THE I. C. R. AND THE PUBLIC WORES.

It is rumored that it has been decided to divide the duties appertaining to the Public Works department which will, it is said, be in charge of two ministers, one occupying the position of Minister of Public Works and the other that of Ruilways. For the former postion Mr. Langevin is to be translated from the post office, while the railway portfolio will be held by Dr. Tupper. It is believed that Senator Campbell will be compelled shortly by delicate health to relinquish the Raceiver Generalship, which the Government is oredited with a desire to abolish, and, that in all probality, the Hear. John O'Connor will succeed Mr. Langevin as Post Master General. Thus, there will be no addition to the number of Cabinet Ministers.
