

York County and Suburbs

NORTH TORONTO.

NORTH TORONTO, Jan. 3.—(Special.)—On Monday, Jan. 3, the first official and statutory meeting of the town council will be held, largely for organizational purposes and the fixing of the dates of committee meetings.

While no official forecast of the outstanding features likely to be introduced has yet been outlined by the council, there is no doubt that with the strong mandate from the people on the water question, immediate action will be taken along this line. Council have now a free hand to go ahead and practically carry through all the initial work, as the application to the private bills committee of the legislature, if this is found to be necessary, the collection of the fullest data, and, in short, present to the legislature a bill for the amount stated. As to the length of time required for this, much of course, is contingent on the amount of opposition, if any, which may develop from outside municipalities. One thing is certain, the town will present an unbroken front in so far as local interests are concerned.

At the public meeting of last Saturday night, Mr. Bruce threw out the challenge that the town would meet at every turn by well-organized opposition, but from other sources it is learned that scores of farmers in the southern and western part of Markham and York would not stand in the way of North Toronto, and would, moreover, wherever possible, gladly avail themselves of the overflow from the northern springs. It is likewise known that the men in the north who affect to be injured to not expect to permanently block the project, and this has been so stated by those close in touch with the situation. It is impossible to over-estimate the importance of prompt action on the part of the town council, and the character of the men who will this year sit around the council board leaves no room for doubt but that they will bring to bear their best business and executive ability to push forward the necessary preliminaries.

Engineer James To-day, discussing the progress being made on the North Toronto sewer scheme, said: "Satisfactory progress is being made on the installation of the system, and from present indications the three divisions will be finished in the order named, as follows: No. 1, running from Victoria-avenue south, by June 1; the Bedford Park section, by July 1; and the Lawrence Park and west side of Bedford Park divisions by Aug. 1. In view of this, and the fact that little work can actually be counted on after Nov. 3, the importance of doing everything possible to expedite the whole project will be plainly manifest."

In the opinion of Mr. James, the actual completion of the Lennoxville project will take about a year. It is anticipated that the regular monthly meeting of the North Toronto Conservative Association will be postponed from Monday evening next to a later date, by reason of the inaugural meeting of the new town council being held at that time.

WEST TORONTO.

Big Budget of News From the Western Ward.

WEST TORONTO, Jan. 3.—(Special.)—Rose of Kent Lodge, No. 21, Daughters of England, held their annual installation of officers to-night in the Sheppard Block, Dundas-street and Pacific-avenue. Mrs. Pettan, the immediate past president, was the installing officer. The following are the officers elected for the year 1912: President, Mrs. Anderson; past president, Mrs. Pettan; vice-president, Mrs. Harris; secretary, Mrs. Wm. Harris; treasurer, Mrs. Mould; chaplain, Mrs. Tasseil; first guide, Mrs. Moss; 2nd guide, Mrs. Ashdown; 3rd guide, Mrs. Looche; 4th guide, Mrs. Lawrence; inside guard, Mrs. Jolly; outside guard, Mrs. Train. After the installation a social evening was enjoyed by the many members present.

The firemen of this ward have had a busy time of it during the past 24 hours, having had calls to no less than three fires during that time. Last night an alarm from the North Toronto and Dundas-street brought detachments from the three stations to the house of Moses Cohen, 118 Maria-street. It appears the water pipes had frozen and in the efforts to thaw them the house caught fire. Nearly \$500 damage to the house and furniture was done before it could be extinguished, all of which was covered by insurance.

About 11 o'clock a still alarm was sounded from the house of F. W. Hunt at 308 Western-avenue. A defective flue had set fire to the interior of the fireplace and had done \$100 damage. About 3.30 this morning a refrigerator car filled with 150 cases and 50 kegs of beer was standing on the siding at the head of Pacific-avenue. To prevent freezing a coal-oil stove was placed in the boxcar and lighted. By some means, possibly shunting, this became upset and a blaze soon started which did about \$200 damage before it was extinguished.

The Royal Black Knights of Ireland held their regular meeting to-night in St. James' Hall.

Rev. Mr. Despard of St. Anne's Parish gave a very interesting address to the members of St. John's Boys' Club at their rooms to-night. About 60 boys were present.

Contrary to expectation the new Annette Street School is not ready for occupation after vacation is over. The building is therefore still in use. There still remains a lot of inside work to be done in the new building but an effort will be made to move into it after the Easter vacation.

The Junior classes of the Sunday school of St. Paul's Church, Runnymede, held their Christmas entertainment in the church basement to-night. The many kiddies present had a very merry time.

UNIONVILLE.

Entertainment Was One of the Best Ever Held Here.

UNIONVILLE, Jan. 3.—(Special.)—The entertainment and Christmas cantata given in the Methodist Church last night, under the auspices of the Sabbath school, was every respect a gratifying success. The numbers were all rendered in excellent form, and evoked the heartiest appreciation from all present. This is the second presentation of this entertainment, and

GOOD BUSINESS CHANCE.

The undersigned is offering for sale his dwelling house and store with the stock of general merchandise, display included. This is a good opportunity for a live business man. Satisfactory reasons given for selling. For particulars apply to

J. F. DAVISON,
Unionville, Ont.

CHEAPER THAN PATIENCE

The midnight trip to the kitchen to get baby's milk may have its picturesque side, but on these nights it is apt to be a bit chilly. It was for just such occasions that the Electric Milk Warmer was designed. Keep it on the bureau, and when the little darling begins his prelude, put in the milk, turn the button, and the meal will be ready in a jiffy. Perfectly hygienic and as easily cleaned as a cup. Ask at the Comfort Number—

Adelaide 404

The Toronto Electric Light Company, Limited
12 Adelaide Street East

the result reflects most creditably upon teachers and pupils alike. A splendid opportunity occurs in the proposed retirement from mercantile life of John F. Davidson of this village, and whose advertisement appears on this page. Mr. Davidson has conducted the general store and produce business for many years with marked ability, and has by his probity and unfailing courtesy won the respect and esteem of the community. The opportunity to secure a splendid opening is one that does not often come.

The roads are again becoming passable after what is generally admitted to be one of the worst seasons in a long time.

The village has about regained its normal equilibrium after the festivities incidental to the Christmas and New Year seasons.

PICKERING VILLAGE.

PICKERING VILLAGE, Jan. 3.—On Friday, the Wilfred Male Quartet of Whitby gave a concert under the auspices of the local choir in the Methodist Church here. James Lawrence of Marlingo, Sask., is visiting friends here and will return about the middle of March, taking with him a car of horses. Mr. Lawrence is greatly impressed with the western country.

On Friday evening, Jan. 5, the Whitby Baptist choir will give a concert in St. Andrew's Church.

Indiscriminate firing of guns and revolvers on the streets of the village by boys is giving the local police lots of annoyance.

A SPLENDID IDEA.

North York Farmers Will Have a Good Chance.

A short course in live stock judging will be held at Newmarket Jan. 4 and 5. On Thursday, Jan. 4, from 9.30 to 12 noon, a contest in sheep judging will be held, led by Col. E. McEwan of Byron, and from 1.30 to 4.30 p.m., judging of day cattle, led by C. M. Macrae of the department of agriculture, Ottawa. On Friday, Jan. 5, from 9.30 to 12 noon, judging of the light horse, led by C. M. Macrae, and from 1.30 to 4.30 p.m., heavy horses, by C. M. Macrae. The contest will be held in the market building, which will be comfortably heated and seated. Every farmer who attends will have an opportunity of earning something by doing so.

EX-MAYOR GETS FARM.

Ex-Mayor Thomas Urquhart of Toronto has bought the "Brookbank Farm" on Yonge-street, south of Aurora, and will, it is said, in the spring remove here with his family. The farm is admirably adapted for mixed farming, well situated, and will make an ideal summer home.

NEWMARKET.

Vandorf Man Gets First Prize From Canadian Northern Railway.

NEWMARKET, Jan. 3.—(Special.)—A good deal of surprise and a little annoyance is expressed around town at the failure of the council, either during the year or in the latter part of the year to forward the Carnegie Library, the funds of which are available. Action was inaugurated last year but it seems to have died away, and fears are expressed that the first thing we know the time limit will have expired.

A meeting of the C.O.C.F. was held to-night, when officers were installed, and at the close refreshments were served. The W.C.T.U. held a splendid meeting at the home of Mrs. N. Morton on the Canadian Northern at Vandorf, where was awarded the first prize given by the company in a competition as to the

best flower garden along the line north-therly from the city.

VEGETABLE GROWERS.

The regular monthly meeting of the Toronto Vegetable Growers' Association will be held at the Albion Hotel, on Saturday, January 6th, 1912, at 3 p.m. The president requests a large attendance of the members for the purpose of approving of the committee's plan of work for the ensuing year. Frank F. Reeves, Sec'y-Treas.; James Dandridge, President.

WHEN GOING TO MONTREAL

Remember that the Grand Trunk Railway System is the only double-track route, and four trains leave Toronto daily: 7.15 a.m., 9 a.m., 8.30 p.m. and 10.30 p.m. The day ride via the 9 a.m. train, with Lake Ontario or the St. Lawrence River in sight most of the way, is delightful, and Montreal is reached at 6 p.m. This train carries parlor-library car and dining car. The farmer who carries electric-lighted Pullman sleepers, the latter having four or more daily. Secure tickets and make reservations at City Ticket Office, northwest corner King and Yonge-streets. Phone Main 4209.

HINDU CALLS ON PREMIER.

Dr. Sundar Singh, editor of the Arany, Victoria, B.C., called on Premier Whitney yesterday at the parliament buildings. He has been in Ottawa seeing members of the government with a view to having the Dominion laws amended, so that the 4000 Sikhs living in British Columbia can bring their year or in the latter part of the year to forward the Carnegie Library, the funds of which are available. Action was inaugurated last year but it seems to have died away, and fears are expressed that the first thing we know the time limit will have expired.

Ptomaine Candy Fatal.

NIAGARA FALLS, Ont., Jan. 3.—Eating impure Christmas candy is believed by physicians to have caused the death of four-year-old Anna Franke to-day. The child was taken ill a short time after eating ribbon candy. The autopsy showed that death had resulted from ptomaine poison. J. W. Arrowsmith of Morrisstown, N.J., and Toronto, will be here tomorrow to arrange moving his Toronto factory to Niagara Falls.

LAST CHANCE For Low Prices

Another year will probably see North Toronto a part of the city. It will be the garden district, and lots will cost a good deal more than they do now. This is the strategic time to buy lots in

LAWRENCE PARK

(North Toronto)

It is the most beautifully situated and best developed of all the suburbs, and is adapted to aristocratic residences.
