The exertions of the gastric juice have been confined entirely to removing the unmasticated undigested porremoving the unmasticated undigested por-tions of food which they cannot properly digest as speedily as possible from the body, thereby only giving the blood a small per-centage of nourishment with which to feed the tissues. Burdock Blood Bitters regulates the bowels, promotes perfect digestion, makes pure blood, tones the stomach, and thus restores perfect health and strength to the debilitated system.

Mrs. D. A. Francisco, Rossland, B.C., writes: "I was suffering from stomach trouble of the worst kind for about four years. Everything I ate seemed a burden to carry. I always arose in the morning with a sickening and feverish taste in my mouth and was also troubled with swellings in my hands and feet, which my physician said was due to the disordered state of my stomach. I tried everything that was purchasable, and also consulted two or three physicians, but could find no relief until one of my neighbors told me of a wonderful cure by Burdock Blood Bitters. I used altogether ten bottles and am now perfectly cured. I wish to recommend B.B.B. to anyone who may be so unfortunate as I was. vide that the electric distribution plant
