

THE Exchange View

A GUIDE TO INVESTORS

A SUMMARY OF FINANCIAL AND COMMERCIAL NEWS.

Vol. 1. No. 146.

MONTREAL, TUESDAY, NOVEMBER 22, 1898.

Price 3 cents

Montreal Stock Market.

CANADIAN PACIFIC RY. VERY STRONG—TIME SALES IN NEW YORK SOLD HERE AT AN ADVANCE—HEAT AND LIGHT STRONG—ROYAL ELECTRIC WEAK.

Nothing has occurred to affect the general tone of the market. Prices were irregular, whilst some stocks show strength, others are weak, and some are unchanged. Bulls are holding off, and allowing prices to sag, as they expect a break will create an unloading on the part of weak holders. Business was well distributed over the list.

CANADIAN PACIFIC was largely dealt in, the bulk of the shares being taken by a leading houses. The sellers were scattered, but sales were largely on arbitrage account. The firmness of the stock here is due to the belief in some pending good news. The initial sale was at 84½, but most of the trading was made at 84¼. It closes steady.

MONTREAL GAS was soft and declined to 196½. Only 229 shares changed hands, which considering the shares are \$40 each was not large. There is a following in this stock which the bulls would be pleased to shake out in the meantime it may not advance, but is, at the price, one of the good stock to buy.

HEAT & LIGHT was strong for both stock and Bonds. For a 5 per cent. bond 85 is very tempting. The stock around 33, all things considered, would seem high enough. In stock 225 shares sold and in Bonds \$12,000 the former selling at 32 to 33 the Bonds from 85 to 87½. They both close strong.

COMMERCIAL CABLE was steady and sales of 110 shares were made.

TORONTO RAILWAY was neglected and unchanged. The earnings continue good.

WAR EAGLE was unchanged, the more the statement is looked into the less enthusiastic one becomes, but the mine is a steady producer, and as it is a stayer, holders are willing to await developments.

ROYAL ELECTRIC sold at 155, closes soft, 153 being the best bid. The declaration of the dividend did not help the stock.

DULUTH PFD. sold freely (for it) at 7. This security should become more active and rule higher.

A small lot of **Halifax Railway** sold at 130½, and some **Merchants Bank of Canada** at 179 ex d.
