TEACHERS' CONFERENCE AT VICTORIA, B. C.

Special Train from Toronto via Canadian National Ry.

Maritime Province teachers will do well to note that in connection with the 1924 Conference at Victoria, B. C., to be held from August 12th to 16th under the auspices of the Dominion Educational Association, special train arrangements have been made by the Canadian National Railways. There will be a special train to the Pacific Coast, leaving Toronto at 1 p.m., on July 26th, and numerous optional trips may be taken for the return journey. The special train will be one of the finest, of all steel equipment, with most modern type of compartment-observation cars, library-buffet car, standard sleepers and diners. Nothing will be lacking in the way of entertainment. There will be a radio set in the observation car, and a phonograph will be placed in the diner; this car to be used for concerts, or dancing if so desired. From all Maritime Province points to Toronto the regular train service of the Canadian National Railways is of the finest. It might be noted that the special train will stop at Jasper Park from Thursday, July 31st, to Sunday, August 3rd, and the educational party will thus have three days in that delightful playground of the Rockies. EMIGRANTS TO U. S. ARE COMING BACK

Statistics Show That More Than 9,000 Returned in April-May.

Ottawa, June 13—Figures prepared by the Immigration Department, on special instructions, seem to indicate that Canadians, who have been in the United States, are beginning to repatriate themselves. The statistics apply only to Canadians who have been resident in the United States for more than six months. During April and May the number of such who have returned is more than 9,000.

At the end of March the Immigration officials began to check up such returning people. In April at 148 points out of 171 along the boundary where there are immigration inspectors 4,984 were reported as having returned. In May at 129 points, 4,839 returned with 42 points still to report. Instructions have been issued to immigration inspectors to forward to the department each month hereafter a statement of the number returning who had left to secure work in the United States, or who had been living there for a more or less extended period.
