

## CALLS Y. M. C. A. SPECIAL DANGER TO THE CHURCH

Pastoral Letter by Archbishop Bruchesi Deals With Many Subjects

### WOMEN'S DRESS OF TODAY CONDEMNED

Charges That Association Leads Young Men and Women Away from Church

Montreal, April 19.—Among the topics dealt with in a pastoral letter by Archbishop Bruchesi, read Saturday in all Montreal Catholic churches, were included modern feminine fashions, certain tendencies in the cinematograph films, extreme dancing and the Young Men's Association, the latter described as "a special danger."

The title of the pastoral letter is "The evils of the day" and at the beginning the Archbishop comments that "disregard of Gospel doctrine bids fair to lead us back to the degradation of Paganism again."

Urged to Pray.  
The Archbishop, after ascertaining that the arch-enemy of mankind is behind this wave of irreligion, appeals to the people to be on guard lest they be caught by the multifarious snares of this wily enemy and urges prayer as a means of overcoming the danger.

In regard to feminine dress, His Grace says: "Some of the styles are nearly ludicrous; others, by adding indecency to wretched taste, shock the upright conscience."

These semi-nude fashions are not fit for even for questionable characters, yet respectable married women and young girls do not hesitate to appear at the very altar rail attired in a manner shocking to common decency."

Condemns Y. M. C. A.

The dance "craze" is described as "suggestive of evil" whilst "the moving picture film adds also its quota of corrupting influence." Of the Y. M. C. A., the pastoral says: "Under color of bringing light to young people, these associations turn them away from the magistrature of the Church constituted by God, the torch of truth, and incites them to demand each only from his own conscience, and then at the narrow seat of human reason, the light which shall guide them. The principal victims of these snares are the young students of either sex. These adolescents are carried off by persons who despoil them of this precious inheritance (the Christian Faith and Doctrine inherited from their Fathers), and lead them insensibly to hesitate today between contrary opinions; tomorrow to doubt them all; finally to embrace a sort of vague and undecided religion which has absolutely nothing in common with the religion preached by Jesus Christ."

The pastoral adds that it is the duty of young people of both sexes to avoid such associations since the Holy Office deems them dangerous to Catholics and to the Faith. They must not attend their lectures treating on religious or moral subjects, nor "read their pamphlets, periodicals, etc., which, by the very fact that they are their organs of propaganda, are infected with the poison of the Roman doctrine."

BIG MILLS SHUT.

Quebec, April 20.—News reached here today that the big paper mills of Price Brothers at Kenogami and Gouques had been closed down, putting 1,600 hands out of work. Both Sir William Price, president of the company, and J. Leonard Apollin, general manager of the company, were absent from the city when the news arrived, but another official of the company explained that the mills had been closed down, but that operations had been suspended as a result of the loss of both mills going out on strike.

## Campbellton Gets Another Inspector

Temperance Alliance and Town Officials Clash Over Enforcement of Laws.

Chief Inspector Hawthorne, who was in the City last night, was en route to his home in Fredericton where he was called by enforcement matters. The officials of Campbellton refuse to take any part in the enforcement of the prohibition measure, unless the town's exchequer becomes enriched by a portion of the fines collected.

The Temperance Alliance put up a sheet at the position taken by the town's authorities and clamored for action. The Mayor of Campbellton was acting in accordance with a vote of his town and could not cut loose his blue coat to clean up illegal traffic in intoxicants.

The Chief Inspector met the warring factions in conference. He was unable to help out the exchequer by allowing it a portion of fines collected. To satisfy the Alliance he appointed another sub-inspector for the town, giving it two, and now everybody, according to the Chief, appear satisfied.

## Action On Many Bills In Commons

Consideration of the Grand Trunk Measure Will Begin This Afternoon.

Ottawa, April 20.—First reading was given a bill introduced by Hon. J. A. Calder to amend the Royal Canadian Mounted Police Act. The purpose of the bill, said Mr. Calder, was to divert the fines resulting from prosecutions to a fund for the benefit of the force. The procedure hitherto, had been to pay a proportion of such fines to the officers making the arrests.

Second reading was given to the bill to amend the Narcotic Drug Act. Hon. J. A. Calder, who is responsible for the bill, moved that it be referred for consideration to a special committee. The motion was agreed to.

## DARING HOLD-UP AND ROBBERY

A daring robbery occurred in the Aylmum grounds in Fairville Tuesday evening, where Frank N. Calder, of the L. R. Steel Service Corporation, had \$65 taken from him. He was encountered by two men, one of whom asked for a match, and as he was in the act of handing over the same, a revolver was pointed at him and he was ordered to hold up his hands. A quick transfer of his property was effected by the two, who then took to their heels. Mr. Calder gave the police a good description of one of the men.

## MONCTON DELEGATION ARRIVES

Ottawa, April 20.—A delegation from the Moncton, N. B., Great War Veterans' Association, reached Ottawa today to interview Hon. J. D. Reid, minister of railways and canals, regarding the reduction in the staff employed at the Canadian National Railway shops located at Moncton. The delegation did not see the minister today, but may tomorrow.

## PREACHERS URGING MORE CONSIDERATION

Gov't Taking Steps to Alleviate Suffering from Cold of Poor People.

(Continued from page 1)

Meetings of the Welsh miners are being held to protest against any compromise on the original demands, but it is considered doubtful if the conference of delegates will insist upon the resignation of Mr. Hodges, who indirectly was the cause of the withdrawal of the railwaymen and transport workers from their threatened strike. Both sides in the dispute are still insisting, justifying their opposing attitudes, which will have the effect of clearing the air for future negotiations.

Preachers Urge Consideration. An appeal was made by a number of leading bishops and non-conformist clergy, including the Rev. Reginald J. Campbell, former pastor of City Temple, St. Paul, London, Dr. Herbert K. Horton and Rev. Frederick B. Meyer, has been made public, urging dispassionate consideration of the miners' demands for a fair wage on the basis of the tonnage levy proposed by the Miners' Federation.

The government has taken new steps to alleviate, as far as possible, the difficulties of the poorer classes in obtaining allowances of coal without waiting in line, and also to establish emergency public kitchens, as was done during the war.

## POSSESS GOOD HEALTH By Looking After THE BOWELS

A few motions of the bowels, once in twenty-four hours, should be the rule of every one, as half the ill of life are caused by allowing the bowels to get into a congested condition.

When the bowels are allowed to become congested, the stomach gets out of order, and the liver does not do its work properly on account of backing back the bile so that it does not pass through the bowels, but is allowed to get into the blood, thus causing a poisoning of the whole system.

It is not possible to escape congestion, sick and bilious headaches, heartburn, flatulency, bloating before the eyes, constipation, foul breath, the nasty first motion, bleeding piles and prostrating piles, you must keep your bowels regular by the use of Dr. Williams' Pink Pills.

These pills, being purely vegetable, keep your liver working actively, helping it to remove its proper functions, and thereby removing the bile that is circulating in the blood and poisoning the whole system.

Mrs. E. Barrow, Enfield, N. B., writes: "I was troubled with sick headache and constipation. One day a friend told me of Dr. Williams' Pink Pills. I got two pills, and found they did me a world of good. I am now free from all my troubles. Dr. Williams' Pink Pills are the best. I am at all doctors and medical direct on account of pain by the Dr. Williams' Co., Limited, Toronto, Ont."

## Jewelers Object To Gold Marking

Senators Find So Much Criticism That Consideration is Postponed.

Ottawa, April 20.—In committee in the Senate today Senator Lynch Stansfield's bill to amend the gold and silver marking act met with so much opposition that consideration was postponed for two weeks pending a reference to the trade and commerce department and representations from those interested in the jewelry trade. The bill was introduced at the instance of a recently established firm of manufacturing jewelers in Sherbrooke. Its object was to permit so-called gold jewelry to mark indicating the fineness of gold in the article and the proportion of this gold in the article to the gross weight.

## Jewelers Object.

Hon. Richard Blain read letters from prominent jewelry firms in opposition to the measure. The present law was enacted in 1915 after thorough consideration.

Sir James Longford also quoted correspondence in opposition to the bill and stated that the government had received no representations in its favor.

Hon. J. G. Tardif asked for correspondence between the government and the Montreal, Ottawa and Georgian Bay canal company or between the government and the new Dominion syndicate of London, England, or its representative, Clinton Johnston, Esq., of New Hampshire, from 1899 to 1921.

## Paper Makers' Union Sued For Damages

Beaver Board Companies Allege Heavy Loss as Result of Strike in Their Plant.

St. Catharines, Ont., April 20.—The Beaver Board companies, who have strikes on at their Thorold and Tonawanda, N. Y., plants, have begun a suit for \$3,000,000 damages against the International Paper Makers' Union.

This action was started as the result of trouble which the Beaver Board companies allege was brought upon them by members of the union in interfering with the non-union employees of the companies' Tonawanda plant, since the Tonawanda mill was reopened after the strike three months ago.

The necessity of employing numerous special officers and auto trucks in conveying the non-union employees between the plant and their homes is cited as a big bill of expense, and the companies add that the action of the union men has prevented them from getting as many new machinery regular to their mill.

their plant there with special police, not to mention the detachment of mounted police sent to the town.

Bangor, April 20.—Two well known Civil War veterans died here yesterday. Hiram P. Stetson, who served through the war in the 5th Illinois Cavalry, died at the age of 83 years, and William J. Rand, who was in Co. B of the 18th Maine Infantry, at the age of 80 years.

ZBYSKO WINS AGAIN. Springfield, Mass., April 20.—Stanislaus Zbyzsko defeated Arnos Laitanen in a one fall match here tonight. The time was one hour, 22 minutes and 40 seconds, with a body scissor and arm lock bringing the fall. The weights were increased as 235 for Zbyzsko and 210 for Laitanen.

## For Your Factory Roof

Make your new buildings good and your old ones better by covering them with Ruberoid Roofing.

Ruberoid is without question the roofing to use for factories. There is no roofing made that stands up so well under extremes of temperature, constant vibration or the action of smoke and acid fumes. On many a factory roof, Ruberoid Roofing, laid more than 20 years ago is still in active service—the limit of its endurance yet to be determined.
