NINETEENTH YEAR

## AT IT HAMMER AND TONGS YET

British Columbia Political Atmosphere Still at Torrid Heat—Joe Martin Said to Have Got a Sufficient Following to Form a Cabinet.

Vancouver, B. C., Aug. 18.—(Special.)—Papers supporting the late British Columbia Government continue to ensure the act of Lieut. Governor McInnes, in calling on Mr. Semlin to form a Government, when the Turner Government had a majority. The Westminster Sun personally abuses Mr. McInnes, stating that, outside of some exterior polish, he "has not the dignity of a British Columbia Indian, and knows no more about constitutional government than a tom-cat."

The World, the Turner paper, says the first step of the Opposition Government is to increase the Cabinet from five to six—extraneous at the outset. The paper goes on to say that the Opposition members are frantic in their endeavor to secure office of a fat billet. The next port of call will go to Ralph Smith of Nanaimo and Mr. Martin of Kootenay. The Cabinet will be completed this week, with a Liberal majority, owing to the efforts of Joe Martin. Mr. Cotton was the only staunch Tory tolerated. An Opposition convention to settle on a leader is advertised for the 26th. This means, according to several delegates, that Joe Martin will become Premier and Mr. Semlin will retire.

The Province publishes a report that the anti-millionaire James Dunsmyth, and his son-in-law, Mr. Bryden, supporters of Mr. Turner, are resigning. The Province says, if this thing keeps up, there will soon be no Turner party left.

Owing to the loose laws of British Columbia, 32 election protests filed will fall through. The Supreme Court has no power to try election cases and an unrepaid law says guaranteed costs must be deposited in

## WHO WILL BE THE NEXT POPE?

That is the Question That Runs from Mouth to Mouth in Rome—Will He Be an Italian or a Foreigner?—Cardinal Rampolla the Most Likely Candidate.

New York, Aug. 18.—The Journal has a special cable from Rome to the following effect: "Despite the Vatican's assertion that the illness of the Pope is only of a transitory nature, the fact remains that his death is momentarily expected, and all Rome is discussing his successor."

"Who will be the next Pope?" This is the question that runs from mouth to mouth. Then, again, "Will the next Pope be an Italian or a foreigner?" In the Sacred College the native and foreign Cardinals are about equal in numbers.

However, it is the general opinion that the successor of Leo XIII. will be an Italian. It is considered that a Pope of this nationality can revivify better than a stranger the rights of the church as opposed to the state.

It must never be forgotten that in the election of the next Pope, and in many elections to come, the principal motive guiding the Sacred College will be the Roman question. The Italian Liberals, who always hope for conciliation between the church and state, advocate the election of a foreign Pope, as a means to their end; but those who know well the members of the Sacred College assert that many of the foreign Cardinals would be much more uncompromising than any of the staunchest Italian extremists.

Rampolla's Strength Grows. Excluding the possibility of a foreign Pope, the struggle will be confined to Cardinal Rampolla, who will be the highest expression of a political Pope, and to a non-political religious candidate. As to the latter, the most spoken of candidates are Cardinals Angele de Pietro and Gerolamo Maria Gotti.

The former is the son of a shepherd of Euverson, Rome, and is already called the "Holy Man." He is just 70 years old and was educated for the priesthood by the bishop of his diocese.

Cardinal Gotti is 64 years of age. He was born in Genoa. He has the advantage of corresponding to a prediction of the prophet Malachi, who left a book containing a motto for each future Pope, which they say has never failed.

Leo XIII., who has a special affection for him, has often called him "My successor." Cardinal Rampolla has been a member of the State for ten years. He is generally considered by outsiders to be the strongest candidate.

Cardinal Rampolla at Washington will be made a Cardinal.

Cardinal Rampolla is the most likely candidate to succeed Pope Leo XIII. The Vatican denies the appropriateness of such discussion, but the condition of the Pope is sufficiently serious to cause the question to be mooted.

MR. WIMAN AT THE CAPITAL. He Says the Americans Show a Keen and Widespread Interest in Canada.

London, Aug. 18.—Mr. Wiman, the Russian Ambassador to Great Britain, according to a special despatch from St. Petersburg, will soon retire from London and be succeeded by Count Cassini, Russian Ambassador to the United States.

What Washington Has to Say. Washington, Aug. 18.—The report from London that Count Cassini, Russian Ambassador here, will shortly be transferred to London, excited much interest in diplomatic quarters, as it was felt to have an important bearing on the Chinese question, which has recently reached a serious stage between Russia and Great Britain. Count Cassini is probably the best posted public man of Russia concerning Chinese affairs, as he was for five years Russian Ambassador at Peking prior to coming to Washington. It was during his service at Peking that Russia executed the coup of gaining Port Arthur and part of the Liaotung Peninsula. The recent clash between Russia and Great Britain grew out of some of the British concessions made while Count Cassini was at Peking. His transfer to London will, therefore, give his Government the advantage of having the negotiations with Great Britain conducted by a diplomat thoroughly conversant with the condition of Chinese affairs.

WHERE IS LOUIS REICH? His Family and Friends Are Anxious—Last Seen in Kingston—Once Had Sunstroke.

Louis Reich is missing. Patiently his wife, his three children and his many friends have waited for his return, but now that two weeks have passed by and his whereabouts are still unknown, they can no longer keep silent, so ask the public to aid in locating him. The home of the Reich family is at 121 Bather-street, up Hill a year ago. Reich had steady employment with A. S. North, but since that time he has been working but infrequently, and to find work he left for Kingston on Saturday, Aug. 6. He was seen there by a friend on the following Monday, and stated that he was coming back to Toronto that day, as his mission had been unsuccessful. But he did not come home, and where he did go or what has become of him is yet to be told.

The absent man is a German, about 32 years of age, tall, thin and wears a light mustache. He is described by his friends as "a neatly dressed mechanic, about 24." For 13 years he has been an active member of the Liederkreis Club, prominent in the athletic department. His disappearance has cast a gloom over his otherwise jovial German rendezvous, and little else is talked of.

St. Clement's Club Excursion. The members of the above club are holding their first annual outing on Saturday, Aug. 20, to Whitby, Oshawa and Bowmanville by the palace steamer Garden City. An enjoyable time is promised those who attend this outing. The members of the Glee Club, with other prominent artists, have arranged a fine musical program, to be rendered on board the steamer. A first-class orchestra will also be in attendance. Tickets can be had from any member of the club for 50c. Boat leaves Geddes' wharf at 2 p.m. sharp.

A Little Chap Run Over. Little Arthur G. Parker, living at 93 Power-street, had the misfortune yesterday morning to be run over by an express wagon on College-street. He sustained a severe fracture of his leg besides other slight injuries. The ambulance removed him to the Hospital for Sick Children.

Russia Intriguing Again. London, Aug. 18.—The Daily Mail's Indian correspondent says he heard on indisputable authority that Russia had opened pour parlers with Spain for the cessation of a cooling station in the Philippines.

The representative in this city of two leading New York papers and of the principal St. Louis and Washington papers has received instructions to report fully the proceedings at the Industrial Fair each day. A syndicate of British newspapers has also asked for space on the paper.

Business will be good this fall. An advertisement in a daily bears fruit quickly—without any delay. Everybody who has money to buy things reads a daily paper. You can get a wide and quick circulation in a daily paper for less than in any other medium. The Toronto World is this kind of a daily paper, and advertisers find that it pays to use its columns.

## ALL FOUR COMMITTED FOR TRIAL

The Napanee Prisoners Sent Up By Magistrate Daly—Ponton May be Released on Bail If He Will Accept It.

Napanee, Ont., Aug. 18.—(Special.)—Magistrate Daly in the strict interpretation of the law considered it his duty to hold the four prisoners in the bank robbery case for trial. Mr. Porter waded eloquent in Ponton's defence, and Magistrate Daly agreed to accept bail in his case. Many people had come to Napanee to-day to hear the closing arguments and participate in an ovation to Ponton in the event of his being released, but they had to go home disappointed. Detective Greer of Toronto arrived here this morning, but on what matter of business is a query.

Whether Ponton will accept bail or not is a question. Sheriff George Hawley says Ponton has shown himself to be an exemplary prisoner, being amenable to discipline and conforming strictly to prison rules and regulations. Ponton's meals are being regularly supplied him from a private source, as also the other prisoners. Where the "needful" comes from is a question.

A prominent legal luminary of Napanee says that the most utterly untrue and ridiculous statement made was that he came back to return Ponton \$5000, which he had buried.

KLONDIKE LIGHTS AND SHADOWS. Strike at Lake Tachik Not Up to Expectation, Yet the Stampedede Continues.

Seattle, Wash., Aug. 18.—Three small steamers have arrived here from Alaska with 100 passengers with their stories of the lights and shadows of the Alaska gold prospector's life. About one-third of them only were included in the list of fortunate ones. Their combined sacks of gold dust are estimated at \$100,000.

Arrival of the Rival. Port Townsend, Wash., Aug. 18.—The steam schooner Rival arrived here yesterday 14 days from St. Michael's with 100 passengers from Dawson City. There were a few miners aboard who had gold estimated at \$100,000.

DIED IN HIS GARDEN. Mark Steel of This City Died Suddenly Yesterday of Apoplexy—An Old Resident.

Mark Steel died suddenly from apoplexy yesterday morning at his home, 57 Collier-street. After partaking of a hearty breakfast he went out into the yard and, as he did not return, his daughter-in-law, Mrs. Steel, went out to find him. He was found lying in an unconscious condition, and before medical assistance could be secured he was dead. The deceased was an elderly gentleman and had lived in Toronto for some time. His remains will be taken to Ancona, his former home, for interment to-day.

Federations and Co. patent solutions. The Fair-Time Exhibits at Dineen's. The passing glance at a matchless exhibit in the Fair grounds falls short of the purpose of the exhibit to impress visitors with the superiority of his styles, his taste and his workmanship. These details deserve critical inspection, and that is why Dineen's will present their special exhibits of fashionable furwear and hatware, amidst the simultaneous conveniences of their elegant new store in their new building at 140 Yonge-street, corner Temperance. The Fair week show of fine hat and fur styles at Dineen's will surpass anything of the kind ever attempted in Toronto, and room is now being made for the new exhibits with the clearance of all summer hats—stylish straws and soft white felts at remarkably low prices.

Police After Cyclists. There was an exciting time on Adelaide-street last evening, when Mounted Constable Lydiate attempted to capture three bicyclists who were racing along the street. The officer, after a hot run across Yonge-street, succeeded in capturing C. W. Conner, 236 Brunswick-avenue, and Mark Derrick, the Adelaide-street blacksmith. Both men will be summoned to the Police Court.

## UNCLE SAM IN THE FAR EAST

The Situation is Attracting a Good Deal of Attention in France.

Value of the Philippines Will Be Quadrupled and Manila Will Become a Rival of Hong Kong—Admiral Dewey Launched by the Cramps—Spain's Peace Commissioners.

Paris, Aug. 18.—America's position in the far East is attracting great attention. The Scielis says: "The Americans will quadruple the value of the Philippines and Manila will become the rival of Hong Kong. The United States will have a preponderating situation in Chinese waters. There is no market they desire more eagerly than the Chinese, and, though they have been forestalled by other powers, they will assuredly overtake their rivals by the rapidity of their progress in that region, and in the coming break-up of the Chinese Empire the United States will not be content with the worst fortunes for their heritage."

The Temps, while congratulating France upon the role of peace-maker, recognizes the fact that it is not always a good thing to put a finger between the hammer and the anvil. The Temps says: "The United States will not bear a word of intervention, and France has no interests in compromising herself gratuitously with a country evidently destined for a more active part in great international affairs. It would be useless to count overmuch on such gratitude. Therefore, the French watchword should be 'Messieurs point de zele.'"

Admiral Dewey Launched. Philadelphia, Aug. 18.—The Admiral Dewey, the first of the four steamers being built by the Cramps for the American Mail Steamship Company was launched to-day at the Cramps' shipyard, under the supervision of the engineer of the Cramp Company, christened the vessel.

The Peace Commissioners. London, Aug. 18.—The Madrid correspondent of The Daily News says that General Blanco, Castellanes and Leon, and Admiral Manterola have been appointed commissioners for Cuba, and Gen. Macias and Ortega and Admiral Vallarino for Porto Rico. It is probable, the correspondent says, that Senor Leon y Castillo, the Spanish Ambassador to France, will preside at the sessions of the Paris Committee. Senor Moret's candidature is made impossible by the hostile attitude of the press.

The Terms of Capitulation. London, Aug. 19.—The Hong Kong correspondent of The Daily Mail says: "The terms of the capitulation of Manila, as agreed upon Saturday between Gen. Jaudenes and Gen. Merritt, include the cessation of the Philippine archipelago to the United States."

FOR HIS SOUL'S REPOSE. A Special Solemn Mass Sung Yesterday Morning by the Lady of Lourdes.

A large and impressive congregation assembled at the Church of Our Lady of Lourdes yesterday morning, when a special solemn requiem high mass was sung for the repose of the soul of the late Archbishop Walsh. Rev. Father Walsh, nephew of the deceased, was the celebrant. He was assisted by Fathers Dollard, Finigan and McEntee. The choir was under the management of Father Murray and the soloists were Messrs. Wickert and A. Cottam.

A solemn requiem high mass will be held at the Cathedral on Aug. 31, after which the appointment of a successor will be considered.

Star Pointer's Great Feat. Joliet, Ill., Aug. 18.—At Ingell's Park to-day Star Pointer paced a mile with running time in 1:09 1/2. The back stretch undoubtedly prevented the big bay from lowering his time. He was carried 1:09 1/2. Time by quarters: 30, 1:00, 1:28 1/2, mile 1:09 1/2.

## CASSINI SUCCEEDS DE STAEL

His Presence in London Will, It is Thought, Prove a Great Advantage to Russia.

White Bear Steak Advancing—Development Continues on Virginia—State Crises Active.

Rossland Affairs. White Bear is advancing, and the stock is in demand owing to the good showing. Development on Virginia continues, and there is a good deal of ore on the dump. An early and sharp advance in the stock is to be looked for.

Monte Cristo, which has been quiescent for a while, again shows signs of activity. There is nothing new in Le Roi affairs, but development continues. A. R. M.

What Washington Has to Say. ## MASSACRED 500 NATIVES

Spaniards in the Philippines Accused of Great Cruelty—Heavy Fighting.

London, Aug. 18.—The Singapore correspondent of The Daily Mail says: "The native rebellion in the Philippines has extended to the hemp provinces, in South Luzon. Heavy fighting occurred at Taglituan, Pilar and Pansol, the immediate cause being outrages committed by the Spaniards at Paglatuan. The Spaniards also burned Pilar and massacred 500 natives. The insurgents are concentrating at Albay with the object of cutting off the retreat of the numerous Spaniards in the Camarines Province."

A German cruiser has been carrying despatches from the Captain-General of the Ilayas Island to the district between Cebu and Iligan, and the Spanish military depot in Mindanao. The steamer Rosario, flying the German flag, has also been transporting troops thence to Iloilo. After the island of Masbate had been taken by the insurgents, the latter indignantly refused to allow the German steamer Clara to enter any ports under their control."

Vesuvius Belching Fourth Fire. Naples, Aug. 18.—Vesuvius is again in a state of active eruption. Four streams of lava are flowing down the mountain side at the rate of 400 yards an hour. The chestnut trees on Mount Somma have been burned. Constant explosions are heard in the central crater, which is vomiting ashes and fumes.

Spanish Troops Sent Away. Santiago de Cuba, Aug. 18.—(4.30 p.m.)—Four thousand Spanish troops have already been shipped and the transports Villa Donago and Estrada De Panal will leave to-morrow with 3000 more. Gen. Toral says more transports will be needed than have been provided. The 6000 Spanish at Guantanamo Bay cannot leave before the last of the month. Sickness is increasing among them.

Sir Wm. Augustus Fraser Dead. London, Aug. 17.—Sir William Augustus Fraser, Bart., the author, and one of the Queen's body guards for Scotland, is dead. Winnipeg, Aug. 18.—Hon. S. C. Wood of Toronto, President of the Freehold Loan Company, has just returned from a trip through Manitoba, and says that, with one exception, he found the crops through the sections tributary to Portage in Prairie, Calgary, Neepawa and Rapid City, in first-class condition. Guelph Lady's Death. Guelph, Aug. 18.—Mrs. John Robertson, who had lived here with her husband for 30 years, died this morning. Deceased was born in Gaspe, in the Province of Quebec, and had been in ill health for a long time. She was of a retiring disposition and much esteemed. The family consist of Miss Annie G. Neile, George and Walter, in Toronto, and Ethel, Letitia and Norman at home.

Five Boys Killed by Lightning. Independence, Iowa, Aug. 18.—The barn of Peter Foy, ten miles north of here, was struck by lightning last night. Five boys, the oldest being 16, who were sleeping there, were burned to death.

## SUGAR REFINERY SHUT DOWN

And 350 Men Are Temporarily Out of Employment.

The Demand for Sweetness Has Fallen Below Expectation, and a Large Supply Has Accumulated in the Warehouse—Other Notes From Montreal.

Montreal, Aug. 18.—(Special.)—The works of the St. Lawrence Sugar Refining Company, at Malcomberre, have been shut down and will remain closed for three or four weeks. About 350 men are temporarily thrown out of employment.

The reason for the closing of the refinery is that the demand for sugars this summer has fallen below the expectation, and a larger supply of the refined article has accumulated than the warehouses can conveniently accommodate.

The officials of the company state that the decline in demand from the wholesale dealers seems to have been mostly for a hand to mouth trade, and instead of the wholesalers warehousing the sugar the bulk of the stock has been carried by the refiners. It is expected that with the increased demand for sugars which accompanies the preserving season, the stocks now on hand will be considerably depleted, and the St. Lawrence Company will start up again as soon as their warehouses begin to empty.

The Canada Sugar Refining Company have not closed their works, but they complain of a similar disappointing demand for sugar from the trade. Their warehousing facilities are, however, large and they do not contemplate shutting down, unless conditions should become worse than they are at present.

Summer Residence Broken Into. Hon. Horace Archambault, Attorney-General has a summer residence at Dorion, but for about a month past, since Mrs. Archambault broke her leg, at The Pistoles, it has not been occupied. On visiting the house this morning, Mr. Archambault was very much surprised to find that it had been broken into, and that two deliberate attempts had been made to set it on fire. Strange to say nothing had been stolen.

Those Counterfeiting Plates. Were Found in the Outskirts of Toronto Buried Under a Tree.

Detroit, Mich., Aug. 18.—The Window plates have now become the issue in the Johnson case. To find them the authorities will make another thorough and systematic search. When Edward Henry Johnson, father of those under arrest, was caught in Toronto in 1880, he disclosed the hiding place of his plates. They were buried under a big tree in a wood on the outskirts of the town. The Canadian officials dug them up, and found them carefully wrapped in oilcloth and sealed with beeswax.
