## NOTHING TO IT SAYS JUDGE GARY

Denies That His Visit to Europe Has Anything to Do With Americas Buying German or Austrian Munition Plants.

(Copyright, 1920, by Public Ledger Company.)

Paris, Aug. 9.—Judge E. H. Gary in a talk with your correspondent denied that his visit to Europe had any connection with persistent rumors of American capital buying interests in Krupp and in the Skoda munition works of Austria. He declared he was not going into Germany or Austria, but admitted he might go far as Italy.

He intends to make a two months pleasure tour of France, including the battlefields, also Belgium and Spain. This is his first visit to Europe since he has left France in 1914. Judge Gary is taking a lively interest in seeing the traces left in Paris by German bombs dropped during the war.

## NEW WAY OF MAKING WILL

Told it to the Dictaphone and Had the Record Sealed up—May Not be Legal Until Legislation Passed.

Des Moines, Ia., Aug. 9.—What he says he believes to be a "fraud proof" will has been made and filed in the office of the clerk of Polk county, Iowa, by Theodore Mantz, a Des Moines lawyer. Mr. Mantz dictated his will into a talking machine and had it recorded in wax.

At the end of the dictation C. H. Miller, a lawyer, and H. W. Brandt, a court reporter, testified into the machine they were witnesses to the "making" of the will, and spelled their names out in full as the witnesses. The record then was put on a machine and reproduced the voices. Being pronounced correct by Mr. Mantz he took it to the clerk's office, had the box containing it sealed in wax and filed.

Mr. Mantz has instructed Mrs. Mantz to take the case to the highest court of the country if the validity of the will should be questioned.

The will on a record is believed by its maker to be the first of its kind in the country. Lawyers say a possible objection to wills on talking machine records is an Iowa statute which says conveyances of property worth more than \$200 must be in writing. Mantz says he will go before the next session of the Iowa legislature and endeavor to get a bill through which will legalize spoken wills when recorded as written ones.
