IS MRS. EDDY STILL OFFICER OF CHURCH?

Extraordinary Question for Court in Christian Science Litigation.

Boston, April 5. - The question whether Mrs. Mary Baker Eddy, founder of the Christian Science Church, who died in 1910, is still an active officer of the chruch, was raised today for the courts to decide. Edwin A. Krauthoff of Washington, appearing at a hearing in the su-preme court in one of the several phases of litigation involving the pre sent government of the church, asked for an injunction to restrain any revision of the manual. He said he desired a declaration by the court that Mrs. Eddy, its founder, and the author of the manual, is an active officer of the church just as much as the board of directors are active officers.

Judge Braley remarked that he did not see how such a condition could possibly exist. The doctrines of the church and admissions by church officers, Mr. Krauthoff contended, will prove it. The judge denied the motion for a temporary injunction, but indicated that he would refer the question for fuller consideration to former Judge Frederick Dodge, as master. Mr. Krauthoff then requested that Judge Dodge he required to pass on the status of Mrs. Eddy, and Judge Braley said he would consider that question on Friday.
