

PLENTY OF WORK FOR EVERY WORKER

If Combines Would Permit
Full Development, Says
A. W. Roebuck.

NICKEL EXAMPLE

Only Small Portion Mined in
Order to Keep Up
Price.

"The present labor unrest in Canada is caused by lack of opportunity," thus declared A. W. Roebuck, lawyer, politician, and a man by his work and speeches deeply interested in all labor matters, speaking to The World.

There is plenty of work in Canada for every man," continued the speaker, "but the trusts, the men who create a monopoly and the combines see to it that by their selfish disregard of all interests save their own for money-making, they will give an example. It will take the nickel industry, for instance. A company bought 100,000 acres of ground upon which nickel is very small percentage of the ground and for no other reason than the keeping up the price of the metal. The States, Canada, and the old country are big users of nickel, and have to pay the price the syndicate owning the ground demand. If the company did its duty to the state it would work all its concession, and thus by extra production lower the cost of nickel. In addition, such action would make employment for many more men, and would help merchants to lower the cost of the products in which nickel is used. The example I have given you is equally applicable to every trust and combine in the country. Eliminate them, give man his opportunity, and you will at once do away with labor unrest and strikes."

Asked to say, from an intimate knowledge of the labor world, what would happen if a general strike is declared in Toronto, Mr. Roebuck said "It means trouble." He did not anticipate any acts of violence, as violence was the defence of kings—the only weapon they had to defend themselves with. Toronto would stand for no "bad acting" during a strike, but the men would hold out for their rights and get them too. Mr. Roebuck said the Toronto police would sympathize with the strikers and undoubtedly come out if required to do so, but he thought the labor leaders would ask them to stop and work, so as to preserve law and order in the city, and labor is one of the most law-abiding bodies in the Dominion.

Whiskey Still Near Penetang Had Immense Possibilities

Penetanguishene, Ont., May 20. — Chief Watson of Penetanguishene and Chief Wright of Midland and W. Fisher, license inspector of East Simcoe, arrested an Italian on a farm just outside the town limit owned by two Italians where they found a large still and worm in full operation. There was enough mash to make from four to five thousand dollars' worth of whiskey.

THE HIGHLAND INN

The Highland Inn at Algonquin Park is peculiarly fitted to its wild environment. The hotel has recently been improved and will accommodate 100 people. Algonquin Park at an altitude of 2000 feet above the sea has not a peer among the "Highlands of Ontario." Good fishing, unlimited routes for canoe cruises, lovely camp sites, and splendid opportunities for the "Kodaker." On account of the demand for accommodation reservations should be made in advance. REV. WILLIAM IVENS FEATHERING OWN NEST

A minister of the gospel who interferes in labor matters does not always prove to be a prophet to his own people. The Rev. William Ivens, who is pastor of the labor church in Winnipeg, and who has figured somewhat in the limelight during the present strike, has found that some of the thinking labor leaders can sometimes see below the surface.

Paul Charbonneau, chairman of the Metal Polishers' Association, speaking yesterday, said a lot of trouble had been caused in Winnipeg by Rev. Wm. Ivens, former minister of the McDougall Methodist Church. The parson had no interest in labor and was merely working the labor men for £1 he could get out of the situation for his personal benefit.

It is hard to be found out by your own people.

HIT WITH PITCHER, FLAT IRON AND FISTS

Father and Sons Charged
With Wounding Daughter's
Swain.

Louis Feldt, aged 55, and his two sons, Meyer, aged 26, and Samuel, 18, appeared before Judge Coatsworth in the sessions, charged with wounding Morris Climman. According to the evidence Climman had been keeping company with Miss Leah Feldt, daughter of the accused, and as a result of some trouble with her, Mr. Feldt senior had ordered him out of the house on May 4.

Climman, according to the accused, became saucy, and the older man helped him down stairs with a smash in the face. Climman, in his statement to the police, claimed that he had been beaten with a pitcher over the head, a flat iron and other implements. The younger Feldt denied even being in the house, but Feldt senior admitted hitting Climman, so his honor dismissed the younger man, and clapped a fine of \$25 on the father.

MARY PICKFORD COMES TO REGENT NEXT WEEK

Mary Pickford in "Daddy Long Legs" is the remarkable attraction for the Regent Theatre next week. Such a wonderful combination assures at once one of the very finest entertainments of the season. Not only is this a splendid offering because of the fact that Toronto is Mary's "home town," but also because the story is one of the most beautiful stories ever written. It is filled with the most delicate and artistic imagery throughout. One of the most effective incidents deals with a comparison of the rearing of Judy Abbott, the orphan asylum girl, and Angelica Wyckoff, a spoiled rich child. Humor, with tears that tread upon smiles, is the keynote of the play. How the pathetic little ones "carry on" when the hypocritical matron is trying to make them show off for the trustees; how they go on strike against prunes; and how Judy, aided by a freckle-faced little boy, plays tricks upon the matron's daughter, are only a few of the humorous episodes in which the picture abounds.

COUNCIL OF WOMEN FINAL MEETING

Aberdeen Club Must Close
Due to War-Time
Indebtedness.

WANT REPRESENTATION

Women Seek Positions on
Housing Commission and
Censorship.

The last meeting for the season of the Local Council of Women was held at the Sherbourne House Club yesterday afternoon, when reports of various committees were received and preliminary work done in connection with the coming meeting of the national council in Regina.

The first question taken up was that presented by Miss Grant McDougall who asked permission from the provincial vice-president to forward a questionnaire which had already been sent to the affiliated societies in Toronto, asking the opinion of the various organizations on the subject of the place of the scriptures in the school. Permission was granted.

Mrs. A. M. Huestis on behalf of the housing committee reported on the Aberdeen club the lease of which expires on Nov. 1. At present the club has 65 women tenants, some of whom had been there for nearly five years.

Owing to the desire of the promoters and management of the board of the council to keep the houses in first-class repair a good deal had been spent on papering and painting. In the first year of the war, too, a number of girls who had arranged to take apartments had not been able to carry out their intention and as a consequence, an overdraft of \$1,150 is now an indebtedness of the council. The question of re-taking a lease was discussed with the decision in the negative. A resolution thanking Mrs. Huestis and those who worked with her that the club might be sustained during the five years of its existence was moved by Miss Waddington and seconded by Mrs. Campbell Meyers.

Further Debt

The report of the treasurer and that of the entertainment committee were read showing that the council had a further indebtedness of \$24.57. The sum of \$23.50 was made by the late musical and tea. Many suggestions were made as to the means of raising funds to meet the deficit. Mrs. Laidlaw suggested the development of the council thru educational objects which would inform the public of the many things upon which the council is engaged. Miss Lee and Mrs. Hermon suggested speakers to address the affiliated societies to address the council with the view of raising more responsibility among them. It was decided to leave the matter of ways and means of raising money to the finance committee. Mrs. Huestis and Mrs. Dunnington Grubb were appointed a delegation to wait on the city council to ask that women be placed on the housing commission for Toronto.

No Place but Jail.

On behalf of the public health committee, Miss Gunn reported on the delegation from the council that had waited on the mayor and board of control regarding the Reception Hospital for the Insane. The report stated that while the mayor and board of control had been sympathetic they blamed the province for the conditions against which the delegation spoke. On the same subject the committee had been able to get no information from the parliament buildings except that nothing could be done until the return of the Hon. Mr. McPherson. The hospital, said the report, is now closed and there is no place for the reception of the insane in the city except the jail.

On behalf of the citizenship committee, Mrs. J. B. Laidlaw spoke on the moving pictures bill, which she thought should be studied in relation to the other provinces. Mrs. Jessie McIvor pointed out that there is no woman on the board of censors in Ontario, a fact regarded by some as a reflection on the intelligence of the women of the province. The question was laid over to be taken up by the citizens' committee in co-operation with the committee on laws.

Made in Canada

In the correspondence came a request from Mrs. Adam Shortt of Ottawa asking for suggestion for the "Women's Platform." This was sent on to be dealt with by Dr. Stove Gullen. Mrs. Melvor, for the committee on thrift, reported that the campaign was making progress. Miss Margaret Davidson asked if it would be possible for the vice-president to get in touch with the government on the question of the minimum wage. She also thought that the council should approach the government on the subject of food control. The request of the Neighborhood Workers' Association for the support of the council on the matter of better lighting in parks was accepted to get as was also the request of the Peterboro Council for support in their resolution that the national should discuss the question of "Made-in-Canada" goods and afterwards meet the manufacturers on the same subject.

LAWRENCE PARK ABSOLUTE AUCTION SALE FINAL STATEMENT

Prior to the Sale

THE SALE COMMENCES TO-MORROW, THURSDAY, at 2 P. M.

It will be conducted on the property under a mammoth tent, located on St. Edmunds Drive just off Yonge Street, at Stop 22. RAIN OR SHINE.

For the past three weeks we have been advertising this sale, endeavoring to bring before the public the following facts—

- That there are 500 lots that must be sold.
- That the sale is a genuine, bona fide auction sale.
- That there will positively be no by-bidding, reserve, or up-set price on any lot.
- That the property ranks foremost among the residential sub-divisions in Toronto.
- That it is a firmly established and well-built-up community.
- That a large number of beautiful homes surround some of the lots to be sold.
- That the lots are restricted, so that every owner is protected.
- That close upon one million dollars have been spent on improvements and beautifying the property.
- We have emphasized that well-located real estate is the safest investment you can possibly make.
- That more fortunes have been made out of real estate than any other form of investment.
- We have drawn attention to the contemplated transit improvements in North Toronto.
- We have pointed out that Toronto is about to experience the greatest building expansion in the history of the city.

We have drawn attention to the fact that the more building there is the more valuable vacant lots become.

We have called attention to the fact

That an absolute auction sale

Is the best way to buy property

- That at an absolute auction sale there is no schedule of prices to be obtained.
- That anyone who buys at this sale does so at his or her own price.
- That the owners only require 15% of the amount of your bid at the time of the sale.
- That you have thirty days to arrange your finances before you pay a further 10%.
- That you do not have to pay one dollar off principal for three years.
- That Victory Bonds will be accepted at their full market value.
- We have endeavored to call attention by a strenuous campaign of advertising to the above facts.
- We have had very fair response from home seekers, builders and bargain hunters who appreciate this opportunity.
- But we have not had anything like sufficient enquiries to absorb 500 lots at anything like fair prices, and that means there will not be much competition at the sale, and
- That means unheard-of bargains are bound to be secured by those who attend and buy, because the lots must be sold, and will be sold at any old price they bring.

Hundreds who do not take advantage of this absolute sale will want to buy afterwards from those who do buy. It always has been the way, always will be the way, and that means quick profits for those who buy to-morrow

Be one who did buy—not one who wished he had.

If you have not yet inspected the property and selected your lots, go to-day.

HOW TO GET THERE

Take any Yonge car to Farnham Avenue, then Local Metropolitan car to Lawrence Park

TERMS 15% at Time of Sale 10% 30 Days Later

No further payment of principal for three years. Victory Bonds accepted at their full market value.

Cash, Cheques, certified or uncertified, savings bank books or Victory Bonds will be accepted as deposit on purchase of lots.
