

## SHRINERS MEET IN LOS ANGELES

Annual Conclave Starts on  
Monday With 200,000 in  
Attendance

Entertainment Plans Include  
Special Picture Pageant  
by Film Stars.

The Shrine Queen.  
LOS ANGELES, May 30.—Irene Rich, motion picture star, will be the official "queen" of the 1925 Shrine convention.  
The film star will be the pivotal figure at all the main affairs during Shrine week at the cinema capital. She was appointed by Moley H. Flint, director-general of the convention.  
Miss Rich will be made of honor at half a dozen pageants and balls, and will occupy the leading float in the electrical pageant to be staged by the film colony as one of the high-lights of the convention.

LOS ANGELES, May 30.—The annual pilgrimage of Shriner was on today.  
Two hundred thousand nobles are making the transcontinental trek to Los Angeles for the 1925 convention, which opens Monday, continuing through the week.  
Fifty-one special trains were rolling cross-country, bringing the delegates to the world's movie capital for the annual play-fest. And endless caravans of automobiles brought thousands of others.  
Some of the rail and motor caravans debiliated in today, but most of them will not arrive until Monday or Tuesday. The largest single delegation en route is that of Medina Temple, Chicago, with six special trains, bearing 1,200 delegates. The Chicago nobles will arrive Monday over the Union Pacific.  
A special Temple of Kansas City is on route over the Santa Fe on three special trains of 80 cars. The delegation from the "Heart of America" is scheduled to arrive Monday.

ELABORATE PLANS.  
Extravagant plans have been made by local committees for entertaining the visiting nobles. A spectacular motion picture electrical pageant will be staged on the night of June 4, when the movie stars of Hollywood will put on their make-up and parade for the delegates.

Joseph Schenck, husband of Norma Talmadge, will be grand marshal of the film procession, leading the parade through downtown streets. Irene Rich, official "queen" of the convention, will follow, mounted on a dazzling throne and surrounded by other satellites from filmland.  
The line of march will be brilliantly illuminated by powerful searchlights and klieg lights. The Shrine bands and patrols will join procession of floats, featuring the film stars in a variety of stunts and poses.  
After the parade, members of the film colony will show the shrine visitors how the "movies are made." More than 500 film actors and actresses, including many world-famous stars, will perform before the cameras for the special pleasure of the nobles. Fred Niblo, director will wield the magic camera, and put the screen-players through their paces for the benefit of the visiting nobles.  
Civic officials are also arranging a score of demonstrations and social affairs to entertain the delegates.

## GIVE CONFIDENCE TO YOUNG MOTHERS

A simple and safe remedy for the common ill of childhood should be kept in every home where there is a baby or young child. Often it is necessary to give the little one something to break up a cold, a fever, correct sour stomach and banish the irritability that accompanies the cutting of teeth. Experienced mothers keep Baby's Own Tablets on hand for such purposes and young mothers can feel safe with a box of the Tablets ready for emergencies. The Tablets are a mild but thorough laxative that act without griping and they are guaranteed to be absolutely free from opiates or other harmful drugs. They are sold by all druggists or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

## FRACTURES KNEE IN FALL ON POST

Gerald G. Anglin Taken to G. P. Hospital For Treatment.

Gerald Anglin, second son of Dr. and Mrs. James V. Anglin, of Lancaster Heights, West Saint John, is in the General Public Hospital on account of a fractured kneecap, caused by a fall on Thursday at noon. Mr. Anglin had gone into the house at the back entrance to get water for his car, just after luncheon. He came quietly down the steps and tripped, falling with his full force on a sharp metal post, his weight coming on one of his knees, fracturing the kneecap as it cut with a knife. His brother, Dr. Ives Anglin, and his father carried him into the house. Dr. V. D. Davidson, of Fairville, was called and advised that he be taken at once to the General Public Hospital, where he now lies awaiting an operation. Some delay has been caused in the operation because of the extreme swelling of the flesh around that portion of his leg. It will be several weeks for the injury to heal.

## ASSEMBLY HEARS PROHIBITION PLEA

"Jamie" Brown Causes Surprise at Church of Scotland Meeting.

LONDON, May 29.—A lively debate on the prohibition question was precipitated in the general assembly of the Church of Scotland, Edinburgh, today when James ("Jamie") Brown, the miner who was Lord High Commissioner at the last general assembly, spoke in favor of what was regarded by many delegates as repressive legislation. Mr. Brown by no means carried the assembly with him in his advocacy of prohibition.  
Some of the members of the assembly expressed surprise that Mr. Brown should appear before that body in support of a prohibition plea when the late Edward Manning, a noted Major Amard, commander of the safety state police, was captured to-day on board a fishing vessel, and will be deported.

Other delegates declared that arguments in favor of prohibition had originated from scientific, medical or economic points of view, but that the Church of Scotland should aim at the advancement of purely Christian argument on the question.  
"Nobody can say that repression was the principle of our Lord's teaching," one of the delegates declared.

Rev. Dr. Alexander MacLean, of Paisley, declared that any one should quote Christ with justification and in condition under which hundreds of thousands of people were doomed to be affected, and I was so nervous that I would tremble like a leaf. I could not sleep well, could not remember things, and there was neuralgic pains through my body. After taking seven boxes of Dr. Chase's Nerve Food, however, I am in perfect health."  
Mrs. Maurice Naugler, Middlewood, N.S., writes:  
"After confinement I found myself very weak and unable to gain strength. I tried different doctors without benefit. My heart seemed to be affected, and I was so nervous that I would not stay in my own home alone. A relative told me I should take Dr. Chase's Nerve Food. I followed her advice and am very glad I did, because I can now go to bed and sleep well and am much stronger in every way."

Mr. John Tucker, Elmville, Ont., writes:  
"I suffered for a great many years from nervousness, heart trouble and neuralgia. I could not sleep at all, and had frequent headaches. My appetite also became poor and I was bothered with indigestion. I finally commenced using Dr. Chase's Nerve Food and found it the best thing I ever tried. It relieved me right away and I soon got better."

Mrs. H. N. Tardell, Harrowsmith, Ont., writes:  
"My nerves were in a very bad state, and for nearly six months I did not know what it was to have a good night's rest. I could not eat, and never felt well. I heard about Dr. Chase's Nerve Food, and began to take it for a few days. I began to feel better, and soon was able to sleep well at night. My appetite also returned, and I felt stronger and better, and after taking three boxes of Dr. Chase's Nerve Food I was quite well."

Mr. Thomas Honey, Brantford, Ont., writes:  
"When I began taking Dr. Chase's Nerve Food, I was so nervous that when I picked up a cup or tea my hand would tremble like a leaf. I could not sleep well, could not remember things, and there was neuralgic pains through my body. After taking seven boxes of Dr. Chase's Nerve Food, however, I am in perfect health."

OLD LINEN REQUIRED.  
Old linen, sheets, towels or any other soft white material will be very gladly received at the office of the Victorian Order of Nurses. It was said yesterday by Miss Mackay, superintendent of the V. O. N. The nurses had that they have very frequent calls for old linen and they have no supplies on hand to meet the need. Recently a new cupboard was installed in the clinic rooms of the V. O. N. in the Health Centre, and it is hoped that it may be possible to have always on hand a store of supplies of linen and other articles needed by the nurses in their welfare work.

COULD NOT SLEEP.  
Mrs. Wallace Burwell, R. R. No. 7, Thameville, Ont., writes:  
"For several months my nerves bothered me so that I simply couldn't get to sleep for two or three hours after going to bed. I took five boxes of Dr. Chase's Nerve Food, and ever since I have no difficulty in sleeping. Dr. Chase's Nerve Food is certainly a boon to nerve sufferers."

NERVOUS BREAKDOWN.  
Mrs. Sidney S. Corey, Butternut Ridge, Kings Co., N.B., says:  
"I had a nervous breakdown after a severe attack of the flu. I could not sleep for terrible headaches, nervous twitching of the nerves and muscles, and numbness of the hands. I was so nervous I could not be still. This lasted for nearly a month and a half. I tried medicines from doctors but did not seem to get much help. On the advice of a friend, I began using Dr. Chase's Nerve Food and after taking three boxes I was completely relieved."

NERVOUS EXHAUSTION.  
Mrs. Jane Hooley, Nestleton, Ont., writes:  
"For several years I suffered from what the doctor called nerve exhaustion and I also had eczema on my face. I suffered from sudden starting from sleep, brain fog, nervous irritability and indigestion. Every little undertaking seemed to become such a momentous thing—even the preparing of the meals worried me to death and left me tired out. On the advice of a friend who uses it, I tried Dr. Chase's Nerve Food and must say that it is the most effective medicine I have ever used, and with the change in my health and the use of Dr. Chase's Nerve Food, the eczema cleared up."

FLUTTERING HEART.  
Mrs. J. A. Wright, Barwick, Ont., writes:  
"Last Spring I felt very miserable, seemed tired all the time and didn't care if I never ate anything. I never was hungry, and it seemed as if what little food I did take, did not digest. I could not sleep and my heart was in a weak condition. It would flutter, stop for a second, and then beat so hard that I could hear it thump. I sent for several boxes of Dr. Chase's Nerve Food and by the time I had taken four boxes I felt quite well, and have been ever since. The Nerve Food strengthened my stomach, relieved my heart and built up my strength better than any other medicine ever did."

NEURALGIC PAINS.

Mrs. H. N. Tardell, Harrowsmith, Ont., writes:  
"My nerves were in a very bad state, and for nearly six months I did not know what it was to have a good night's rest. I could not eat, and never felt well. I heard about Dr. Chase's Nerve Food, and began to take it for a few days. I began to feel better, and soon was able to sleep well at night. My appetite also returned, and I felt stronger and better, and after taking three boxes of Dr. Chase's Nerve Food I was quite well."

COULD NOT SLEEP.  
Mrs. Wallace Burwell, R. R. No. 7, Thameville, Ont., writes:  
"For several months my nerves bothered me so that I simply couldn't get to sleep for two or three hours after going to bed. I took five boxes of Dr. Chase's Nerve Food, and ever since I have no difficulty in sleeping. Dr. Chase's Nerve Food is certainly a boon to nerve sufferers."

NERVOUS BREAKDOWN.  
Mrs. Sidney S. Corey, Butternut Ridge, Kings Co., N.B., says:  
"I had a nervous breakdown after a severe attack of the flu. I could not sleep for terrible headaches, nervous twitching of the nerves and muscles, and numbness of the hands. I was so nervous I could not be still. This lasted for nearly a month and a half. I tried medicines from doctors but did not seem to get much help. On the advice of a friend, I began using Dr. Chase's Nerve Food and after taking three boxes I was completely relieved."

NERVOUS EXHAUSTION.  
Mrs. Jane Hooley, Nestleton, Ont., writes:  
"For several years I suffered from what the doctor called nerve exhaustion and I also had eczema on my face. I suffered from sudden starting from sleep, brain fog, nervous irritability and indigestion. Every little undertaking seemed to become such a momentous thing—even the preparing of the meals worried me to death and left me tired out. On the advice of a friend who uses it, I tried Dr. Chase's Nerve Food and must say that it is the most effective medicine I have ever used, and with the change in my health and the use of Dr. Chase's Nerve Food, the eczema cleared up."

FLUTTERING HEART.  
Mrs. J. A. Wright, Barwick, Ont., writes:  
"Last Spring I felt very miserable, seemed tired all the time and didn't care if I never ate anything. I never was hungry, and it seemed as if what little food I did take, did not digest. I could not sleep and my heart was in a weak condition. It would flutter, stop for a second, and then beat so hard that I could hear it thump. I sent for several boxes of Dr. Chase's Nerve Food and by the time I had taken four boxes I felt quite well, and have been ever since. The Nerve Food strengthened my stomach, relieved my heart and built up my strength better than any other medicine ever did."

Mrs. Maurice Naugler, Middlewood, N.S., writes:

My heart seemed to be affected, and I was so nervous that I would not stay in my own home alone. A relative told me I should take Dr. Chase's Nerve Food. I followed her advice and am very glad I did, because I can now go to bed and sleep well and am much stronger in every way."
