To whom those Forestry students it may concern: We, a peace loving faculty find ourselves appalled by the bootlickers of our crime. Imagine our surprise when we found out that we had been misled. Imagine our puzzlement as we tried to figure out where she had disappeared to. Imagine our horror when we realized that she was with people to who axes and saws are mere playthings.  
So upon much deliberation and heated discussion we have decided to follow George Bush's example and not bow to your outrageous demands. You will notice our absence at your Monte Carlo night. This is just a taste of things to come. We will trade nothing for the return of Flo. Read our lips. Nothing. Instead, we are initiating a social embargo. Until Flo is safely returned simple figure intact, we as nurses will not attend any Forestry sponsored social event. We await the return of Flo and/or your response.
