

INTRAMURAL PROGRAM & PHYSICAL RECREATION

Women's Intramurals

The Women's outdoor sports of Softball, Soccer and Touch Football are well underway and it is time to be planning for the indoor season. This year, in response from women participants, there will be short leagues in both Volleyball and Basketball both terms. Each league will last approximately four weeks with Volleyball being played first. The Entry Deadline for Fall Volleyball is Tuesday, October 4. Teams and individual entries are being accepted in the Recreation Office Room A121 L.B. Gym between 10:00 am and 2:00 pm. Women that register individually will be placed on a team. This is a good opportunity to get some healthy exercise, meet some new people, and have a good time.

Co-Ed Intramurals Inner Tube Waterpolo

Get into the SWIM of THINGS. The Co-ed Inner Tube Waterpolo League is about to begin. Games will be played in the SMA Pool on Monday nights. Get a group of friends together or register as an individual in the Recreation Office by 2:00 pm on Tuesday, October 4. The number of entries is restricted because of facility limitations. Be sure to register your team early.

4 on 4 Volleyball Tourney

A new activity has been added to the Co-Ed Intramural Program this term. The first annual 4 on 4 Volleyball Tourney will be held on Saturday and Sunday, October 14 and 15. Each team will have two girls and two guys on the floor at a time which means all players will get lots of activity.

Here is your chance to get a small group together for some exciting volleyball. Team and individual entries must be submitted to the Recreation Office before 2:00 pm on Tuesday, October 12.

Racquet Sports

Attention all racquetball and squash players. It is not too late to join the ladder tournaments in these sports. Information sheets and entry forms are available in the Recreation Office. The ladder will be posted on Monday, October 3. Entries will be posted on the ladder in the order they are received.

INTRAMURAL HOCKEY

By KELLY L. CRAIG

Winter is slowly creeping upon us. With Winter comes many varieties of sports. The most popular of these sports is undoubtedly hockey. This year the recreation department plans to provide intramural hockey for those interested.

The recreation department plans to run the season with twenty-four teams playing in a three division league. These teams can look forward to a round robin competition and playoffs. Also, there may be one or two cross-over games

played between divisions. There may be a possibility of an inter-residence tournament.

Many people are aware of the departure of the Fredericton Express. Although the Express has left, the ice time available for other hockey remains unchanged. But good news for the hockey league is the supply of referees on hand. There is a good crew of referees and many applications for the referee position.

Speaking of referees, this year they will be looking out for the same rules as last year. This is non-contact hockey and checking will be disallowed. There are no other major changes in the rules from previous years.

The recreation coordinator, Shirley Cleave, is looking forward to a good, smooth season much like last year. Shirley hopes the sport is as popular as before and says, "the hockey league is for everyone to participate and have a good time."

The entry deadline for intramural hockey is October 12 1988.

Information can be obtained from the Recreation Office or by calling 453-4579 between 8:30 and 4:30 pm Monday through Friday.
