Stuart's Dyspepsia Tablets digests 3000 grains of food. The stomach does not have to work at all. The Tablets do all the work, no matter how heavy your meal.

Stuart's Dyspepsia Tablets cure brash, eruptions, burning sensations, bloating, irritability, loss of appetite, nausea, heartburn, lack of energy, loss of memory and dyspepsia and indigestion in their very worst forms.

No other little tablets in the world can do so much. You should carry them around with you wherever you go and take them regularly after meals. Then you will realize what it is to be freed from stomach torment, and have a clear mind, a quick memory, a happy disposition, comfort and rest. Get Stuart's Dyspepsia Tablets at any drug store for 50c a package. Send us your name and address today and we will at once send you by mail a sample package, free. Address F. A. Stuart Co., 150 Stuart Building, Marshall, Mich.

Eczema on Leg for 25 Years

I have been treated by doctors for twenty-five years for a bad case of eczema on my leg. They did their best, but failed to cure it. My own doctor had advised me to have my leg cut off, but I said I would try the Cuticura Remedies first. He said, "Try them if you like but I do not think they will do any good." At this time my leg was peeling from the knee down, my foot was like a piece of raw flesh and I had to walk on crutches. I bought a cake of Cuticura Soap, a box of Cuticura Ointment and a bottle of Cuticura Resolvent. After the first two treatments the swelling went down and in two months' use of the Cuticura Remedies my leg was cured and the new skin grown on. The doctor could not believe his own eyes when he saw that Cuticura had cured me and said that he would use Cuticura for his own patients. But for the Cuticura Remedies I might have lost my life. I am truly grateful for the wonderful cure that Cuticura wrought. I have many grandchildren and they are frequent users of Cuticura and I always recommend it most highly as a sure and economical cure for skin troubles.

(Signed) Mrs. J. B. RENAUD, 277, Mettana St., Montreal.

HOPES PRESENT SESSION WILL PASS RECIPROcity

Taft Refuses to Discuss "Extra Session"—Received More Congratulations Than Criticisms.

WASHINGTON, Jan. 31.—President Taft refuses to discuss "extra session" in connection with the reciprocity agreement. He hopes that the present session will act favorably.

In conversation to-day, he emphasized his belief that reciprocity would establish currents of commerce which would benefit both the U. S. and Canada. The fears which were being expressed in some quarters, he said, were ghosts which would melt away as soon as the agreement went into effect. Many letters have been received at the White House congratulating him on the decided stand he has taken in the matter. He has been told also that he would have the backing of many influential associations throughout the country. While a few missives have reached the president criticizing the proposed reciprocity, these have been by far in the minority.

The president called attention to the fact that on the day his message went to congress, when its influence on the market might have been supposed to be felt, there was a difference of only one cent in the price of wheat at Winnipeg and in Minnesota. This was in spite of the argument that reciprocity would affect unfavorably the prices of such articles included in the agreement in either country.

NAVIGATION DEAL OFF

President Hays of the Grand Trunk Credited With Blocking Merger.

Owing, it is stated, to the refusal of President Hays of the Grand Trunk to give his consent to the deal, negotiations for the selling out of the Northern Navigation Co. to the Inland Lakes Steamship Co. are off.

The offer came thru James Playfair and was on the basis of acquiring the stock of the company for a total outlay of \$1,250,000.

Before the Northern Navigation annual meeting, to which reference is made in another column, was held, an intimation that the deal had fallen thru appeared to have leaked out, and the stock broke sharply about six points on Monday's market, around 120.

The Grand Trunk has a contract with the Northern Navigation Co., which Mr. Hays, it is said, declined to allow to be transferred.

N. W. ROWELL ON MISSION CONGRESS.

It was an interested audience that listened to N. W. Rowell, K.C.'s introduction to the series of addresses on the Edinburgh missionary conference of last summer, which will be held in Victoria College during the next few months. Mr. Rowell was one of the Canadians present at the conference. Nearly 1200 delegates from the Protestant churches of the world attended. The speaker emphasized on the warm welcome which the people of the old country gave to the mission representatives and read the message which the conference sent to them, encouraging them in their work. A special conference was held by the University of Edinburgh, and honorary degrees conferred on 12 of the members.

Rev. Mrs. Rose and Endicott continue on the work of the mission next Tuesday at 8 o'clock.

THE KING MAY APPEAR IN THE WITNESS BOX

The Trial of Mylius for Publishing Seditious and Defamatory Articles Begins To-day.

LONDON, Feb. 1.—Proceedings will begin to-day before the lord chief justice and a special jury brought by the crown authorities against Edward F. Mylius, who is charged with having been concerned in the publication of seditious articles and a defamatory statement that King George, when Prince of Wales, wasmorganatically married to a daughter of an admiral at Malta.

According to The Standard, there is still a possibility that the King may appear in the witness box if Mylius persists in his plea of justification. The law officers of the crown, Sir Rufus Isaacs and Sir John A. Simon, may advise his majesty to adopt this course. The case is likely to occupy several days and the evidence presented will include the marriage registers from Malta, covering the whole period of the King's service with the Mediterranean fleet. Many distinguished men associated with the King at the time are expected to appear as witnesses.

WANT SUNNYSIDE BRIDGE

High Park Ratepayers Pass Resolution Opposing Extension of Queen-St.

That the members of the High Park District Ratepayers' Association, after fully considering the various plans for providing a crossing of the Lake Shore road under or over the G.T.R., approve the proposition of the city engineer for an overhead bridge and a grade by a fill to the present level of the Lake Shore Road.

This was the substance of a resolution, moved by George A. Howell and seconded by Paul von Azelski, approved by the High Park ratepayers, at a meeting held last night in Howard Park school.

The proposed schemes were all explained by Ald. J. O. McCarthy and Ald. J. McCausland, after which a number of members including Ald. McBrien and ex-Ald. J. J. Graham spoke, almost all being in favor of the bridge.

It was shown that the total land damages in the bridge proposition would be \$201,000, while the Queen-street extension plan called for \$350,000 per annum. It was also shown that the rolling mills now occupying ground needed for the extension.

A few years ago the Toronto Hamilton and Guelph radial was granted a franchise to run a two-track line overland as far south as Sunnyside avenue, immediately north of the G. T. R. tracks. This seems to disprove the proposed extension of the High Park as if the road is built north, it will have to be moved farther north when the radial runs its tracks thru, or will be in a cut between the two railways, the G. T. R. and the radial.

Mayor Geary, in a letter, stated that in his opinion the proper course to be adopted was to run Queen-street across the tracks and lead down to the shore, and along the shore past Mrs. Meyer's restaurant, thus making the Lake Shore road a continuous thoroughfare with an easy grade. He also stated that from his point of view the cost of moving the shore past Mrs. Meyer's restaurant in that neighborhood at an early date.

The resolution was carried unanimously. The association instructed the secretary to send a message of condolence on behalf of the association to Mr. P. C. Brooks, a vice-president of the Indian Road Railway, and to Mrs. Frosser, whose husband thru a cold contracted on the occasion of the Brooks fire, has passed away.

DIED WHILE READING

Frank Somerville, Aged 61, Passed Away Suddenly at His Home.

As he was sitting reading in his armchair last night, Frank Somerville, 61 years of age, was suddenly stricken with heart failure and passed away at his home at 286 Crawford-street. Still in the reading posture his wife found him. When it was seen that he had expired, physician was sent for, but it was seen that the aged man had passed beyond human aid.

Many friends and acquaintances will regret to hear of Mr. Somerville's sudden death. Since 1878 when he came to Toronto from County Monaghan, Ireland, he has been in the grocery business here, save the two last years of his life, spent in retirement. For 15 years he conducted a grocery store at the corner of Queen and Crawford-streets. He has been one of the managers of West Presbyterian Church for 20 years. He leaves his widow, Margaret, and two sons, Norman, barrister, of this city, and William Ewart, a student of Parkdale Collegiate.

WOULD INVOLVE RATE WAR.

NEW YORK, Jan. 31.—Vice-President Caldwell of the Delaware, Lackawanna and Western Railway Co., one of the witnesses who gave the railway viewpoint in the hearing to-day before the interstate commerce commission, asserted that a reduced rate on grain would involve a rate war with Canada. "If the lower rate should be ordered by the commission," he predicted, "the Canadian railways, which look on this matter with much concern, will make a still lower rate in the effort to retain this export business."

SOCIETY NOTES

Mrs. and Miss Stone, Bloor-street, have left for New York and will not receive during February.

A very enjoyable luncheon and a pleasant hour was spent by the Toronto Society of Architects in the cozy rooms of the "Kardonia" yesterday. These luncheons are a leading feature of the weekly meetings.

The graduates of Harvard University with the King at the time are expected to appear as witnesses.

Mrs. W. N. M. Lashier, 44 Lake-avenue, is receiving visits from her daughter-in-law, Mrs. McLashier of Winnipeg on Wednesday from 4 to 6.

Dr. Mitchell to Reside Here. Dr. W. A. R. Mitchell, late surgeon on the "Nimrod" with the Shackleton expedition to the south pole, has accepted the position of medical superintendent of the Neal Institute, 75 St. Albans-street, Toronto.

SCOTCH WHISKEY.

Scotland has a world-wide fame by many ways and among them is one which has been and is a world factor—that which associates the little county that which associates the little county of the north-west sea with the manufacture of whiskey. About this product there is difference of opinion, but the fact remains that for centuries the industry has been associated with Scotland and Scotch history. For more than seven hundred years, according to authentic records, this national drink has been brewed and its recommendations as the national beverage of the world have been known.

Without trenching upon those modern whisky makers in other countries, it is necessary to state that the Scotch whisky is of a different character, and that it is not a mere imitation of the Scotch whisky, but a product of its own kind.

MOTOR LEAGUE COMMITTEE

Board of Directors Prepare for Active Campaign in Various Lines.

The first meeting of the newly elected board of directors of Ontario Motor League was held yesterday afternoon. The president, Paul J. Myler, of Hamilton, presided, and those present were: W. G. Trethewey, Oliver Hezzelwood, Dr. A. M. McDonald, Frederic Nichol, A. Jephcott, T. A. Russell, E. Roden, L. E. Howland, G. Frank Beer, Dr. P. B. Doolittle, J. A. Walker and J. M. Young.

The chairman of committees are: Membership, T. E. Mutton; good roads, the holding of a special good roads congress at this time.

The committee passed in favor of the expenditure of \$2500 on road direction signs to be erected in different parts of the province provided satisfactory arrangements can be made by the road sign committee. These signs are of an elaborate character, and it is expected will be of very material assistance to motorists and users of the public highways.

Bargains in Upright Pianos.

Several upright pianos of well known manufacturers are being offered by the old firm of Heintzman & Co., Limited, 198-195-197 Yonge-st., at very exceptional prices for a few days. The prices run at \$175, \$185, \$195, \$225, \$250 and \$275, in every case a large discount from the manufacturers' regular prices. Each piano has been overhauled by our own workmen and is guaranteed good condition. Terms of payment are a small sum down, and small amount each month.

M'CURDY SHOWS OFF.

HAVANA, Jan. 31.—J. A. D. McCurdy, the Canadian aviator, gave another fine exhibition of his skill as an aviator in the presence of a great crowd at the drill grounds at Camp Columbia this afternoon. President Gomez and many public officials were interested spectators. McCurdy flew to an altitude of a thousand feet and executed a large number of difficult evolutions.

Public Amusements

Rose Stahl, whose name in connection with "The Chorus Lady" is known to almost every theatergoer throughout the country, has finally laid aside that play, notwithstanding the wide popularity of the character, and now bids for public favor in a new and more pleasing and amusing characterization of a saleswoman in a large New York department store, which is the principal character in Charles Klein's latest comedy, "Maagie's Pepper and White." Henry B. Hault will present at the Princess Theatre next week. Besides providing an unusually elaborate scenic investiture, Mr. Harris has surrounded his star with a fine cast which includes Frederick Truesdell, Grant Stewart, Lee Kohlman, Beverly St. Greaves, Eleanor Lawson and Beatrice Prentice. Sale of seats begins Thursday.

The plot of "The Jolly Bachelors," the big spectacular musical review which Lew Fields will present at the Royal Alexandra Theatre next week, has been described as being as tenuous and as slight as the web spun by an anemone spider. It merely serves to bind together twenty-six singing and dancing numbers, and to give an excuse for the outlet of the widely diversified talents of the large company of clever entertainers presenting the show. Foremost among these is that irresistibly funny comedienne, Stella Mayhew, who is not altogether a stranger in Toronto. The seat sale opens at the box office to-morrow morning at 9 o'clock.

Charles Robinson and his Crusoe Girls will present a fine array of pretty girls, sterling comedians, beautiful costumes, and a strong vaudeville bill next week at the Gaiety Theatre.

This company has created a very favorable impression this season. They have a number of headliner and novelty acts in the olio, and present two remarkably funny skit named "Lost a Million Dollars" and "Cohen in Chinatown."

School of Expression.

The Conservatory School of Expression has issued invitations for a special and readings and monologues by Miss Grace Campbell Hunt in the Conservatory Music Hall on Saturday evening, Feb. 4.

Conservatory Recital.

The following was the program given at the recital in the Conservatory Music Hall on Saturday afternoon last, by pupils of the piano, singing and violin departments, intermediate grade. The program consisted of: (a) Andante, In the Canon, Mr. George Hubbard; (b) Moszkowski, waltz in a flat, Miss Constance Oakley; (c) Jensen-Nielsen, Musing, Zephyrus, Miss Evelyn Chubb; (d) Schubert, When the Heart is Young, Miss Grace Green; (e) Weber, Polacca Brillante, Miss Evelyn Phillips; (f) Bartlett, The Day is Ended, Mr. M. A. Chadwick; (g) Nevin, Shepherds' Song, Mr. J. W. Bradburn; (h) Godard, Guirlandes, Miss Marie Mehar; (i) Harriet Ware, Sunlight, Miss Rena Leadley; (j) Musin, Mazurka de Concert, Mr. Harold Fair; (k) E. Allen (ed. The Sweet Flower); (l) Good-bye, Miss Florence McCremon; (m) Sibelius, Romance, Miss May Ferland; (n) Gotschalk, The Message of the Rose; (o) F. Lynes, Good-bye Summer, Mrs. Frank G. Campbell; (p) March in D flat, Miss Marguerite Pratt.

The teachers represented were: Miss R. E. A. Wilson, Mrs. E. J. Hopkins, and along the piano, Mrs. J. W. Bradburn, Miss Edith Myers, Miss Ada J. Twoby, Miss Eugenie Quisen, Miss Minnie Connor, Miss Josephine Scruby, Mr. Cyril Rudge, Mr. Edmund Hardy.

The sale of seats at Mason & Risch's for Miss Arleigh Ramsden's recital at Association Hall to-morrow night has been phenomenal. A person who has listened to the elocutionist pronounces her a "modern marvel." Miss Ramsden will be ably supported by Mr. Arthur Ramsden, Hollishead, Mr. Arthur Blight and Mr. Harvey Robt. The combination is remarkably strong, exhibiting vocal, instrumental and elocutionary power in its highest art.

The Star Theatre will do business all of next week with Harry and Slim Williams' famous "Imperials," a "classy aggregation of fun, music, song, laughter and pretty girls."

The curtain raiser is a merry farce entitled "A Glorious Night." It deals with the tribulations of a party of "slummers." This will be followed by an olio of novelties of a high grade character, contributed by Walter Johnson and Violet Hillson in "A Bit of Everything"; Misses Gardener and Hughes, in songs and classic dances; Decry and Francis, a team of jolly fun makers; and Harry L. Cooper, "Four Blight and Mr. Harvey Robt." The combination is remarkably strong, exhibiting vocal, instrumental and elocutionary power in its highest art.

One of the most attractive features presented for the first time in this city is the Grand next week, in the prize chorus, which was selected and rehearsed by Gus Sohke, one of the most famous producers of musical comedies. The play was staged by William Norris, and numerous unique effects have been accomplished. The story deals with the pranks of college men and maidens, and is full of clean, wholesome fun. There is not a dull moment, and when the players are not depicting college pranks, they are singing melodious songs. Never before has the true spirit of college life been projected on the stage. This musical farce kept Chicago laughing for 200 nights and received the warmest praise of press and public.

BUILDERS' WORKERS TO UNITE.

The special committee appointed by the Building Trades Council met last night and decided to call a mass meeting of all the crafts in the building trades the first week in March.

The object is to more closely cement together the various bodies and to stimulate organization.

FILTRATION PLANT BIG ENOUGH.

That the filtration plant will have sufficient capacity to handle 10,000,000 gallons of water per acre per day is the opinion of City Engineer Rust, based on the experiments conducted at the government station at Stanley Park. The city plant covers eight acres, and it was originally estimated that it would have a capacity of only 40,000,000 gallons per day. This removes the fear that, with the
