with the horrors of a hundred years of insurrection, murder, slavery and despotism that followed.

It is all too horrible to dwell upon. Austra's portion out of the Polish murder and rapine, Galicia, comprises an area of over 30,000 square miles, bounded north and east by Russia, on the south by Hungary and Bukouina, and on the west by Prussia and Austrian Silesia. Fully six million souls occapy this area.

Of these about two and a quarter millions are Rusniaks—interchangeably called Russinen, Ruthenens, and Ruthenians, whom I shall call Ruthenians in these papers, and who are of Russian stock and tongue. A million and a halt are Jews. The remander are about equally divided between Austrian and Russian Germans.

Almost the entire nobility are of Polish extraction and are country loving and living people. The peasantry are all Poles and Ruthenians. It will therefore be readily seen that nearly the entire inhabitants of Galician towns and cities are Polish Jews and Germans, the former greatly predominating. To illustrate, this ancient city whose population does not exceed 50,000 souls, contains 28,000 Jews. Lemberg, commercially the leading city of Galicia, has 60,000 Jews among its 100,000 people. And, I have the word of a friend, a Canadian resident of Kolomea, that among the 28,000 inhabitants of the latter city more than 21 000 are Jews.

Practically then, Austrian Galicia presents for study four classes—the Polish and Ruthenian peasantry who, while theoretically free men, are more slavish than slaves; the ancient Polish nobility who are either rich and great enough to live almost regally in Berlin, London or Paris, or home-loving enough to live almon their own financially own both peasant and master body and soul, as well as all his business affairs of every name and nature; and the military who relentlessly control them all.

thousand years.

We went by rail to the little village of Jordanow, and crossed a northern spur of the Tatra, thus coming directly into the valley of the Arva and the great highway from Cracow to Buda-Pesth. Along this road we tramped for a day in company with every manner of picturesque fellow traveler; lodged at Arva Varallya; and the next morning set our faces towards the east and
