February 26, 1957.

Department of Transport,  
302 Blowey Henry Building,  
Edmonton, Alberta.

Attn: Mr. J. J. Currie,  
District Aircraft Inspector.

Dear Sir:

Kindly accept this letter as a failure report on engine serial #A79626 Canadian Pratt & Whitney R1830-92 installed in our aircraft CF-DGJ.

On routine 30 hour inspection we found excessive steel flakes in main oil screen and sump. Total time since new 7,766:00 hours and time since last overhaul 747:35 hours.

We will forward a copy of engine failure report from Canadian Pratt and Whitney immediately upon receipt at this office.

Yours truly,

ELDORADO AVIATION LIMITED

E.I. Bjorge,  
Chief Engineer.
