It is actually the most modern of all such machines, and is designed to run easily while doing its work perfectly. No other machine of the kind runs anywhere near so EASY as The Chatham Mill because of an ingenious multiplying gear that gives high speed with easy turning. A thousand bushels of grain perfectly cleaned, perfectly graded, is only an ordinary day's work for the Chatham; and this has been exceeded by many users. Fitted with seventeen screens and riddles, of various meshes, of specially galvanized wire of our own production, this Mill handles ANY grain, from millet or flax to Indian corn. It not only cleans, remember,—it grades; takes out the shrunken, immature, imperfect grains as well as the weed seeds, and keeps them separate.

CLEAN and grade your grain before you market it, using the Chatham Mill, specially designed and built for the farmers of Canada's Northwest, and any buyer will pay you a higher price for every bushel of it. Grain buyers know that grain run through this Chatham Mill is clean grain, free from ALL dirt, free from ALL weed-seeds, free from ALL cockle, and absolutely free from oats, wild or tame.
