Miss Ellen Baird, daughter of I. C. Baird, St. John's, Newfoundland, was united in marriage to William L. Mitchell in Montreal last Thursday. Rev. I. A. Montgomery officiated at the ceremony. Mr. and Mrs. Mitchell left on a motor tour through Maine and New Brunswick.

In Newcastle yesterday, Rev. Tally Montgomery united in marriage Miss Marion Jean Thurber and Charles A. White.

22-year-old A. MacDonald, of Seville, and Miss Mabel Randall were united in marriage at St. John's yesterday. The ceremony was performed by Rev. A. E. Chapman.

She—Janet Jack just wonderful! He's already been promoted to field marshal. He—From private to field marshal in two months. Impossible!

She—Did I say field marshal? I well, perhaps it's court-martial. I know it's one or the other.

**Deafness Cannot be Cured**

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional means. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever. It is a condition that is caused by Catarrh which is nothing but an inflamed condition of the mucous lining.

We will give One Hundred Dollars for any case of Deafness caused by Catarrh that cannot be cured by Hall's Catarrh Cure.

John Wamamaker's idea of having the United States scrape together \$100,000,000 and buy Belgium to restore it to the Belgians later has one or two flaws in it. Who is to give a title to the ravaged land? And, once bought, how is the U. S. going to hold it?

## THE WAR AND MIGRATION TO CANADA

Letter 3—War Memorials

To the Editor of the Times-Star:

Sir—Many of the inhabitants of Canada will have to mourn the deaths of their relatives in the war, but their tears will be sweetened with pride and thankfulness that their deaths with honor saved Canada from the distance of German Kultur. They will naturally wish to commemorate their patriotism and their deaths with honor.

The cost is about five shillings a head per week, after allowing for the value of their labor, but the benefit to the country is a hundredfold greater. In either case no better form could be imagined than the institution of a training farm and distributing centre, especially for those who have fought in the same way as those in whose honor they are created.

Farm training in England would only teach a lot that would have to be unlearned in Canada, but the institution of such farms and centres in the Dominion would be of the greatest possible benefit to the people at home and to the prosperity of Canada.

Success in Antipodes.

The only government having a training farm for immigrants is that of New South Wales who, at their Pitt Town Farm give men and lads the benefit of a three months' free training in the rudiments of agriculture, fruit, poultry, sheep, pigs, dairy and other forms of farming. The cost is about five shillings a head per week, after allowing for the value of their labor, but the benefit to the country is a hundredfold greater. In either case no better form could be imagined than the institution of a training farm and distributing centre, especially for those who have fought in the same way as those in whose honor they are created.

The example of Mr. Sargood at Waukegan, New Zealand, in training parties of British lads to become New Zealand farmers with a three years' course and with graduated wages throughout, is worthy of being imitated by thousands of settlers in other Dominions. The fact that boys are more interesting than rascals to keep and train, and less expensive.

Plans for Women.

Those who cannot arrange for boys can find domestic training centres for immigrant women and girls, especially those who are bereaved by the war. Here the inmates would learn sewing, knitting, cooking, baking, preserving, the care of poultry, flowers and bees, and dry work and general domesticity. The college or centre would be used also as a distribution base and a centre for immigrants in case of holidays, change or sickness.

Deeds are the only worthy form of memorial to those whose actions have helped to mould Canada and to make her a better place. The McGill University, Wyckoff College, Dufferin Terrace and Aberdeen Park are examples of the latter.

Generally followed at the present time, not only by individuals who have the means to raise such memorials and their offerings, but the provinces and cities of the Dominion, who should also collectively raise such monuments to their heroes.

The well-being and employment of the ex-soldier and of the dependents of the fallen is one of our outstanding duties after the war, so that peace and prosperity may extend through the empire as well as throughout the world in general.

Yours faithfully,  
THOS. E. SEDGWICK,  
88 Oriental Street, Poplar, London, E. July, 1915.

**NET AT LORNEVILLE**

At a joint meeting of the St. John County District Lodge and Scarlet Banner Lodge at Lorneville on Saturday last, twenty-three members of the latter lodge were initiated into the District Degree. Seymour Sharpe of Salmon Rock was elected a delegate to the Grand Lodge, with E. McAfee of Lorneville. Reports were presented concerning the progress of lodge and it was said by the committee appointed for the purpose, that the collecting for the new hall is proceeding well. It was decided to hold an outing on September 11 at Salmon Rock. A pleasing program of songs, readings and music was given at the close of the meeting.

**HAD DYSENTERY.**

**WAS VERY BAD WITH IT.**

Mrs. G. A. McKnight, Mulvihill, Man., writes: "I have used Dr. Fowler's Extract of Wild Strawberry for nine years, and I would not be without it in the house. I was very bad with dysentery; a friend gave me a dose of Dr. Fowler's, and told me to get a bottle right away, which I did, and it did me lots of good. My brother was bad too, and I told him to take it, and he was cured. I hope there are others who will get 'Dr. Fowler's' and keep it in the house, for it will surely save doctor's bills."

Dr. Fowler's Extract of Wild Strawberry has been on the market for the past 70 years, and has been used in thousands of Canadian homes during that time.

You do not experiment when you buy it. See that you get what you ask for, and if your dealer tries to palm off a substitute on you, insist on getting "Dr. Fowler's," or go where you can get it.

The genuine is manufactured only by The T. Millburn Co., Limited, Toronto, Ont.

Price, 35c.

**LEAVING FOR DARDANELLES**

Fred. C. O'Brien, formerly of St. John, writing to James Ramsay, of the Royal Hotel here, says that he was ordered to the Mediterranean the day after he was writing (July 8), but he did not then know whether the destination was Dardanelles or Malta, but he thought it would be the former. He adds that he saw some of the men of the second contingent a few days before.

Word has been received from Clarence B. Smith, of the 26th battalion, that he has been given promotion from lance corporal and has now a corporal's stripes.

Donald Campbell, a son of O. R. Campbell, at one time teller of the Bank of Montreal here, and nephew of Kenneth J. MacRae, has been wounded in France, but he had returned to the front again.

**NOT VERY CLEAR BUT IT SOUNDS LIKE ANOTHER JOB FOR THE UNDERTAKER**

Brownsville, Tex., Aug. 14—At first following, here, the following report, made by peace officers to an army patrol officer on duty at a small station north of Brownsville, was turned in:

"We met two Mexicans. They tried to escape. We could not identify them, so we left them there."

The hiatus in the narrative needs little elucidation.
