Ottawa, March 19, 1915.

Madam,-

On January 25th, last, the Department forwarded a printed form for making out a report on your school, but up to the present time this report has not been received.

It is also noted that you neglected to forward your report last year, although you were specially asked to do so on July 24, 1914. It is a very easy matter to fill in this form, and, as it is necessary to have this information in order to assist in the preparation of the annual report of this Department, it is hoped that you will prepare this form and return it to the Department at your earliest convenience.

Your obedient servant

Assistant Deputy and Secretary

Sister Mary Antoinette,
Teacher,
Pointe Bleue Indian School,
