TRADES AND LABOR COUNCIL

Several matters of importance were dealt with at a meeting of the Trades and Labor Council held in their rooms in the Oddfellows' hall last evening. The council first took up the question of the Indian town ferry, a complaint from masons that the three trip schedule in the early morning hours was not adhered to and that consequently they were late in getting to their work. It was decided that the matter be taken up with Mr. Wron.

There were submitted to the meeting drafts of amendments to the workmen's compensation act an attic factory act, which are to be placed in the hands of J. L. Surron, who is in Fredericton watching the proceedings of the legislature in the interests of labor. J. E. Tyle will take these amendments to Fredericton on Monday. What they are was not given out.

The council added some fifteen or eighteen men to the ward workers in the interests of J. L. Surron, Labor candidate for a city commission at the forthcoming elections.

Island People Who Read

J. Stevenson Lord, of Deer Island, discussing postal conditions on Saturday that about 600 pounds of mail matter are distributed three times per week on the island now, and have been for a number of years past. "Quite a difference," he remarked, "from the time when 'Tom' Painter carried the mail for the whole island on his back from Fairhaven to Lambert's Cove, I can remember seeing him go through on snow shoes. There is little difference in the population, but the people have become great readers."
