Publisher's Notice.

The publisher desires to urge upon the notice of all who wish to contribute matter of any kind to the ADVANCE'S columns—whether it be advertising, news or notices of meetings, etc.—that the paper goes to press on Wednesday afternoons and, to ensure publication, their favors should be in the office not later than Wednesday morning.

The printing of the paper is frequently delayed by persons who hold back accounts of meetings, announcements of entertainments, etc., which they might easily send in days before that on which we go to press, but they seem to consult only their own convenience and often place them in our hands on Wednesday after the paper is made ready for press, and seem to think it a hardship because they do not appear; and, in most cases of this kind, the contributions are really free list advertisements. We want to help every deserving organization in the community, freely, in every legitimate way, but must expect them not to delay the publication of the paper when they wish to make use of our columns. Send your matter for the ADVANCE along on Monday or Tuesday, but don't hold it back until Wednesday if you can possibly avoid doing so.

A REAL family medicine in itself—Kendrick's Liniment—Do you know its value?

DENTAL NOTICE:—Dr. Vaughan's office will be closed on Wednesdays from 9 a.m. until 2 p.m., owing to his duties as dental surgeon to the Hotel Dieu requiring his presence at that institution.

26TH-29TH SEPTEMBER.—Monday, Tuesday Wednesday and Thursday—are the days on which the Chatham Exhibition and trotting races are to be held. The show is to be a most meritorious one and should attract thousands of people from all quarters.

WANTED—FAITHFUL PERSON TO TRAVEL for well established house, in a few counties, calling on retail merchants and agents. Local territory. Salary $1024 a year, and expenses, payable $19.70 a week in cash and expenses advanced. Position permanent. Business successful and rushing. Standard House, 334 Dearborn St. Chicago.

To Cure a Cold in One Day

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

Many Politicians.

The busiest place in town on Thursday was the Royal Hotel office. There were gathered many politicians, including the Minister of Railways, Premier Tweedie and members of the government, the leader of the opposition and many influential supporters, including Hon. G. E. Foster, Messrs Clark, Grimmer and Smith, M. P. P's, J. D. Chipman, J. W. Y. Smith and dozens of others. There were also present a number of prominent liberals from different sections who were here to meet with the Minister of Railways.—St. John Monitor.

Calomel Ruins the System

And should only be used under a doctor's orders. For a mild physic take Dr. Hamilton's Pills of Mandrake and Butternut. No gripe, no pain, certain relief for headache, constipation and torpid liver. Use only Dr. Hamilton's Pills, price 25c.

Personal.

Rev. W. J. Wilkinson, of Bay du Vin, was in town on Monday and Tuesday.

The marriage engagement of Mr. J. Paton King and Miss Susie Nicol is announced. A "shower party" was given in honor of the bride-elect, by Mrs. Sabuball, Wellington Ville, on Thursday evening, and a dancing party at Billstone, by Mr. and Mrs. F. E. Neale last night. The marriage is to take place early in October, and the young couple are to reside in Winnipeg, where Mr. King will have an excellent position with the New York Life Insurance Company, which he has successfully represented here for some time.

THE BEST is none too good—McLean's Vegetable Worm Syrup is the original and genuine.

Mr. Nicol's Generosity.

The following speaks for itself. It was received by Capt. Burke on Tuesday—the day of the fire.

CHATHAM N. B. Sept. 13th 1904

Capt. E. Burke,
Chatham Fire Brigade.

Dear Sir:

In order to mark my appreciation of the good work done by you and your men at the fire this morning it is my intention to present each man of the Brigade with a pair of rubber boots.

If you will send me a list of the sizes needed I will be glad to send the boots to the Town Hall.

Yours very truly,
(Sgd,) JAS. NICOL.

The firemen appreciate Mr. Nicol's recognition of their services very highly. Capt. Burke, in giving our reporter a copy of Mr. Nicol's letter, said he could not have presented the men with a more appropriate and opportune gift.

Sporting Notes.

Two Boston men, Messrs. H. W. Gibbs and Jas. Daley, started up the Tobique about three weeks ago for an outing embracing that river and the Nepisiquit. They went to Plaster Rock by rail, and poled their canoes up the Tobique to Bathurst Lake, made a three mile portage to the Nepisiquit, and canoed down that stream to Bathurst. Mr. G. E. Armstrong, the well known guide of Perth, gave the party a permit to fish the Upper Nepisiquit, and they claim to have had the sport of their lives. They caught trout ranging in weight from three to five pounds, and brought the skins of fifteen big fellows with them and turned them over to Emack Bros, Fredericton, to be "mezzoed."

They are most enthusiastic in regard to their trip, which they pronounce the best they had ever had. "We had some long carries," and roughed it quite a lot, but we were not looking for any soft snaps and didn't want them" Mr. Gibbs says the Tobique is the finest river he ever canoed on, and the beautiful mountain scenery near its source, cannot be surpassed. He thinks the Nepisiquit a very wild stream, which offers plenty of excitement and magnificient trout fishing.

TO CURE sore throat bathe in warm water, dry and apply Kendrick's Liniment—For corns apply night and morning.

A. O. H. Convention.

The convention of the Ancient Order of Hibernians, representing the provinces of New Brunswick and Nova Scotia, is to meet in the hall of the order in Chatham, on Tuesday next, 20th instant. It is expected that from 75 to 100 delegates will be present.

The convention of the Ladies' Auxiliary of the A. O. H. of the Province of New Brunswick is to meet in their hall here on the same date.

High Mass (with a sermon appropriate to the occasion) will be celebrated in the pro-Cathedral at 9 o'clock on Tuesday morning. The celebrant of the Mass will be the County Chaplain, Rev. S. J. Crumley of Blackville. The convention will open formally at ten o'clock on Tuesday morning, holding probably three sessions that day.

On Wednesday, the Miramichi S. N. Co's steamer "Alexandra" is to take the delegates and their friends on an excursion, and after the close of the Convention on Wednesday evening there will be an At Home in Masonic Hall

If You Are Losing Weight

Your system is out of order and Ferrozone is needed to start a re-building process. Ferrozone makes new tissues, forms wholesome blood, strengthens the nerves and keeps your physical condition up to the proper standard. "I lost fifteen pounds through La Grippe" writes Cyril Lash of Hartford, "but soon regained my former weight and improved my health by using Ferrozone. It's the best re-builder and finest tonic I ever used." Use Ferrozone—it assures health. Price 50c. at druggists.

Quoiting.

The Quoiting of last Saturday afternoon was confined to Chatham players, who had the Club's grounds in town. The players were Messrs. R. A. Lawlor, Jas. Miller, Jas. F. Connors, Jas. D. Johnston, Chas. Reinsboro, R. B. Crombie, D. G. Smith, Robt. Murray and T. M. Gaynor. The results of play were:

Lawlor and Johnston	21
Reinsboro and Miller	12
Miller and Reinsboro	21
Johnston and Smith	17
Reinsboro and Miller	21
Lawlor and Murray	19
Connors and Smith	21
Crombie and Gaynor	19
Lawlor and Reinsboro	21
Crombie and Murray	14
Crombie and Smith	21
Lawlor and Murray	15

Hymeneal.

On the 7th inst, Mr. H. K. B. Marsland, of Manchester, England and Miss Josie Noonan, late of Chatham, N. B., were married by the Rev. Father E. J. Wiender in St. Patrick's Cathedral, Cumberland, W. Virginia. A nuptial mass was celebrated. The bride who was unattended looked very pretty in a gown of café-au-lait silk, accordeon pleated, with white meline hat. She carried a shower bouquet of pink and white roses.

The happy couple left immediately after the ceremony for Berkeley Springs, W. Va., where they will spend a few days, preparatory to going to Parsons, W. Va., where they will reside. Miss Noonan was one of our most popular and highly esteemed young ladies. Mr. Marsland is also well and favorably known here, having spent some time in Chatham as one of the Maritime Sulphite Fibre Company's staff. They received many handsome presents from friends in various parts of New Brunswick and also from New York and England. We unite with their numerous friends in wishing them a happy and prosperous future.

Dr. Daniel, M. P. Injured.

Dr. Daniel, M. P., of St. John, was driving with his wife in Rockwood Park on Saturday afternoon when his horse got one of its legs over the cross-bar of the shafts, with the result that it went with the carriage partially off the road, which was a steep hill. On the suggestion of the Doctor, Mrs. Daniel jumped from the rig and escaped unhurt, but in his efforts to curb the horse he was, himself, thrown between the wheels and bruised and cut about the head by the underwork of the vehicle. The horse made off leaving him on the road unconscious. Mrs. Daniel, who had the trying experience of witnessing the whole scene, helped her husband as far as possible until other assistance arrived, when he was taken to a drug store, where Dr. Scammell treated his injuries, which were very painful, after which he was driven to his home in the city. He is now improving and his many friends are glad that, although severely hurt, the mishap did not result more seriously, as it might have done.

CLOTHING

We have FALL CLOTHING of every description for

Men, Boys, Youths and Children.

Our $10.00 suits for Men are unexcelled in Quality, Fit or Price.

A special line of Overcoats, Ulsters and Reefers now open for inspection. Cravenette Coats and Rubber Coats in quantity and quality.

Buy a Cravenette Coat and it will take the place of an Overcoat for Fall and Spring, or a Raincoat at any season of the year.

NOW IS THE TIME TO INVEST.

W. S. LOGGIE Company, Ltd.,

To Break Up a Cold

Right quickly nothing works so nicely as Nerviline taken real hot. Its sends a glowing warmth all through the body, and when rubbed on the throat and chest loosens up the cough and relieves tightness and soreness in the chest. Nerviline is used as a preventive and cure for colds, coughs and winter ills in thousands of homes because it goes right to work and brings relief quickly. There is no remedy in the world with half the power and merit of Nerviline: it's invaluable in every house. In large bottles, price 25c.

Improved Streets.

There is much favorable comment on the permanent improvement made in some of the Chatham sidewalks during the summer, and also in the driveway portions of many of the streets. The abandonment of the oldtime practice of laying down deal sidewalks and crossings is to be commended. It was a very wasteful practice, for renewals had to be made every four or five years, involving the cost of new deals and also of the labor of putting them down. The sidewalks now being made are permanent. The alleged gutters—sometimes from a foot to two or more feet deep, and which were spanned by plank bridges in front of every resident's doorway and yard—have been graded up by filling in or, where necessary, the street has been graded down. The removal of the unsightly bridges, which served to collect all the loose and light debris that was blowing about, has greatly improved the appearance of the streets that have been cleared of them and, to that extent, rid the town of one of its well earned reproaches. The new sidewalks have not in all cases received their finishing touches, and require to have their surfaces evened up here and there, but they are so much better than the old deal ones that they give great satisfaction, especially when the ratepayer, at all events, realizes that they are permanent and, therefore, far more economical that those they have replaced.

Bathurst-Bound Barquentine Wrecked.

A Sydney, N. S. despatch brings news of the loss of the Russian barquentine Michenzen, of Riga, 37 days from Liverpool, with a cargo of salt for Bathurst, N. B., which went ashore Sunday evening 4th inst at 7.30 o'clock near Simons Point, three miles west of Louisburg, N. S.

There was a heavy storm at the time and the vessel immediately began to fill with water. The sea made a clean breach over her, smashing her boats and washing everything moveable from her decks. The crew, consisting of captain, his wife and child, sister-in-law, and eight men were placed in great peril of their lives.

About two hours after the vessel struck she careened over on her beam ends, and the crew were obliged to get in the rigging on the weather side. In that position they remained all night until 9 o'clock Monday morning, when they were rescued by fishermen who observed the wrecked vessel and went to her assistance, succeeding in taking all hands off with great difficulty and much risk of life owing to the heavy sea running.

The women and children were benumbed with cold when rescued.

The accident was due to Captain Ditzen being out of his reckoning, he believing himself to be eastward of Scatarie Island.

Simons Point has been the scene of a great many wrecks and is considered one of the dangerous places on the Cape Breton coast. The Michenzen was 450 tons register, four years old and valued at $15,000. Both vessel and cargo were insured.

Normal School.

Fredericton, N. B. Sept. 7—The formal opening of the Provincial Normal School took place this afternoon and passed off very pleasantly. The students to the number of more than 200 were mustered in the assembly hall at 2-30 o'clock, and addressed by principal Crocket, Governor Snowball, Premier Tweedie, Dr. Inch, Hon. C. H. LaBillois, Dr. Harrison and Hon. F. J. Sweeny.

Mr. Crocket delivered a lengthy address, cordially welcoming the students to the normal school, and urging them to be diligent in their studies, that they might become useful members of the teaching profession.

The governor, who expressed pleasure at being present, urged the students to settle down to hard work that they might become efficient and learn how to impart their knowledge to others.

Hon. Mr. Tweedie, who is an old pupil of Principal Crocket, paid a warm tribute to that gentlemen as an educationist, and spoke words of encouragement to students. He said the board of education intended increasing the salaries of school teachers just as soon as the finances of the province would permit it.

Dr. Inch advocated a two hours' course for normal school, so that more attention could be devoted to professional work. He urged students to take plenty of outdoor exercise, and look carefully after their health. He was inclined to agree with the theory that the sickness among students here in the past years was due to overcrowding at boarding houses, and he thought that should be avoided.

Hon. Mr. LaBillois said that in his travels about the province he frequently visited schools, and was satisfied they were doing good work. The cost of living had increased in recent years, and the question of salary with a teacher was becoming a very important one. He favored increasing the teachers' salaries, and was sure it would be done by the government just as soon as finances of the province are in condition to warrant it. He promised that next year some improvement would be made to the normal school building.

Chatham's Big Exhibition.

The management of the Miramichi Agricultural Exhibition Association are working with great activity on the preparations for their big show which is to take place 26th to 29th instant, inclusively. A fresh coat of paint is being put on the building and the decoration committee is adding to its interior attractions. A grand stand with a capacity for 300 people is being put up in the show ring, as a place from which a good hearing of what the judges may say in reference to the animals winning prizes, as well as those which do not may be had. This will be a valuable addition to the educative features of the exhibition.

Arc lights are being placed on the grounds in rear of the building.

Besides the trotting races, for which the biggest field of horses ever seen in Chatham are entered, arrangements have already been made for Gentlemen's Driving Races—double and single—; a Ladies' Driving Race, a Bicycle Race and a Cowboys' (Running) Race. The management are also trying to arrange for an automobile race. At all events, there will be an automobile exhibition.

To accomodate the large field of trotting horses, additional stalls are being erected within the track grounds, and the stalls are having an incandescent electric light service installed.

The entries for the different trotting events, which are to take place on 28th and 29th, are as follows:—

1ST DAY'S RACES.

Purse $300. 2.20 trot and pace.

NAME	OWNER	RESIDENCE
Elstill Boy, (2 20½)	Springhill Stables,	Springhill, N S

73RD NORTHUMBERLAND REGIMENT.
REGIMENTAL ORDERS BY LT. COL. MACKENZIE COMMANDING

HEADQUARTERS, CHATHAM, SEPT. 15 1904.

1 A Guard of Honor will be furnished from Nos. 2, 4 and 5 Companies on Monday evening 26th inst to receive His Honor the Lieut Governor at the Exhibition grounds, Chatham.

2 Captain D. McNaughton, No 4 Coy will command and Nos. 2 and 5 Companies will each furnish a Subaltern.

3 The Guard will parade in Review order at 7 o'clock p. m. in the Curlers Rink.

4 It is desirable that any officers who can attend will do so in uniform and join the Governor's staff at the Exhibition Building.

By Order.
W. H. MUIRHEAD Captain,
Acting Adjutant.

Fires and Their Lessons.

Chatham has had quite a number of fire alarms during the past week and, at least, one serious fire. Soon after one o'clock on Sunday morning, the "Sheridan" house, so called, near the Canada Wharf was burned. It was vacant at the time and had evidently been set on fire, either purposely or accidently by some of the half drunken loafing class who, like our corner loafers, are never too well looked after in Chatham.

A more serious fire, which is believed to be of similiar origin, was started at about a quarter to five o'clock on Tuesday morning in some rubbish in rear of the Hoffman building on Water street, in the centre of the business district. It had made considerable headway before being observed by anyone. Some people who had been getting a drink in a nearby Scott Act bar first saw it and gave the alarm to which the fireman responded very promptly. Nine streams from as many hose lines kept the flames in check, but as they had gained headway in the Hoffman store and burned through the unused door leading into Mr. Ken Brean's barber shop, as well as got a hold in the tall vacant Creaghan building on the east, formerly occupied by Messrs. Ferguson & Thornton and Roger Flanagan, respectively, the fight was an arduous and tedious one on account of the dense smoke. A warehouse in rear of Mr. A. J. Loggie's grocery store also took fire and was drenched with water, practically ruining considerable quantities of flour, meal heavy feed and other stock.

The Hoffman and Creaghan buildings were very badly damaged and will have to be practically rebuilt. The Hoffman dry goods stock, valued at $14,000 to $15,000, while not consumed by fire to any great extent, was completely deluged with water and is as near a total loss as possible.

Mr. Brean's handsome outfit of patent chairs, mirrors and other up-to-date fittings were hurriedly removed with little damage and conveyed across the street to the Post Office sidewalk. Some of the Hoffman Stock might have been saved in the same way if the owners had permitted it.

Messrs. Hoffman had $4,000 insurance on building and stock. Mr. Creaghan had $2,000, of which $400 was on the warehouse in the rear, which was not injured.

Fireman Wm. Lobban, while in the act of breaking a window in the Hoffman building to enable him to get a nozzle through, slipped and fell forward, his wrist coming in contact with broken glass which cut it very badly disabling him as a fireman for the remainder of the fire.

During the same day there were two alarms of fire caused by little blazes in the Dominion House, which, owing to the nearness of the town engine house, were soon extinguished.

The same parties who started the Hoffman fire, or some others like them, made a similar attempt in the rear of Mr. W. J. Connor's store a little further down Water street. Some lining paper from a sugar barrel and store sweepings were put in a barrel at the rear of the store on Monday, and on Tuesday morning it was observed that they had been set on fire and consumed, burning also a part of the staves inside of the barrel. The fire had evidently gone out of itself.

There are several obvious lessons to be learned from these fires. Some of them are that better night police service is needed; that the half drunken loafing class should be compelled to be off the streets and out of doorways and similar places "after hours" and that storekeepers and householders should refrain from placing inflammable stuff in or out of barrels about their out-of-door premises.

Chatham Town Council.

Our reporter failed to remember that the regular monthly meeting of Chatham Town Council had been postponed by action of law from Labor Day until Monday evening, 12th, and as a consequence the ADVANCE was not represented at the reporter's table on the latter date. We are, therefore, indebted to the Commercial for the following report of the proceedings:—

The Mayor read the following letter from Mr. Crombie of the Bank of Montreal:

Dear Mr. Murdoch—

As one member of the Council at least, is opposed to the town paying the expenses of your trip to Ottawa, I feel I would like to reimburse Your treasurer—as your being with us contributed so much to the success of our visit. I would have offered to do so in the first instance but I was in doubt as to how it would be received, believing that the town was quite as much interested in the re-establishment of the pulp mill as we were. If you kindly let me know if I may do so, I will send a cheque for the amount.

Ald. Watt said the town was certainly interested in having the pulp mill started and the Mayor's expenses to Ottawa should be paid by the town. He moved that Mr. Crombie's offer be declined with thanks.—Carried.

The Mayor read a letter signed "Unknown Friend" asking that something be done for God's sake to stop the sale of liquor, and that a law be passed to close the "barrooms" at 7 o'clock during week and at 6.30 Saturdays. The letter charged the officers with being bribed.

Mayor Murdoch said he simply read the letter to show that people actually believed that the Council had charge of the bars in town. It was a sample he received almost daily, asking that the sale of liquor be stopped.

A letter from the W. C. T. U. called attention to the large number of children in the park and on the streets late at night, and asked that a bell be rung at 9 o'clock at which time all children under 15 should be gathered in.—Referred to By-law Com.

A letter from Imperial Oil Co., asked for a renewal of contract for machine oil.

Ald. Gallivan moved that tenders be asked for the year's oil.—Carried.

Ald. Watt read a petition from residents of Ellis and Kerr sts., asking that water system be extended to these streets.

Ald. Watt said the last council had practically promised the petitioners that the system would be extended this year, and he moved that the matter be referred to Water Com.

Ald. Maher also favored the extension.

Ald. Gallivan and Snowball favored giving these streets water, but thought the season too far advanced, and the finances too low at present to begin the work.

Ald. Watt said that the last bond issue was secured on the understanding that the water and sewerage systems should be extended in the West End. Now, it hadn't been extended and he wanted the work done at once.

Ald. Maher said that last year Ald. Snowball agreed that the West End should have water, but instead of carrying this out it was neglected and the town spent $600 in extending the system out King Street for gas man's benefit.

Ald. MacLachlan would like to see the sewerage extended to the Curleen slip as originally intended.

Ald. Watt, moved an amendment that the prayer of the petition be granted. Amendment lost—3-5.

Ald. Snowball moved that the Water and Sewerage Com. submit estimates at next meeting for extending sewerage and water systems in east and west ends.—Carried.

Ald. Watt reported from Board of Works recommending that deed be prepared for conveying the McLaughlin land for street to the town, and that $100 be paid Miss McLaughlin for same. Also that A. C. McLean be paid $25 on his deeding to the town 8 feet of land in front of his store, Canard street.—Adopted.

Ald. Snowball submitted light and water report and bills for month which were adopted.

Ald. Maher of Fire Committee reported four fires during month; that two hose reels had been placed in lower engine house, and the key placed at Lake Mills' house; that action regarding fire alarm system had been delayed till Mr. Clinch arrived; that it was believed the recent fires in east end were of incendiary origin and that a reward should be offered for apprehension of guilty parties.

Ald. Maher moved that the Mayor offer a reward of $30.—Carried.

Ald. Snowball said there was little doubt about the fires being set by half drunken men whom the policemen shoo from the center of the town like a man would shoo a flock of hens. Drunken fellows should be locked up and fined to the full extent of the law.

Considerable discussion took place in regard to the breaking of the hose cart in going to the Irving fire, and Ald. Snowball moved that Mr. Carvell be made pay for repairs to cart, on account of his driver being in charge of it—Carried.

Ald. Gallivan said some arrangement should be made whereby the town's property wouldn't be at the mercy of the teamsters. It might be unwise to collect damages but this should be a warning for more care to be exercised.

Ald. Bentley thought a bylaw should be passed giving janitor authority to manage persons hauling fire apparatuses.

Ald. MacLachlin of Finance Com., reported to the effect that T. F. & J. J. Whitty be relieved from personal property tax; that Mrs. Benj Clancy's assessment be reduced to $600; and that income assessment of Jas. Barry, sr., be reduced to $100. The date for receiving appeals re. assessment expired Aug. 26 The cost of advertising town in the Book of Canada would be $25. That L. A. Curry, counsel in pulp mill tax matter, had reduced account $50 and balance had been paid; that Hanscom and Miller foundry suits had been postponed till November court; that it was found to be too late in the season to arrange for a home week in connection with exhibition. Taxes collected to date amount to over $22,000.

Ald. Maher moved that no action be taken in regard to advertising town in Book of Canada.—Carried.

Ald. Morris submitted the August Scott Act report: Thos. Flanagan, A. Mann, J. Johnston, J. R. McDonald, M. Jardine, D. Cassidy, Arthur Martin, all fined; Mrs. Shand, dismissed.—Report filed.

Ald. Bentley said that the Council is not satisfied with the enforcement of the Scott Act. The $380 collected in August is simply hush money—blood money. Men are being ruined by the saloons in town, and employers with some humanity about them actually have to smuggle part of the men's pay to their wives in order to keep them from being in want. Drunkenness is steadily increasing in town and nothing is being done to put down the cursed traffic.

Ald. Snowball moved that the Mayor be authorized to call a public meeting to consider a proposition from a company which proposes building a boot and shoe factory here, provided they get certain assistance from the town—Carried.

Ald. Bently moved that the Council is dissatisfied with the enforcement of the Scott Act.—Carried. Yeas: MacLachlan, Morris, Watt, Bently, Snowball, Nays: Fraser, Gallivan, and Maher.

Ald. Gallivan was sorry that Ald. Bentley had so far lost his temper as to term the fines blood money, and as a representative of the people he hurled the accusation back in his teeth. He was glad there was a sensible editor present who wouldn't publish such uncalled for remarks. He (Gallivan) wanted to see a reasonable enforcement of the law, but considered Ald. Bentley an extremist.

Ald. Bentley was surprised to see a man stand up and defend matters as they exist in town today. He would repeat that the money received was simply hush money. If town received $10,000 a year from this source the iniquity of the traffic would not be lessened in the least.

Ald. Snowball said matters were growing worse and worse and he would favor asking the three Inspectors to hand in their resignations at the end of the month if the Scott Act cannot be vigorously enforced. It is currently reported that the chief has been receiving hush money, and the state of affairs is a disgrace to Chatham.

Ald. Watt also spoke along these lines.

Ald. MacLachlan said he did not have quite as much experience with drunkenness as his colleagues, but he certainly thought that if the Inspectors could not cope with the difficulty they should be asked to resign.

Ald. Maher said the Inspectors had told him it was impossible to enforce the law properly as Aldermen had interfered and "hauled them off." And some of those who are doing the most kicking tonight are the ones who asked Inspectors to give certain parties another show. He knew his statement could be proven.

The Mayor spoke at some length showing that he was in sympathy with having matters changed from the present state to strict enforcement of the law.

Adjourned.

Safer Than Ever.

(Baltimore American.)

Now the reedbird and the rallibird and the squirrel
For the time when they're protected by the statute has gone by;
Every field and every woodland will be filled with gunnies bold
Who for days have been frequenting shops where ammunition's sold,
Every dude, unskilful marksman that the city can afford
Will be laden with a shooter—might as well just take a sword;
Some will be brought home on shutters, some will still a dog or cow;
But the bruises and the squirrels ne'er before were safe as now.

INTERCOLONIAL RAILWAY.

Tender for Cribwork.

Sealed tenders, addressed to the undersigned, and marked on the outside "Tender for Cribwork, St. John," will be received up to and including

TUESDAY, THE 27TH DAY OF SEPTEMBER, 1904,

for the construction of CRIBWORK on the COURTNEY BAY BRANCH, St. John N. B.

NOTHING TO PAY.

GRAND EXHIBITION

Prepare Your Exhibits!

Send the Prime Specimens of your VEGETABLES

Show the Choice Specimens of your GRAINS

TO THE EXHIBITION AT

CHATHAM,

Commencing Sept. 26th

—AND—

Closing on the 29th.

If you have not already received a printed Prize List send to MR. GEO. E. FISHER, Secretary, for one.

The Management of the Exhibition are anxious that the LADIES from all parts of the country should exhibit specimens of their Arts, Handiwork and Industry, and trust that these entries will be numerous. Mayor Murdoch specially controls this department.

North Shore Exhibits will be allotted space free.

JAS. D. JOHNSTON,
Chairman of Committee.
