

SCROFULA, SYPHILIS AND MERCURY.

Closely resembling the SCROFULOUS taint is that of SYPHILIS and MERCURY. These destructive agents, unless eradicated, will fatten themselves on the tissues, and in the very bones of the system.

This last fact is now undisputed, as chemists have demonstrated that deposits of this mineral Mercury are found in the bones of persons who have died after having been subjected to COURSES of Mercury; and we assert that the mischief of this agent, so popular with many physicians, is beyond all calculation. THOUSANDS have had their systems ruined by its use, and now that it is beginning to be found out, what we have ever asserted, that mercury will not cure a system affected with Syphilis or *private disease*, the thought becomes appalling. We say to you, whose systems have become broken down by either Scrofula or Syphilis, never allow yourself to take Mercury or Calomel. To the poison that is lurking in your system it adds another as bad, if not worse, than that it attempts to cure. Witness the broken-down miner for quicksilver: Sores, Rheumatic Pains, Brain and Liver troubles beset him the balance of the poor life he drags out. Would you inoculate him with Syphilis to cure his mercurial disease? The doctrine that you must give one poison to eradicate the other is fallacious, and, if space allowed, we could show you proofs upon proofs to establish the correctness of our views.

See "False and True."

You must resist the ravages of the disease—the dissolution of the tissues—the decay of the system, by such medicines as RADWAY'S SARSAPARILLIAN. You can do this only by enriching the blood, building up the system, SUPPORTING it whilst the healing powers of nature are doing the good work. There is no Corrosive Sublimate or Mercurials in this great remedy of Nature.

Radway's Sarsaparillian is a Tonic and an Alterative.

SCROFULA CURED.

ST. HYACINTHE, P. Q., CANADA, August 19, 1881.

DOCTOR: As last fall I completely and marvelously cured a victim of Scrofula in its last stage, by following your advice given in your little treatises on that disease, I would feel much obliged if you would forward me your treatises on Irritable Urethra and Self-abuse (illus.), for which I inclose stamps. I need it absolutely at once, as the poor victim of ignorance is hurrying fast to his grave.

In haste, your confidant,

RANDOLPH MCINTYRE, M. D.

See "Radway on Scrofula" and Almanac of 1879 and 1881 for other extraordinary cures of Scrofula.

Voice from Libera, Africa.

I have for several years used Dr. Radway's excellent Remedies in my family, and find them deserving of all that might be said of them. The Relier, Resolvent and Regulators comprise the list which stands the test of our climate so admirably well. I always keep a supply of these medicines on hand and never think my family safe without them. Notwithstanding many other medicines are introduced and sold here, there are none to compare with Dr. Radway's when faithfully used according to directions. In such a case, cures are sure to follow.

DAN'L J. DENNIS,
Comptroller, Treasury Department,
LIBERIAN GOVERNMENT.

MONROVIA, LIBERIA, AFRICA, July 1, 1880.

In dropsical patients, ulcers are hard to cure.

Radway's Regulating Pills cool and refresh.

Voluntary tears in disce's, favorable; involuntary, alarming.
