

GALLANT ITALIAN TROOPS CHECK AUSTRO-GERMAN INVADERS

Frustrate Desperate Efforts of Teutons to Cross Piave River and
Inflict Serious Losses on Enemy.

London, Nov. 18.—Further attempts by the enemy to force crossings of the Piave River were frustrated by the Italian forces yesterday, and in a brilliant counter-attack the Austro-German forces which previously had gained a footing on the west bank of the Fagere zone were completely swept out of this area, the War Office announced today. The Italian line on the Asiago Plateau is also withstanding extremely violent attacks. The total of prisoners taken by the Italians on Friday and Saturday is 1,263 men, and 27 machine guns were captured.

The Teutons report that the Italians are counter-attacking heavily in the hill district northeast of Asiago. Teuton Army Headquarters announced today that the Italian attacks,

launched against heights which had been taken from the Italians, were fruitless, and costly to the attacking forces.

Italian Headquarters in Northern Italy, Nov. 17.—The battle of the Piave River, as it will be known, has now developed to a stage where the enemy's first attempts to make a breach in the Italian lines have failed. This defensive result has not only been accomplished by the Italian army, but time has been secured to effect that recovery which will permit the army to resume its offensive power as well as its defensive.

The enemy was taking full advantage of the delicate period after the retreat; every day counted for the restoration of solidity of the Italian offensive.

FURTHER GAINS AGAINST TURKS

Turkish Forces Hopelessly Out-
classed by British
Yeomanry.

A despatch from London says:—
Reuter's correspondent with British headquarters in Palestine, telegraphing last Wednesday, says: "Within a fortnight of the inception of the British offensive the Turkish army, occupying apparently an impregnable line, strongly fortified and provided with guns, ammunition and supplies, has been driven headlong from its defences and chased across country. Its losses have been enormous. "The feature of Thursday's fighting was a brilliant charge by the Midland Counties Yeomanry. The enemy had been clinging tenaciously to a position above Mughar, beyond Wadi Rubin, where he had hastily entrenched himself. Supported by field and machine guns, the mounted troops charged across the swelling upland straight upon the enemy. They were received with a heavy fire, but nothing could stop them. They cut right through the Turks, sabring right and left. "When the enemy found themselves surrounded eleven hundred of them laid down their arms. The Turk is fighting bravely, but he is hopelessly outclassed. "The total number of prisoners verified since October 31 now exceeds 9,000."

SECURE JUNCTION OF JERUSALEM RY.

British Make Important Progress in Palestine Campaign.

A despatch from London says:—
The junction of the Beersheba-Damascus Railway, with the line to Jerusalem, is now in the possession of the British army.

The following official statement of operations in Palestine was issued on Thursday.

"Our infantry and mounted troops continued their advance, Gen. Allenby reported yesterday, and we now hold the railway line in the vicinity, of El-Mansurah and Na'Anah, including the junction of the Damascus-Beersheba railway with the line to Jerusalem.

"The losses inflicted on the Turks on Tuesday were heavy, including 400 buried at Katrah alone. Our captures on Tuesday amounted to more than 1,500 prisoners, 20 machine guns, and four guns."

MOSCOW IN STATE OF SIEGE

Government Troops in Kremlin
Attacked by the Rebels.

Petrograd says—Seven thousand military cadets and three thousand troops are besieged in the Kremlin at Moscow by 18,000 Bolsheviks, who are battering the ancient walls and buildings with heavy artillery, according to a well-authenticated report received Thursday afternoon.

The Government troops are said to have a fairly plentiful supply of food and ammunition and to be capable of holding out for some days.

DENMARK TO EXPEL
ALL FOREIGN SPIES.

A despatch from Copenhagen says: The Government has submitted a bill to the Danish Parliament authorizing the expulsion from Denmark of any undesirable foreigner, even those residing in the country for more than two years.

The law is aimed at spies and other objectionable persons, but may also be invoked, following the Norwegian precedent, to reduce alien consumers of Denmark's food supplies.

The Japanese have three forms of salutation—one for saluting an inferior, one for saluting an equal, and another for saluting a superior.

COUNTER-ATTACK OF FOE FAILS

Could Not Dislodge Canadians
From Passchendaele Ridge.

With the British Army in Belgium.—
The forces of Crown Prince Rupprecht of Bavaria have made their first pretentious effort to regain Passchendaele village in accordance with the edict of Field Marshal von Hindenburg, and have failed.

The enemy's attack, made late Wednesday afternoon, against positions on the crest of the ridge north of the hamlet, was essayed with large forces and was a most determined attempt to retake this gem of their defences; but the assaulting troops were hurled back again after a grim struggle, leaving the British line before Passchendaele intact.

The greater part of the enemy infantry was stopped by the tremendous British artillery barrage, which ploughed through their ranks as they began the advance; but some of them, answering to that famous discipline ingrained by Prussian military rule, pushed through this rain of death and reached the British front line.

STORING COAL UNDER WATER.

To Prevent Deterioration Caused by
Exposure to Air.

Coal when exposed to the air undergoes some deterioration. It loses heating value. Under such conditions it is really undergoing a process of slow combustion, i.e., oxidation.

To prevent this, the United States navy yards within recent years have resorted to the expedient of storing thousands of tons of coal under water. It was thought that salt water was better for the purpose than fresh water.

An elaborate series of experiments recently conducted by the U. S. Government Bureau of Mines has proved that the deterioration can be almost entirely prevented by this means, though salt water is no better than fresh. But the loss in the open air is only about 1 per cent. a year, and so the water cure does not pay.

WASTAGE EXCEEDS NUMBER OF RECRUITS.

A despatch from Ottawa says: The total wastage of infantry in the Canadian Expeditionary Force last month exceeded the total number of recruits enlisted by 1,898, according to figures given out by the Militia Department. The total wastage was 3,648, being made up of 1,017 men discharged in Canada; 1,565 returned to Canada from overseas for discharge, and 1,066 casualties overseas. The total number of recruits secured for overseas service in the Canadian infantry during October was 1,750. Of these 1,045 men were recruited in the United States, 693 in Canada, and the remaining 12 in England.

BRITISH HAVE 166,000 PRISONERS.

A despatch from London says: In the House of Commons recently, during a speech, Henry William Forster, Financial Secretary of War, said that since July 1, 1916, the British had captured from the Turks 30,197 prisoners and 186 guns; and from the Germans on the western front 101,534 prisoners and 519 guns.

The approximate square mileage in territory conquered or reconquered by the British in the same time, said Mr. Forster, was 128,000. The total number of prisoners captured on all fronts since the beginning of the war was 166,000, while the captured guns number 800.

GREAT BRITAIN'S TRADE SHOWS AN INCREASE.

A despatch from London says: The Board of Trade returns for October show the following: Imports, £94,260,964, an increase of £13,101,090 over the previous month, and exports, £50,767,064, an increase of £6,041,806. The chief increases were in imports of cotton, amounting to £5,020,948, and in exports of cotton of £2,931,323.
