# THE MODERN WAY TO FURNISH HOMES

In these days of Pullman sleepers, no one would think of using a prairie schooner to cross the country. With modern plumbing facilities, nobody takes clothes down to the river to do washing. The old way of doing things gives place to the new. It is the same way with furnishing a home. No one thinks of doing without furniture in the home. We make it possible to have not only the necessities, but what is modern and in good taste, at Amland Bros.' low prices.
