YOU NEED HELP? Do Not Let False Pride or Modesty Prevent You From Obtaining Relief at Onco.

To be strong and manly is the aim of every man, and yet how many we find who are wasting the vitality and strength which nature gives them. Instead of developing into the strong, vigorous, manly young fellows that nature intended them to be, they find themselves broken down and despondent—no ambition to do anything. They struggle aimlessly along, sooner or later to become victims of dresded disease, their finer sensibilities blunted and their nerves shattered.

You can talk with the men and women who have been cured by my treatment, and that's worth considering. I might preach for years in my efforts to gather converts to my way of curing disease, and nobody would pay any attention to my arguments. But when I tell you I have cured your neighbor, Mr. Walker, or your old friend. Mr. Williams, and that you can go and ask them, then I have given you proof, and you know that I can do all that I claim.

And I want you to give me credit for what I prove. There's nothing surer than the word of an honest man, and when such men as these admit that I cured them you know that I can cure you.
