

## Princess Unbobbed

To bob or not to bob is a question just as vexing to the Indian maiden as it is to her pale-faced sister. Princess Jewell Dawn (above) of the Wysocki tribe, refuses to surrender to the styles, but Ellen Norris (below), of the Kiamish tribe, finally has done so. The tribes live near the Oregon-California boundary.

## OCTOBER BRIDES

**Willet-Manning.**  
One of the prettiest weddings of the month will be that of Miss Helen Marie Manning, daughter of Dr. and Mrs. James Manning, Germain street and Kenneth, McLeod, Willet, son of Mr. and Mrs. David R. Willet, Mecklenburg street, at 5:45 p.m. today, when Rev. A. L. Fleming, rector of St. John's (Stone) church will solemnize their marriage in the church. The church has been decorated with hydrangeas by the Badminton club and is very attractive in its floral trimmings. The bride, who will be given in marriage by her father, will wear a wedding gown of white crepe satin and Duchess lace with pearl trimmings. Her bridal veil is of net, with Juliet cap, caught with orange blossoms. She will carry a shower bouquet of Ophelia roses.

Miss Edna Shaw will be bridesmaid and will wear a gown of jade flat crepe with black hat and carry Exeter roses. Little Miss Evelyn Fritz will be flower girl and will wear a peach colored or, gandy, trimmed with lace and streamers and carry a basket of sweetheart roses and sweet peas. Mrs. Manning, the mother of the bride will wear a handsome gown of georgette and Mar- over lace and becoming black hat. Mrs. Stanley Harrison will carry the bride's "Perfect Love," while the register is being signed. Alan McGowan will attend the groom, and the ushers will be Lawrence Manning, brother of the bride, Gordon Willet, brother of the groom, Douglas Fritz and Henry Morris.

After the ceremony a reception will be held at the home of the bride's parents, 188 Germain street, for the immediate families of the bride and groom. The home decorations are of autumn blooms, most of the flowers being from the garden of the bride's mother, at Pandemic. Luncheon will be served buffet style by girl friends of the bride, those assisting being Miss Mary Short, Miss Elsie Spence, Miss Gertrude Hare, Miss Agnes Hamilton, Miss Audrey Hamilton, Miss Rita Collins, Miss Margaret Newcomb and Miss Dorothy Sinclair. Going away the bride will wear a suit of navy blue polka dot twill. They will leave on the late evening train for West Virginia and will reside in Princeton, where the groom is engaged in engineering work with the firm of Gibbs and Hill, consulting engineers. Mr. Willet is a graduate of the University of New Brunswick of 1922 in civil engineering and was prominent in amateur athletics here and at college. The bride was a teacher on the staff of the St. John High School and was president of the High School Alumnae last year.

**Anderson-George.**  
Sackville, Oct. 20—A pretty wedding took place at 8 o'clock on Wednesday afternoon at the home of the bride's parents, Mr. and Mrs. Arthur N. O'Donnell, became the bride of Sherman Blakeney, also of Sunny Brae. The ceremony was performed by Rev. D. H. Macdonald in the presence of the relatives of the bride and groom.

**Harding-Wisart.**

## SCHOOLS SHOULD PREVENT MISFITS

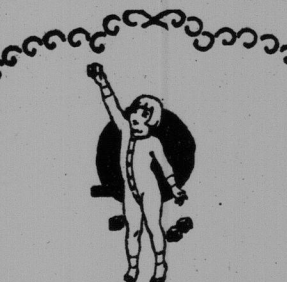

A Discussion in Victoria on the Value of Vocational Training.

"I think our schools should provide a series of experiences whereby children will find themselves, and the gifts which nature has given them. To prevent misfits should be the great ideal of the school," claimed John Kyle, provincial organizer of technical education, in the course of remarks which he addressed to the Western Institutes conference at its final session yesterday afternoon, says the Victoria Colonist. Mr. Kyle spoke of the ideal rather than the attainment reached. Up to the present the employers of labor had not been linked up with the school. This was a hope entertained for the future. The school was gradually becoming a place providing ways and means for people to try themselves out. This could not be done with books alone; diverse occupations were required.

Mr. Kyle came at the invitation of the conference to reply to any questions which the delegates might have to ask on the subject of technical education. In reply to one such question he said that he considered manual training should be taught from the moment the boy entered school; also domestic science for the girl. The little pupils should be started with big tools; little tools supplied later for the big pupils. The rural districts and smaller towns were often more appreciative of the facilities provided in the curriculum. At Cassidy the company had been so impressed with the value of manual training that they had paid for it themselves. In Surrey the people had built their own centre; Kelowna, severely handicapped for room, had erected a place themselves. The Government up to the sum of \$800 paid 50 per cent. of the cost of equipment and training; for the teacher they paid the same grant as for an ordinary teacher, ranging from \$400 up to \$880 a year, according as to whether the cities were of the first or second class.

**Urges Compulsion.**  
"Establish the work in the first and second class cities; most of them have the equipment already, and it would mean little hardship for them if it were compulsory. Ultimately it would work down to the third class districts."

**STUDENTS HOLD ELECTION.**  
Gordon R. Nicholson, '25, was elected president of the Students' Association of the University of New Brunswick Law School, at the first meeting of the student body held last night. Percy J. Steves, '26, was elected vice-
