

where Essington is situated, which will furnish work for a thousand people this season. Our church must be enlarged, and the people need the blessed Gospel ever before them to keep them from the allurements of sin around them.

KIT-A MAT.—Miss Lawrence is here, and has been much blessed to the people. She went to this place last fall by canoe, a distance of 150 miles—was two weeks on the way. But she sends back cheering reports. She writes that nearly all the old people, who had been holding off, now attend the church, the old dance has been given up, and gambling, and conjuring, and other heathen practices.

SONGAS.—This is a place just across the border, in Alaska. The people did not come over to Simpson in such great numbers this winter as formerly, but some were here, and were much blessed, and went back to take the revival fire among their people, and we are now to try to build a little church there.

SKIT-A-GATE.—This place is about a hundred miles distant, at the south end of Queen Charlotte's Island. As I have said before, these people had come again and again to ask us to send them help, so last fall, at the urgent entreaties of a deputation, who said if we would send them a teacher then they would all join us, if not they would go into heathenism worse than ever, we consented to send Bro. Robinson with them. God has indeed owned and blessed his labours among them. During the winter the people called a meeting themselves, and talked over the matter of building a church, and then brought in their blankets to the amount of \$250. This is in a small tribe, so we are to have a little church there at once.

OUR GIRL'S HOME is doing well, but we are much inconvenienced for want of sufficient accommodation. To provide for this, a new Mission-house is being built, which when complete will cost \$1,000, when the present building can be devoted entirely to the Home. As the Woman's Missionary Society do not see their way to undertake the entire financial responsibility of the institution, we hope that kind friends in Canada will come to our help. Members, 239; on trial, 219; total, 458.

NAAS.

Gratefully we acknowledge God's leading hand through another year. During the summer our people were very much scattered in search of work—some going to the Canadian Pacific Railroad, others working at the canneries at the mouth of the Naas, our village being almost totally deserted. In consequence we went to the Harbor, where the greater part of our people labored. Our services were very well attended at this place, as they were at Mr. Croasdaile's cannery, which I visited every alternate week. At Naas Harbor we have built a church on the site selected a year ago, to be opened for divine worship in a few weeks. Services have been kept up at
