HE EARNS HOLIDAYS IF ANYONE DOES

But John Collins, Who Spends His Days Helping Holiday Seekers, Gets No Vacation Himself.

John Collins, the stalwart I. R. C. policeman, is watching the holiday throngs begin to come and go these days with a rather wistful expression on his face. If he knew his own holidays were approaching soon he would feel a little more cheerful. He has to answer all the fool questions hurled at him by the happy trippers on their vacation. He does not have that consolation, however. For about thirty years he has been wearing the uniform six days a week all the year round, and now with the advent of the Sunday trains it is seven days in the week or 365 days in the year. His hours are particularly short either, running as a general thing between 10 and 12 hours a day. It would strike the average person that if anyone was entitled to a vacation with full pay once a year he is, any rate he does not get any holidays.

PASSENGERS HAD TO SIT UP ALL NIGHT

Excursionists to St. Martins on Dominion Day Did Not Reach St. John Until the Next Morning.

Those who depended on the St. Martins Railway on July 1st got sadly left. The afternoon train left St. Martins all right but did not reach Hampton on schedule time. It met with an accident half way that disabled the engine and repairs were not made and the train started again until late that night. The passengers had to make the best of it and make themselves as comfortable as possible in the cars over night. They reached Hampton on Friday morning and those bound for St. John got in on the Maritime Express at 10:40.

THE MOOSE PATH RACES

Preparations are steadily advancing for the Moosepath track meet in the latter part of July. Everything is being done to make the meet the most successful ever conducted on the track. The fastest horses in the Maritime Provinces and Eastern States will compete in the various classes.

John Ross, secretary of the Driving Association, has been busy arranging the entries. He hopes to have the list completed this evening. Mr. Ross states that all the flyers at the Fredericton meet will participate in the events at Moosepath Park.

It is the intention to put Moosepath in first class condition and a crew of men will be put at work immediately with this object in view. Announcement of the officials for the big racing events will be forthcoming shortly.

The Woodstock race on July 8, 9 and 10 are the next on the Maritime programme. Fred Duncan's fast string will face the starter in the races.

WM. McLEAN IS NEW SCHOOL INSPECTOR

Appointment Will be Made on Wednesday

Is One of the Oldest Teachers in the City—Several Names Mentioned for Principals of Aberdeen School.

It has been decided that William M. McLean will succeed to the position of District School Inspector, lately made vacant by the promotion of William S. Carter to the chief superintendency of the province.

The Board of Education will meet on Wednesday, when this appointment will be formally made. The new inspector will take charge immediately. The duties will be the same as those performed by Mr. Carter.

Mr. McLean has long been active in connection with the public school life of this city. For upwards of forty years he has labored in various classes. Since the erection of the Aberdeen School Mr. McLean has been principal.

There were other names mentioned in connection with the position including Thomas Powers and Samuel A. Warrell.

The appointment of Mr. McLean creates a vacancy in the principalship of the Aberdeen School. Roderic Stoves of the High School staff, and John McKinnon, principal of the Metcalf School, are spoken of as possible successors to Mr. McLean. The latter appointment, however, will be made by the Board of School Trustees and it is quite probable there will be a large list of applicants to choose from.

THE PLAYGROUND WAS OPENED THIS MORNING

Crowds of Children on Hand to Share in the Fun—All in Readiness by Tomorrow.

From all sections of the city children flocked this morning to the Centennial playground, which was opened at 10 o'clock. The fine weather brought numbers of children to the grounds as early as 9 o'clock, and there was a joyous rush into the grounds when the gates were thrown open.

The attractions are numerous and the children spent a most enjoyable morning. Everything will be in readiness by tomorrow, when a banner attendance is anticipated. Probably the greatest source of pleasure at the grounds this morning was the slide. Scores of children were anxiously awaiting their turn. In fact throughout the whole morning the slide was continuously in use.

The croquet plot in one corner of the grounds is looking beautiful. It is planned to play a number of games during the afternoon. The tennis will also be in readiness this afternoon.

To the larger children, particularly the boys, the basket ball court is bringing lots of fun. The court is a good one and the ball is a beauty. Interesting games are expected to take place during the season.

At the grounds today the erection of the fire-escapes on the Centennial building was being rushed. However, the work will in no way interfere with the enjoyment of the children.

During the absence of Miss Isabel Peters, the playground is being directed by Mrs. D. P. Chisholm, who is also acting as accompanist. Miss Nina Robertson is the chief supervisor, with Miss Buckman as assistant.

The playground committee of the Women's Council, under whose auspices the grounds are being conducted, deserve congratulation upon the success of the opening day. It is to be hoped that there will be an earnest response to any request for funds from the committee.
