TWELVE RAILROADERS DEAD

Overdue Train Runs Down Gang of
Navvies Near Jersey City.

SIX OTHERS WERE INJURED.

Thick Fog Makes It Impossible to
See Oncoming Train-Body of
Man on Watch Hurled Ninety
Feet Through the Air - Narrow
Escape of the Other Men.

New York, Nov. 18.—It is now definitely known that twelve men were killed and six injured by being struck by an east-bound Pennsylvania Railroad train at the Hackensack Iron bridge just outside of Jersey this morning. The men were hit by the train during a thick fog. Two bodies have been brought here. They are either Poles or Italians. Their names are not yet known. Some of the injured have also arrived, and have been taken to the different hospitals. Frank Wagon is in St. Francis Hospital badly hurt about the side. Frank Schwabach died in the same hospital at 12 this afternoon. His back being broken. The fog had not lifted and the body of one of the men who was killed. He was hurled to one side and was badly injured.

Train Was Behind Time.
The train which ran down the gang of workmen was a local from Milltown to Jersey City. It was due in Jersey City at 8:20 a. m. The fog this morning delayed the train and Engineer John Van Ostrand was endeavoring to make up time. He was running at a high rate of speed. He did not suppose that men were at work in the fog, and thought nothing would obstruct a quick run to Jersey City. The first he knew that his train had run into the men was when the engine jarred. He heard the crash and saw the bodies of the victims. The fog had not lifted and the searchers had to feel their way.

Not One Escaped Injury.
A train had passed on the westbound track a few minutes before the eastbound train ran the men down. The smoke from the engine of the westbound train went over the eastbound track. The noise of the westbound train prevented the workmen on the eastbound track from hearing the approach of the eastbound train. They were aware that the train was near them until they had been run down. Altogether there were twenty men in the gang, and it is reported that not one escaped injury. They were in charge of Foreman William Cork of Jersey City.

The Gang Killed.
The dead men all lived in Jersey City. Three of the men killed were Irish, and the other victims were either Poles or Italians. Dougherty, the man supposed to be on guard to look out for approaching trains, was a considerable distance up the track from the gang of laborers, and he evidently did not see the train for he gave no warning. His body was hurled ninety feet through the air. The unknown man who was killed had only been put to work this morning. He took the place of one of the men who had not reported for work. The foreman escaped unhurt, and he did not know the name of the new haul. Those who were injured escaped because they were close to it.

An Able Lecturer.
J. W. Martin, B. Sc., who will deliver an address on the "Municipalization of Municipalities" at the public meeting to be held in the Pavilion next Saturday night, has delivered several lectures in Ottawa this week and speaks five nights next week in Kingston, at which meetings the chair will be taken by Senator Sullivan, Mayor Livingston, Mr. McIntyre, J. C. and others. Mayor Wilson of London has also called a public meeting to hear Mr. Martin, and address will be given by the Mayor, Mr. Thomas, Brantford, Hamilton, St. Catharines and other places. He is a leading member of the Fabian Society of Socialists, and has taken a great interest in London, England, County Council politics and has been elected as a labor and progressive candidate a few years ago. He said he is a graduate of London University, and is now a lecturer in the People's Palace there. He will also speak on "Practical Socialism in the London County Council" while here.

The U.C. Old Boys' Association held a meeting yesterday and decided to hold a banquet at an early date.

WILL SEE THE GOVERNMENT

In Order to Get Power to Pass a
Certain Brawl-Friday's
County Council.

The Council yesterday decided to petition the Legislature to give counties the power to pass a bylaw defining who shall have the power to make commitments to Industrial Homes.

Considerable discussion ensued upon the fact that a contract for a steel bridge on Dundas-street at Summerville had been let to the King Bridge Company of Cleveland, and the company had not lived up to its agreement. The same company was also awarded a contract for a bridge at Sutton. The Council decided to compel the company to pay a forfeit. Commissioners Hall and Reesor came in for criticism for giving the contract to Americans, and whilst arguing that the work was done cheaper and better than Canadian companies would do it, hot shot was fired at them by Councillors Bull and Pugsley.

The special committee appointed to report on the case of the North Toronto from the county were empowered to determine the amount payable to the town for expenses of administration of justice, election and repair of registry office, etc.

On motion of Councillors Woodcock and Gibson, it was considered advisable to ask the Legislature to extend the jurisdiction of Police Magistrate Ellis to the Township of York, village of East Toronto, and that part of Scarborough Township lying east of lot 22 and south of concession 2. The appointment to be without salary and for such a period as the Lieut.-Governor-in-Council may deem advisable.

GAS HIT ALL THE BOARDERS.
Inmates of Mrs. Taylor's Boarding House Nearly Killed by Escaped Coal Gas—Still Sick.

Toronto Junction, Nov. 18.—(Special.)—The inmates of Mrs. Taylor's boarding house at 29 Mary-street are for the most part feeling ill today, and some of them narrowly escaped being asphyxiated during the night. The furnace door had been left open before retiring, and the trap let down, so that the coal gas went all through the house. When Mrs. Taylor arose this morning she was overcome with the gas, and fell at the top of the stairs. She has been confined to her room most of the day, so have Annie McLeod and Willie Taylor, who were among the worst of the victims. Others who have felt the ill-effects of the gas are: William Oats, William Clay, Frederick Deell, Theresa Taylor, William Hines and W. Reynolds. Most of them, however, were able to go about their usual avocations, to-day feeling very much depressed with severe headaches.

INCREASE IN OUR REVENUE.

Latest Figures Show a Remarkable
Growth Over Corresponding
Periods of Last Year.

Ottawa, Nov. 18.—The Inland Revenue returns for the month of October were \$880,000, or \$225,000 in excess of the amount collected for the corresponding month last year. The revenue for the four months shows an increase of \$1,130,000 over the corresponding four months in 1897-98. The increase in the fiscal year would amount to nearly three and a half millions at the present rate of revenue, but the authorities are not so sanguine as to expect this.

The vast increase in the production of Canadian tobacco, which has been fostered by the import duty of 100 per cent on raw leaf, threatens to cause a falling off in the duties on tobacco. In 1896-97 the Canadian tobacco passed through the factories was 300,000 pounds. Last year it showed a great increase, and it is probable that this year the amount will be immensely larger. Should any considerable portion of the Canadian grown tobacco be converted into cigars, it will become subject to a duty of 45 per cent, and so become a source of revenue. At the same time, it may displace revenue from other sources.
