

THE WEATHER.

Toronto, Ont., Nov. 25.—The Atlantic coast storm has moved northward and is now centred in Maine, having given Northern gales with snow here and in Quebec and southeast gales with rain in the Maritime Provinces. The weather continues very cold in the Western Provinces.

New England Forecast. Washington, D. C., Nov. 25.—Forecast for New England: Fair in West, rain or snow and colder in east portion Friday; Saturday, fair, slightly warmer in west portion; moderate winds, mostly northwest.

AROUND THE CITY.

Bringing Clydesdale Horses.

The Cassandra is now on the way to St. John with sixty-eight Clydesdale horses which by arrangement with the Provincial Department of Agriculture are to be offered for sale here next month. The Cassandra should arrive here about December 1st or 2nd.

Public Missionary Meeting. In the Tabernacle Church this evening a public missionary meeting will be held under the auspices of the Women's Missionary Aid Society. Mrs. D. Hutchinson, provincial president of the Union, will preside and Miss Helen Blackadar, returned missionary, will give an address on missionary work in the foreign field. Special music will be provided by the choir.

Temple Fair. Temple fair still continues to draw large crowds. The door prize last evening was won by ticket 623, but as the holder was not in the hall when the result was announced, the prize is still unclaimed. This afternoon at 2:30, the doors will be thrown open to the children. This is the last day of the fair and it is expected that a record crowd will attend.

An Unsatisfactory Wagon. Between 3 and 4 o'clock yesterday afternoon a wagon driven by Fred Chisholm broke down on Mill street and delayed street car traffic for more than twenty minutes. There were fifteen cars on the line at one time. A peculiar thing about the accident was the fact that the same wagon caused a similar hold up by breaking down on Dock street about a month ago.

Put Fiat Through Glass Panel. A friend of William Thurlow, proprietor of the Boston Dairy Lunch, 55 Mill street, became engaged in a dispute with Mr. Thurlow about 8 o'clock last evening and in the heat of the argument put his fiat through the plate glass panel of the street door. There was some excitement for a few minutes, but the matter was amicably adjusted without the aid of the police by a promise to settle in the morning.

R. K. Y. C. Smoker. An enjoyable time was spent at the R. K. Y. C. Smoker last evening. After the programme, refreshments were served and the gathering did not disperse until a late hour. Vocal solos were given by H. B. Roubillard, W. J. Banbury, H. A. Allison, Geo. Brown; flute solo by Roy Crawford, and clarinet solo by F. C. Jones, the latter two numbers with orchestra accompaniment. Commodore Robert Thomson presided. D. Arnold Fox acted as accompanist.

To Raise \$2000 For Missions. At the missionary luncheon in Portland Methodist church last evening a resolution was passed that the church seek to raise \$2000 for mission work during the next year. The luncheon was largely attended and some excellent addresses were given. The speakers were: Rev. Jas. A. McConnell, B. D., of Fredericton; Mr. J. N. Harvey, Mr. P. R. Murray, Rev. Thomas Marshall, Rev. W. W. Ross, Rev. James Crisp, Mr. Percy Steel, Mr. F. S. Thomas, Mr. R. T. Hayes and Rev. Neil McLaughlin.

A Presentation. After nine years' service in the I. C. R. freight office, Mr. John P. Kiewen yesterday severed his connection with that institution and will take over the business formerly conducted by his father, the late Richard Kiewen, with Messrs. Stetson, Cutler Co. Yesterday afternoon Mr. H. H. Hatch on behalf of the other I. C. R. employees, presented Mr. Kiewen with a handsome pipe, suitably engraved. Mr. Kiewen thanked his fellow employees for their good wishes and stated that he would always remember the years he had spent in the office as the most pleasant ones of his life.

New Baggage Room in Use. A second section had to be added to C. P. R. train No. 9 from Montreal yesterday in order to accommodate the number of people who are to be on the Virginian. The people were mostly Assyrians and Italians who are returning to their homes after a stay in the west. The baggage of the emigrants was not brought to the Union Depot as in former years, but was left in the new baggage room which has been fitted up by the C. P. R. at Fairville station. The officials say that this is a great convenience for them as well as the people as the train shed and depot are no longer littered up with baggage of all kinds and this also prevents the foreigners by a certain extent from hanging round the depot.

Exmouth St. Y. M. A. The Exmouth street Y. M. A. held their annual meeting last evening. The reports submitted showed the association to be in a flourishing condition. The following officers were elected for the year: president, Mr. R. F. Goodrich; 1st vice-president, Mr. Roy C. Dalzell; 2nd vice-president, Mr. W. G. Drake; 3rd vice-president, Mr. Wm. Case; 4th vice-president, Mr. Roy F. Henderson; secretary, Mr. W. J. Mason; financial secretary, Mr. Fred Hastings; chaplain, Mr. Wm. Thompson. The Y. M. A. are anticipating an active season in athletics and handball and basketball leagues will be organized. It was also decided to enter a basketball team in the intermediate league should one be formed. The Y. M. A. gymnasium is now open every evening to members.

Mrs. Geo. A. Kimball was hostess of a five o'clock tea yesterday.

LOCAL GOVERNMENT WORKING IN BEST INTEREST OF PEOPLE

B. F. Smith Of Florenceville Tells Of Sentiment In Carleton County—Bridge Likely At Brown's Siding.

An important step for the advancement of farming interests in Carleton county was urged upon the Provincial Government yesterday when Mr. B. F. Smith, ex-M. P. and Mr. Robert W. Hume of Florenceville met Premier Hazen here and presented the claims of the county for a bridge across the St. John river at Brown's Siding, a convenient point between Andover and Florenceville. Speaking to a Standard reporter after the conference Mr. Smith said that he and Mr. Hume had been very courteously received and the Premier had offered such reasonable advances that it could be expected that before very long the location and the erection of the bridge would be in the hands of the contractors. "This is only another instance of the regard which the Provincial Government has shown for the best interests of the people," said Mr. Smith. The Hazen administration is immensely popular in Carleton county. We are looking for a valley railway and, personally, I feel very much disappointed with the inaction of the Dominion Government in the matter. In the interest of the people of Carletonville the section tapped by such a railway, the scheme should go through and I am sure it will, sooner or later, if not before it may be confidently expected after a change of Government at Ottawa.

Potatoes Going Higher. Mr. Smith brought cheering news from the potato fields of Carleton county. "As far as the sales are concerned," he said, "the farmers are holding their potatoes for \$1 a barrel and judging from the price paid by the Cuban market, opened up through the efforts of Hon. J. K. Flemming and the Provincial Government, the dealers will be able to meet their figure in a short time.

"The rot has now been checked and it is hoped that the stored potatoes will be free from any affection. In view of the encouraging outlook fertilizer companies are satisfied with deferred payments.

The farmers are getting a good price for hay, pork, butter and other produce and those who believe that the farmers are depressed from the reported serious affection of the early potatoes, are entirely astray."

Asked as to his future political course Mr. Smith replied briefly that this was a matter which rested solely with the people of Carleton county.

ALD. SCULLY AND BELVEA TO ATTEND FERRY COMMITTEE

Members Who Intend To Resign Will Be On Deck This Afternoon—Their Views On The Situation.

A session of the ferry committee will be held this afternoon and is expected to be a lively one, as the two aldermen who have resigned will attend pending the acceptance of their resignations by the Common Council. Ald. Scully when interviewed last evening stated that he did not wish to have the ferry service made any worse by any supposed action on his part. The boat was only making hourly trips now. Ald. Potts had accused him of failing for votes, but no one could ever make that accusation against Ald. Potts.

Ald. Belyea when asked, said he would attend this afternoon for the purpose of handing his resignation to the chairman as previously he has simply stated verbally to the mayor his intention to resign. Ald. Potts had sneered about the building of a bridge, but if the present system of handling the ferry continued it would be absolutely necessary to have a bridge as there would be neither ferry nor floats left.

An afternoon paper, Ald. Belyea added, had stated that changes had been made because the ferry committee had said Capt. Lord was unfit for duty on account of his eye sight. As one who had been a member of the committee he could not say that when he got a diploma showing his ability to examine and pass upon the eye sight of city officials, he would hang out his shingle.

PERSONAL. Mr. W. H. Thorne, who was recently elected president of the Cliff Club, entertained the members of the club at a dinner at the club house last evening.

Mr. R. A. Hardaker of Chipman will leave today on the Virginian on a visit to his old home in Liverpool. Mr. Hardaker will be absent about six months.

Mr. Fred Dunham of Brussels street was stricken with paralysis yesterday morning and taken to the General Public Hospital. He was reported last night to be in an unconscious condition.

REV. G. W. H. TROOP NOW UNITARIAN WELL KNOWN HERE

Son Of Rev. G. Osborne Troop Called To Ottawa Church, Spent Early Life In St. John.

St. John friends of Rev. G. Osborne Troop, of Montreal, will be interested to know that his son, Rev. G. W. H. Troop is returning to Canada from Washington. The younger Mr. Troop was either born in St. John or spent his infancy and early boyhood here. He received his college education in Montreal and the United States and entered the ministry of the Episcopal Church. Recently he discovered that he could no longer honestly profess adherence to the doctrines of the church and made known the fact to his bishop. At his request the bishop formally removed him from the Episcopal ministry after which Mr. Troop joined the Unitarian body. He has now been called to the pastorate of the Church of Our Father in Ottawa. It is a rather interesting fact that both of the official reporters of the Senate, three members of the Commons Hansard staff and one of the principal officials of the legislative library are members of this Unitarian society.
