**PRESBYTERIANS IN INDIA.**

Foreign Committee on Missions  
Receive Satisfying Reports.

The foreign committee of the Pres-  
byterian Church in Canada met in  
semi-annual convention Wednesday and  
yesterday.

The reports read from the mission-  
ary council and the ladies' council  
showed most gratifying progress in  
India.

Rev. G. McKay is under appoint-  
ment to industrial work in India, his  
support being guaranteed by Mr. and  
Mrs. Hamilton of Taber, Alberta. St.  
Andrews Church, Winnipeg, has un-  
dertaken the support of Rev. D. S.  
Smith of India. There is urgent need  
of six additional lady missionaries.

A deputation from the Women's  
Foreign Mission Board waited upon  
the committee. The reports from  
Honan, China, indicated progress over  
the three districts into which the ter-  
ritory is divided. During the year  
more than 400 catechumens were en-  
rolled.

The estimates for the year 1907 were  
adopted, and show an increase over  
the past year of fully 10 per cent.

The time yesterday was taken up with  
a discussion of the state of the work in  
Formosa and China. Contributions to  
the amount of \$3000 were last year made  
to this fund by the Chinese resident in  
Canada. The appointment of Dr. W. J.  
Scott, son of Rev. Dr. Scott, of Mont-  
real, editor of The Presbyterian Record,  
was confirmed.

A deputation from the W.F.M. So-  
ciety waited upon the committee during  
the meeting on matters respecting the  
Indian work in the Northwest.

**R. E. CHURCH GROWING.**

Annual Meeting of the Denomina-  
tion Opened Yesterday.

The annual meeting of the Canadian  
Synod of the Reformed Episcopal Church  
opened Wednesday morning in Christ  
Church, College-street. The meeting is un-  
der the chairmanship of Bishop Samuel  
Fallows, D.D., LL.D., of Chicago, with  
Rev. A. B. Hubby of Montreal as secretary.

Among those present are Rev. Arthur  
R. Cousins, Ottawa; Rev. George Orman,  
Rev. William Brewster of Toronto, and Rev.  
A. M. Hubby of Belleville. Among the lay  
members are: W. Smyth, Montreal; Geo.  
Coles, Barrie, and Alex. Hall, Dr. G. E.  
Hill and Samuel Starnes.

The treasurer's report showed healthy  
finances, and the report of the state of  
the church was encouraging. The Cana-  
dian branch is forging ahead.

The service held last evening was pub-  
lic. Bishop Fallows, Rev. A. R. Cousins of  
Ottawa, Rev. Mr. Hubby of Belleville, Rev.  
Dr. Whittam of Barrie and Rev. Geo. Or-  
man of this city spoke. The sentiment went  
to show that church reform is making  
headway, both in the States and Canada.

Yesterday was largely taken up by  
a discussion of several changes and revisions  
in the constitution of the synod. Several  
were outlined to be ratified at the  
next synod meeting.

The finances of the synod were also  
dealt with. Contributions from the  
various congregations were considerably  
in advance of last year, giving a high-  
ly pleasing aspect to the pecuniary end  
of the synod.

A grant was given to the new parish  
of the church of St. Alvin and aid the  
young congregation in erecting a church  
and in other necessary matters. Greet-  
ings were received and read from  
Bishop Eldridge, the head of the church  
in England. With several customary  
votes of thanks the synod was adjourn-  
ed to meet again next year at the same  
time.

**CHATHAM BARBER RAIDED**

GAMBLING CHARGES ARE LAID

Chatham, Sept. 6.—Nine bottles of  
choice liquor, five packs of cards and  
a gaming table were captured in a  
raid made at a room over the King-  
street barber shop of Tom Smith at  
10:30 this morning.

Smith is charged with keeping a  
common gambling house, and probably  
selling liquor without a license, and  
seven well known men of the city are  
being summoned as frequenters of the  
place.

They were seen in the place by  
Officer Groves Sunday night, when he  
got within a few feet of the gam-  
blers.

**RAIL FOR TWO PRISONERS**

Judge Anglin yesterday granted bail  
for Newton and Cora Stonehouse of  
St. Thomas, charged with attempt-  
ed murder of the child of Cora Stone-  
house on Aug. 22. Their own bond of  
\$1000 each, and two sureties of \$250  
for each of the prisoners was ac-  
cepted. Acting Deputy Attorney-Gen-  
eral Dymond appeared for the crown,  
and A. M. Grant for the prisoners.

**VALUABLE SILVER NUGGET.**

The finding of another immense nug-  
get at the Nipissing mines was re-  
ported yesterday. This valuable find  
was taken out of the new vein re-  
cently uncovered by the hydraulic  
operations. The nugget weighed be-  
tween 3000 and 4000 pounds, is al-  
most pure silver, and is valued at over  
\$25,000. The stock of the company  
was active at New York, where it  
touched 9-8 and closed 9-1-8 to 9-1-4.

**UNITED STATES KNOWS NOW  
THAT CANADA IS SOMEBODY.**

No Necessity for Our Young Men  
to Cross the Border to  
Make a Career.

There was nothing, especially star-  
spangly about the directors' luncheon  
yesterday at the exhibition, except the  
letter of regret from the American con-  
sul that he was too busy to leave his  
office for the occasion. Because—in  
honor of the day—a Stars and Stripes  
replaced the Union Jack over the ad-  
ministration building, there was some  
protest expressed to Manager Orr, but  
the flag remained. Toasts were drunk  
after the royal health had been honor-  
ed to the president of the United  
States and to W. K. McNaught, M.L.A.,  
"the honorary but active president of  
the association," whose 62nd birthday it  
was.

Chairman W. K. George spoke of the  
good terms existing between the two  
great American nations.

Prof. Carlyle had the peculiar pos-  
ition of having one foot in Canada and  
one in the States. He had felt this espe-  
cially when in England recently and  
was recognized as from across the  
ocean. They thought he must be a  
Canadian, as Canada was the only part  
of America that was of any import-  
ance. (Laughter.) Of the many great  
exhibitions he had seen in Europe and  
America there was none which com-  
pared with the Toronto Fair in its width  
and scope.

Another ex-Canadian, A. R. Minard,  
secretary of the Boston Canadian Club,  
and vice-president of the League of  
Canadian Clubs, said he tried to evade  
the question when asked which nation  
he belonged to. He had found a hos-  
pitable home in the States, as all did  
who sought advancement under the  
Stars and Stripes. When Canadians  
were considering the problems of their  
country they should so try to arrange  
it that every boy and girl could remain  
in his own land. They were just be-  
ginning to realize in the States the pro-  
gress that Canada was making. The  
day was past when Americans expect-  
ed to see their flag waving all over the  
continent.

Hon. A. B. Morine shared the intense-  
ly Canadian feeling which had pervad-  
ed the Dominion for some years, and  
which centred in Toronto. The exhibi-  
tion and those who organized it were  
particularly foremost in fostering that  
spirit. He had lived for twenty-three  
years in a little colony which had re-  
fused to join Canada, but he hoped  
that before long Newfoundland would  
come in and help to swell the Do-  
minion.

G. C. Creelman pointed out that some  
years ago it had been necessary for  
young men to go to the States, and he  
wished to express his gratitude for the  
great kindness with which they had  
been received. Now that Canada had  
forged ahead they were nothing but the  
States of their few years' experience in  
the States. No part of the population  
was enjoying the general prosperity  
more than the farmers of Ontario, who  
had last year increased their output by  
\$200,000,000. He recommended the  
fostering of canning and other indus-  
tries in the rural towns, so that the profits  
would be retained in the home dis-  
tricts.

Among other guests present were: A.  
B. Clabon, Vancouver; I. Simpson,  
Edmonton; J. A. Greer, London; A.  
B. Greer, London; R. McLaughlin,  
Oshawa; G. H. Chapman; Prof. Curtis,

to have been secured from him by  
false representation and fraud in the  
sale of shares.

of a wall.

Work of Incendiaries.

The Stanley Park gang are blamed  
for having set fire to a stable in rear  
of 72 West King-street early yester-  
day. About \$25 damage was done. Three  
horses were in the barn.

**Marking a New Era in  
Semi-ready  
Tailoring**

1898—1906

**Opening on Saturday**

**2 "SEMI-READY" 2  
WARDROBES  
IN CITY OF TORONTO.**

**At 81 Yonge Street  
and 472 Queen Street West**

We conceived the "Semi-ready" tailoring idea in  
1896—and it was ready for perfect presentation to the  
public in 1898.

We knew that gentlemen would appreciate buying  
good clothes at the finished-to-order stage.

With the seams left with outlets and sufficient selvage  
for altering each physique type to fit any variation of  
figure we accomplished the finished-to-order garment  
which was promptly christened "Semi-ready."

We presented to a gentleman a suit of good clothes  
which he could try on and forejudge style, color, effect and  
suitability—and we could guarantee the fit and finish the  
suit in two hours after it had been tried on.

Years of experience have perfected our  
original idea. To-day the Semi-ready Wardrobe  
in each city stands as the centre of correct fashion  
and good form in men's dress.

We recognized the prejudice which we would  
have to overcome—for we were custom tailors  
ourselves—and we knew the conservative leanings  
of manhood in matters of dress.

But we tailor suits better than a custom tailor  
can, and we use the finest fabrics from the best  
worsted and tweed mills. Merit will win.

In 1898 we had two selling agencies in Canada.  
To-day we have sixty-five.

And competition is keen to-day. There is hardly a  
ready-made clothing maker who does not saw white  
basting stitches all over his suits and make a pretense of  
imitating the initiative.

The goodness of "Semi-ready" is known by the  
pretenders who seek a place beside its throne.

Even the Custom Tailor of to-day emphasizes "Semi-  
ready" when he argues that he can make suits "just as  
good" for the same money. But he can't.

We invite you to see the new store. We want you to  
see the suits in which we take so much pride. Come on  
the Opening Day.

We will consider you our visitor. You will never be importuned to buy or cajoled in a  
Semi-ready Wardrobe—for "Semi-ready" appeals to gentlemen.

**Semi-ready Physique Types.**

This is Type F, Normal, and is one of the 425  
physique types and sizes represented in a single com-  
plete line of one style of Semi-ready tailored garments.

Dividing the many variations of men's physical  
build into seven distinct types the Semi-ready system of  
tailoring further sub-divides these into five variations  
of each type—and then fifteen different sizes are made  
of each variation of the seven distinct types.

In the book just published entitled "Manners and  
Modes for Men," a more complete exemplification of  
the idea is given.

A copy of this book may be had for the asking at  
either of the Semi-ready Wardrobes.

Mr. Ed. Mack respectfully invites his many friends  
and acquaintances to personally visit the new stores  
and to study for themselves the system which has sup-  
planted the custom-tailoring methods which he has  
discarded for the better Semi-ready tailoring.
