**FUSS OVER 71 CENTS MAY COST HIM MORE THAN \$800**

Ontario Farmer Finds Law Is an Expensive Undertaking.

Meaford, May 14—Here's a how-do!

Farmer Orr of Fairmount says he paid seventy-one cents too much taxes to the township of Euphrasia, so he sued for recovery, and in court told the judge that already it had cost him \$89.67 to try to get it. But it's going to cost him more, for the judge dismissed the case with costs against him, and everyone knows what that means.

But that isn't all.  
He is said to have circulated a petition for a town audit. The audit was made at a cost of \$800. Now he faces the probability of it by the township council to recover the \$800 paid for the audit. And Farmer Orr did not get his seventy-one cents.

### CENTENARY SUNDAY SCHOOL.

## TOLD OF DANGER OF POPULARITY

To Be Well Spoken of Frequently the Reward of Inertia—Dr. Cullen's Views.

(Toronto Mail and Empire.)

"There is no better way of judging a person than by the enemies he makes," said the Rev. George Barton Cullen, Ph. D., D. D., president of Acadia University, N. S., in the course of the baccalaureate sermon preached to the graduating class of McMaster University at Walmer Road Baptist church last night. Dr. Cullen, who chose as his text part of the 26th verse of the sixth chapter of St. Luke's gospel, "Woe unto you when all men shall speak well of you," showed that though there is no particular virtue in being disagreeable, to be well spoken of is the reward of inertia, or is the penalty of success.

"A person cannot be honest and agree with everyone all the time," he went on, urging the students to be honest with themselves and with their fellow men.

Dr. Cullen, in speaking of the educational methods of the day, referred to the "absolute stagnation" in the public schools, where all the children go through the same mould. Later, when the boys and girls enter universities, the same thing applies. Their parents, as a rule, choose the lectures, career, etc., for their children, and help them to make a failure of it all. The same with religion, people are not allowed to live their religious life in their own way. While making a strong plea for original thinking, Dr. Cullen stated that he did not see that it would be possible, even if advisable, to do without denominations. Original thinking should develop tolerance. Dr. Cullen pointed out that Baptists have always stood for liberty of conscience, thought and action.

### Need of Independence.

There is a time in the life of everyone when he has to tread the wine press alone, and the hope of the country politically, morally and socially, is to have men think the thing out for themselves. "If you are going to lift up the crowd to the level of Christ, you have to be near that level yourselves," Dr. Cullen said.

He declared that though the most democratic of men, he believed in titles, "they are crystallized public opinion," he stated, "and it is a good thing to have the good opinion of those whose opinion is worth while, and to have the good opinion of God." But he added that it is a good deal better to be free than to be near that level yourselves," Dr. Cullen said.

Scripture reading was given by Professor Farmer, the invocation by Chancellor McCrimmon, who presided, and prayers by the Rev. John MacNeill and the Rev. S. S. Bates. The choir contributed a beautiful anthem, and several hymns were sung.

The annual meeting of the Civic Employees' Union was held last evening in the Oddfellows' Hall with the president, J. McCarthy, in the chair. After the usual routine business had been transacted and the reports of the different officers read and adopted, the election of officers took place and resulted in all the old officers except the vice-president and the sergeant-at-arms, being returned to office. The following are the officers for the coming year: President, J. McCarthy; vice-president, Garret Ward; financial secretary, R. F. Gooderich; treasurer, E. Marshall; recording secretary, J. C. Whittaker; sergeant-at-arms, George Jackson.

## Elgin Watches

### The Superintendent

What's the biggest job in the modern factory?

"Making every minute count," answers the superintendent.

He's right. Production's the thing. Not a turn of a wheel must be wasted.

Everything must work to schedule—and here is where the Elgin is the Superintendent's right-hand man.

Work is begun by the Elgin—finished by the Elgin—shipped to the tick of the Elgin.

This means an orderly shop, an even quality, and a maximum output.

In other words, an intelligent working to the Elgin schedule spells Achievement everywhere.

There is a jeweler in your vicinity who carries a pleasing selection of Elgin Watches—faithful guardians of Time.
