THIRTY PATIENTS NOW UNDER CARE

(Continued from page 1).

wiring and fixtures, \$687.90; hot water heater, \$167.75, a total of \$1,225.65. A new arrangement entered into with the insurance company divides our premiums so that \$110 will be payable each year instead of \$300 each third year. In connection with the extra expenditures of the year the fact is worthy of note that through the generosity of some of the board members the major portion of the heaviest expenditure, \$687.90 for electric wiring and fixtures, was contributed.

The extraordinary expenditures of the year, while unduly heavy, are justified by the satisfactory results obtained and the improvement in the condition of the building is now in excellent condition, but in an institution as large and as important as the home there are always things to be done about buildings and grounds. Each year will bring its own extraordinary expenditures, a fact which generous friends of the home should ever have in mind. A comparison of the receipts and expenditures of the year shows an increase of \$1,242.70 in receipts, a particularly gratifying result considering the loss of \$800 in interest on our Chicago and Eastern Illinois bonds. Fortunately the revenue from paying patients exceeded that of 1914 by \$1,856.68, an increase, eloquent in itself of public appreciation of the splendid accommodation the home affords. The expenses were \$888.08 greater than last year as the balance on hand, \$1,184.64, is slightly better than that with which we started the year.

Respectfully submitted,
F. B. ELLIS.

The Auditor

St. John, N. B., 10th July, 1915.

To the President and Members of the Board Home for the incurables:

Ladies and Gentlemen—

I have made an audit of the receipts and disbursements of the year ending July 10, 1915, as kept by your treasurer, and found proper vouchers and accounting for the funds of your institution.

I have also checked over the bonds stock certificates and mortgages in the Bank of Nova Scotia vault and found them to correspond with list attached to treasurer's report, amounting with cash on hand to \$17,864.41.

Respectfully submitted,
(Signed) P. F. BLANCHET C. A., Auditor.

Women's Auxiliary

Although the past year has been one of great and unprecedented effort in so many patriotic directions, the work of the Women's Auxiliary of the Home for the incurables has been carried on without let or hindrance, with the usual seasonal endeavor to assist the board of management in promoting the spiritual welfare, as well as the bodily comfort, of the patients within its walls. Each Sunday afternoon Divine service has been arranged for by your committee, and attended by some of its members. A debt of gratitude is owing to the clergy who conduct these services so faithfully, as well as to the choir, whose music is so great a solace and pleasure in the Home.

Every patient is visited weekly by a lady of the committee, thus supplementing the visits of the members of the board, the result of their system of kindly care and interest being reported and entered on the minutes at the regular monthly meeting of the Ladies' Aid. A number of small pleasures have been planned and carried out during the year. In June, July, August and September monthly treats of ice cream and cake were provided; at Thanksgiving a feast of fruit, cake, celery and cheese for the festival of Christmas large trees were decked with suitable gifts for all, and fruit and sweets were generously bestowed, while beautiful holiday fare adorned the Christmas and New Year's dinners. At Easter time also, flowering plants, fruits, eggs cake and boxes of candy brightened the daily life of the home.

Thanks are extended to all whose gracious kindness and generosity assisted the Women's Auxiliary in the work of helping to further the humane purposes of this noble charity.

Respectfully submitted,
LILIAN HAZEN,
Secretary to Committee.

NEW BRUNSWICK AEROPLANE TO ARMY

Meeting Likely on Next Monday, in Mayor's Office, to Discuss Matter

Another opportunity to show their patriotism in a practical manner may be afforded the citizens of St. John and the residents of New Brunswick generally at an early date.

A well known citizen called on Mayor Frink this morning and suggested that steps be taken to secure contributions from the people of New Brunswick for the purchase of a military aeroplane for overseas service, to be known as The New Brunswick Aeroplane. This project has already received the hearty support of the War Office and has been advocated by the Overseas Club of London. Several citizens already have promised their support, but, as the cost of a complete machine is £1,500, or about \$7,200, general support will be required. His Worship fully appreciates the value of such a gift and has consented to call a public meeting for the discussion of the project, probably on Monday next in his office.

YOUNG WOMEN IN AUTO TRIP FROM TORONTO TO ST. JOHN

Miss Ethel Martin of Waterloo Street and Miss Camp of London Have Joy Time, With Some Adventures

To travel by auto all the way from Toronto to St. John was the pleasant experience of Miss Ethel Martin, stepdaughter of Mr. and Mrs. Albert A. Winchester, Waterloo street, and Miss Vera Camp, of London, England.

On July 2 the two fair tourists set out on their journey and arrived at their destination last evening. To a Times' reporter today Miss Camp said they had a most enjoyable trip, replete with adventure. After leaving Toronto they journeyed as far as Prescott and then crossed over into Quebec, New York State, and continued for two hundred miles or so, recrossing into Montreal. She said conditions on the Canadian side were very poor, but those in New York State were in good condition.

Leaving Montreal they motored through New Hampshire and the White Mountains and into Maine, thence through New Brunswick to St. John. On the trip, which took twelve days, Miss Camp figured that they had covered approximately 1,734 miles. Several times on the journey they had to fix tires and make other necessary repairs to their car, but as they were thoroughly enjoying themselves, such little inconveniences were considered as part of the day's fun. One night, while heading for Bangor in Me., they were coasting down a hill at a fair rate of speed when they caught sight of two cows directly in their path, and in order to avoid an accident, or at least a bad spill, Miss Camp applied the emergency brakes. The shock was so great that the rear axle, which had been worn considerably through usage, snapped and they were left helpless on the road far from any house or habitation. They decided to make the best of it and rode themselves as comfortably as possible in the car for the remainder of the night. The next morning about nine o'clock another car drove in sight, and the owner offered to tow the car as far as Bangor.

While going down another hill the driver in the front car suddenly slowed up his auto to escape a bad bump, and he did so the car containing Miss Camp and Miss Martin crashed into it, as their brakes were out of commission. The result of the second accident the steering gear on their car was broken, and before it could be fixed mechanics had to be sent from Bangor. When repairs were made, they eventually reached Bangor, half famished but none the worse for their experiences. Often during the trip they put up at farm houses, and they speak in glowing terms of the reception they received.

WOUNDED AND ALSO SUFFERED FROM GAS

Joseph McGuire Has Sister and Brother Here; Father is in St. John on Visit

Thomas G. McGuire of Allumette Island, Quebec, who is at present visiting his daughter, Mrs. Alfred Lahey, St. James street, received a letter recently from his son, Joseph, who is with the Canadian forces in France. He said he had been through the great battle of Ypres and was wounded slightly in a couple of places. He got some of the gas the Germans used on the Canadians and he said it nearly poisoned him. Since leaving Canada he has been promoted to corporal. Besides his sister he has a brother, Thomas C. McGuire, residing in this city.

POLICE COURT

The trouble which arose among members of the crew on the steamer Symra on Tuesday, and which was aired in the police court yesterday morning, was satisfactorily settled later in the day. K. J. Macfarlane, Norwegian vice-consul, represented the captain of the steamer and also prosecuted in the case against the Mexican, who was under arrest on a charge of cutting another member of the crew with a razor. It was agreed that the Mexican and Spaniard were to be paid off. The young man, who had refused duty, will be kept in jail until the steamer sails and will then be placed on board.

A man, who was arrested last night on a drunkenness charge and also for another offense, was remanded to jail.
