

ESTABLISHED 1854

JOHN CATTO & SON

STORE CLOSING DAILY (except Saturdays) AT 5.30 P.M. SATURDAYS DURING THE SUMMER MONTHS AT 1 P.M.

Tourists' Goods

In travelling nothing is more appreciated than a good warm rug. For many years we have enjoyed a high reputation for goods of this class.

We have a special line of Scottish Tartan Travelling Rugs, which are in demand as they do the ancient Scottish Garb Design.

Shetland Shawls

In black or white in the Real Shetland make, in a great variety of useful sizes.

Imitation Shetland

or "Orenburg" Shawls, also in great variety—hard to distinguish from the real Shetland, but much cheaper.

Boating Shawls

Knit Wool and Silk Boating Shawls of all kinds, and at all prices in the greatest variety of well selected patterns.

Golfing Jackets

Newly imported stock of Handsome Knit Golf Jackets. The smartest jacket imaginable for this and other outdoor recreations.

New Lace Gown Patterns (shaped)

New stock just received of handsome lace gown patterns (shaped) in all the most popular makes in ivory or black full range of prices, from very moderate to high.

Lace Scarves

A fine collection of Spanish Lace Scarves in cream and black. All carefully selected and very special value.

Crepe de Chine Scarves

These are beautifully tinted-patterned in a wonderful variety of designs and shades, and make a fascinating throat or head scarf.

Oriental Silks

The popularity of these silks is evidenced by the continued big demand. We have still a fine stock of all the leading favorites, both plain shades and patterned, in such well-known weaves as Assams, Silks, Tams, shas, Rajas, and other unexcelled varieties of this rough-woven order.

Summer Foulards at 50c.

We are showing a strong line of Summer Foulards at 50c—splendid colors—extra well printed and special at this price.

Waterproof Coats

Clearing our stock of Ladies' Waterproof Coats, formerly \$15.00 to \$18.00. Now \$7 to \$10.

Clearing Shirtwaists

A splendid range of White Shirt Waists—specially made for us—good designs—well made—nicely trimmed—formerly \$4.50 to \$5.00. To Clear \$1 Each.

JOHN CATTO & SON

55, 57, 59, 61 King Street East (Opposite the Postoffice) TORONTO.

SMALLER LUMBER CUT.

Considerable Difference Due to Present Activities.

Because of the conditions prevailing at present the big lumber firms operating in the Georgian Bay and Ottawa Valley districts will curtail their cut in the bushes to a very appreciable extent during the present winter.

The demand for lumber is not at all good at present and has not been for some time. Following close upon the financial troubles of the fall of last year came the curtailment in building operations, leaving all the big dealers with a big stock on hand in their yards.

The mills closed down early and a good supply of logs is still to be sawn up. The dealers do not anticipate anything abnormal in next season's demand, and think that by cutting up the logs and selling off the stocks now in the yards they can get along without much cutting in the bush the coming winter, the logs will take out a little, possibly on a conservative estimate, about one-half of last year's light cut.

The following winter, 1908-09, will see the gangs in the bushes as usual, to replenish the stocks that get along the mills. The loss in wages to the bushmen will be a considerable hardship, as last year, during the seven months operations, leaving all the big dealers with a big stock on hand in their yards.

THE NEW VEST-POCKET BOX OF "FRUIT-A-TIVES"

Allows Everyone to Try Out These Wonderful Fruit Juice Tablets at a Cost of Only Twenty-five Cents.

Put up in 50c boxes only, "Fruit-a-tives" has in the last four years gained a tremendous and rapidly increasing sale, and a reputation for remarkable cures in every part of Canada.

During this time hundreds of people have been asking for a 50c box to try. They have heard of "Fruit-a-tives" and of the benefit it is giving to thousands, but some people hesitate to pay 50c just to try a remedy that is new to them.

It has been found, too, that many would like to carry a box of "Fruit-a-tives" in their pocket, so as to have them handy for regular use, and the 50c box is too large for that.

To meet these needs we have put out a new 25c trial size—a neat, compact little box that can easily be carried in the vest, pocket, and which contains tablets enough to last two or three weeks—long enough to find out that "Fruit-a-tives" is the best remedy of the kind in the world.

There is now no reason why every person in Canada who suffers from Constipation, Biliousness, Kidney or Liver Trouble, Rheumatism, Sciatica, Neuralgia, Skin Diseases, Indigestion, Dyspepsia or Headache should not try "Fruit-a-tives" and get quick relief, and eventually a complete cure.

"Fruit-a-tives" are concentrated Fruit Juice Tablets; 25c is all it costs to test the value of the most successful medicine ever produced in Canada.

If your dealer has not both the 25c trial size and the regular 50c boxes, write direct to Fruit-a-tives Limited, Ottawa, Ont., and we will send you direct.

LOCOMOTIVE ENGINEERS.

Convention Opens at Ottawa With 1500 Delegates Present.

OTTAWA, July 21.—(Special.)—The union meeting of the Brotherhood of Locomotive Engineers and Grand International Auxiliary was formally opened here to-day with about 1500 members of both bodies in attendance.

Preliminary business occupied attention during the day, and in the evening there was a public reception in the Russell Theatre, which was crowded to its utmost capacity. The enthusiasm which prevailed was a revelation to the chilly capital. Among the speakers were Rev. P. G. E. Controller Hopewell, Robert Stewart, M.P.; A. B. Frapp, K.C.; M.L.A.; Rev. Walter M. Loucks and Rev. F. A. Fitzgerald.

A feature of the convention is the number of ladies who have accompanied the delegates, and they are all from all parts of the continent, from Mexico to Montreal. The largest delegation is from Cleveland, the headquarters of the order. A ladies chorus, numbering 25, belonging to Columbus, Ohio, is also present.

The real work of the delegates begins to-morrow.

Seattle Hatreds.

SEATTLE, July 21.—The following are the Seattle articles for Wednesday: FIRST RACE, 5 furlongs—E. C. Runte, Mofey's First, Blue Bottle, Diamond, Hans McClellan, South 12, When King, Nue's Velling, Anna May 27, Belle Griffin 18.

Burglars in Upright Piano.

A good upright piano can be had from the old firm of Heintzman & Co., 115-117 West King-street, for as small a sum as \$175.00, and terms of payment very easy.

College 7 is our phone number. Use it. The Rosina House Liqueur Store, J. MacKerrow.

STEEL ASKS COAL CO. FOR RENEWAL CONTRACT

Dominion Concerns and Their Legal Warfare and How it Affects Their Every Day Affairs.

MONTREAL, July 21.—(Special.)—The Dominion Iron and Steel Co. have applied to the Dominion Coal Company for a year's extension of the special contract which was signed in this city on Dec. 6, 1906, by which the coal company agreed to give the steel company all the coal they required for the term of two years at the rate of about \$2.80 per ton, the same expiring Dec. 6, 1908.

There are probably good reasons why President Plummer and his directors have intimated to their friends, the coal company, the desire to have the contract extended to Dec. 6, 1909. Supposing, for instance, the case now pending before the judicial committee of the privy council were again postponed, a not impossible happening, and the two years' contract expiring in the meantime, the Dominion Steel Company would be without coal, so it is no doubt a thoroughly business-like precaution to secure the said extension of the contract should the coal company be disposed to grant the request.

As it is, it is understood that the Dominion Iron and Steel Company are not at the present time taking their full quota of coal.

There are probably good reasons why President Plummer and his directors have intimated to their friends, the coal company, the desire to have the contract extended to Dec. 6, 1909.
