

A
Wonderful Restorer
CARBOLINE
& Beautifier of the
HAIR

CARBOLINE is now presented to the public, without fear of contradiction, as the best restorative and beautifier of the hair science has ever produced. It performs what others only claim for their preparations. **It is an elegant Dressing, removes Dandruff, cleans the Scalp, prevents the hair from falling out, restores the hair on Bald Heads, restores it to its original color, makes it grow rapidly, will not stain the skin, contains not a particle of lead, silver, sulphur or other deleterious drugs. IT IS A NATURAL PRODUCT OF THE EARTH, containing the elements required by the hair to feed upon.** A few applications will show its restorative qualities. Does not require months of continued use before you can perceive any result. It is cooling, cleanly, and too much praise cannot be bestowed upon it.

By the skill of one of our chemists, and by a process known only to himself, he has, after very elaborate and costly experiments, succeeded in deodorizing petroleum, which renders it susceptible of being handled as daintily as the famous EAU DE COLOGNE. The experiments with the deodorized liquid on the human hair have been attended with the most astonishing results. A few applications, where the hair was thin and falling, gave remarkable tone and vigor to the scalp and the hair. Every particle of dandruff disappears on the first or second dressing, and the liquid, so searching in its nature, seems to penetrate to the roots at once, and set up a radical change from the start. It is well known that the most beautiful colors are made from petroleum, and by some mysterious operation of nature the use of this article gradually imparts a beautiful light brown color to the hair, which by continued use deepens to a black. The color remains permanent for an indefinite length of time, and the change is so gradual that the most intimate friend can scarcely detect its progress.

In a word, it is the most wonderful discovery of the age, and well calculated to make the prematurely bald and grey rejoice.

**See what is said about
Carboline.**

The article is telling its own story in the hands of thousands who are using it with the most gratifying and encouraging results, as shown by the numerous testimonials we are receiving from all parts of the world.

MR. GUSTAVUS F. HALL, of the Oates' Opera Troupe, writes: "After six weeks' use I am convinced that your CARBOLINE has and is producing a wonderful growth of hair where I had none for years."

N. M'CLAREN, Druggist, Pittsburgh, Pa., says: "The good effects from the use of CARBOLINE are brought to my notice every day to such an extent as to justify me in recommending it to my most intimate friends."

C. H. SMITH, of the Jennie Hight Combination, writes: "After using your CARBOLINE three weeks I am convinced that bald heads can be 're-haired.' It is simply wonderful in my case."

DANIEL F. BEATTY, Organ Manufacturer, says: "I have used CARBOLINE, and am glad to add my testimony in regard to its good qualities. It is a great remedy for baldness. My whiskers have grown more luxuriantly than ever since using it."

L. V. FOLLETT, 158 East Eighty-eighth street, New York, writes: "After several weeks' use of your CARBOLINE I find a wonderful growth of new hair growing on my head, where I had been bald for many years. My friends have tried it with like results. I believe it the only remedy for restoring the hair, and there is no possible danger in using."

MARY LOUISE WOOD, Plainfield, N.J., writes: "About two years ago my hair began falling out, the cause being a long course of illness, which culminated in scarlet fever. After trying various remedies, without much success, I purchased a bottle of CARBOLINE and used it perseveringly, and have since used it regularly. The result has been, I am happy to say, a luxuriant growth of hair, longer, and finer, and better in every respect to that I had before my illness. I am glad to be able to say a word in favor of such a meritorious article. It has a delightful odor and is a lovely dressing, and one that every lady of my acquaintance has been charmed with."
