HUMOROUS REVIEW OF EDUCATION

Parliamentarians at Ottawa
Revel in Old Recollections
of University Days.

Ottawa, Ont., April 3.—Speeches by Sir George Foster, Sir Arthur Currie and Dr. P. D. Ross, Senator Bostock and Senator Gerald V. White featured the banquet given last night in the House of Commons restaurant by the Ottawa branch of the McGill University graduates. Several hundred seasonal visitors and leading men and women of Ottawa were present at the brilliant function. Senator White presided and read letters of regret from His Excellency the Governor-General, Right Hon. Ashbur Meighen, who stated that the reception arranged to Mrs. Meighen and himself at the same hour in Montreal alone prevented him from being present; from Hon. W. L. Mackenzie King, Sir James Lougheed, Government leader in the Senate and Mr. G. Goddard, who wrote on behalf of the Hon. Sydney Fisher, whose very serious illness prevented his attending.

Sir George Foster, commenting on a remark of Senator White that the speaker was the Father of the House of Commons said:

"If that be so, then never did father have such an unruly family and no father has ever had more misgivings about his offspring than he.

Hat Off to McGill

"I take off my hat to McGill," he continued, "it is a large, I believe a respectable institution (laughter). But for me, there is but one Alma Mater, the little university that resides near the city of Fredericton in New Brunswick." He also told of the difference between then and now in college.

"In those days, not a single skirt flouted its way to McGill," he said. "I stand for the small university. They do something for a man that

REFUSED ADMITTANCE TO THE HOSPITAL

Seaman Taken in Ambulance
But Case Not Serious—
Sent Back to Ship.

About three o'clock yesterday afternoon a man was found on King street suffering from violent pains and was taken into the Western Union Telegraph office. The ambulance was summoned and the man was conveyed to the General Public Hospital. He was refused admittance to the hospital as he had been there before and it was said there was nothing seriously wrong with him. At 7.45 o'clock last evening the same man was complaining of severe pains on Union street and the ambulance was again called. It was learned that he was Joseph Cherry, a member of the crew on the steamer Lamartou, and has had already been refused admittance to the hospital the ambulance driver conveyed Cherry to his ship where he is receiving any attention that is necessary.

Persons who were on Union street not knowing the circumstances were wondering why the man was not taken to the hospital, but there was a good reason for the ambulance driver acting as he did.

Arrested in St. John's

Halifax, N. S., April 3.—Chief of Police Haaranah tonight received a cablegram from Detective Kennedy of Halifax, who is in St. John's, Newfoundland, stating that he had arrested in the city, George C. Farrell, wanted in Guyaboro, N. S. on a charge of obtaining money under false pretences. Farrell will be brought back to Nova Scotia for trial.

LOCAL BOXERS GO TO GLACE BAY

Tommy Williams of the Y. M. C. I. who holds both the city and provincial boxing championships for the 135 lb. class, and Collins also of the Y. M. C. I. who holds the provincial title for the 145 lb. class, along with Art Codrre, Y. M. C. I., light heavy-weight, are to represent that institution at the Maritime boxing championships to be held in Glace Bay about the middle of this month.

"It was hoped that the Y. M. C. I. who had several clever boys, particularly McJunkin, champion in the 125 lb. class, in the provincial tournament, might also send some boys down, but such is not the intention at the present time. The good-wishes of the fans will accompany the Y. M. C. I. boys, however, and the hope that they may each win to the title of their respective weights.

The big university does not, I admit there may be something, too, that the big universities can do that the smaller ones do not. But I believe that no man's development is hurt by graduating from a small university.

Speaking of parliament, Sir George said that it needed university men. He urged university men not to think lightly of men who devoted their lives to the public service. Out of his experience of forty years in the House he had found that the men there were men with ideals of honesty, ability and of force.
