

GLASGOW HOUSE,

53, Queen St., Charlottetown.

Down Queen Street! Down Queen Street!

53 numbered;
Into the "GLASGOW HOUSE"
Rushed the Six Hundred.
Forward they sped their way,
Wishing their Cash to outlay,
While in the Glasgow House
Stayed the Six Hundred.

Forward! to view the Stock
Did all those people flock,
Knowing full well they would
Soon be encumbered

With **DRY GOODS** the very best
Which can e'er be possess'd,
While we make this request—
That at the Glasgow House
Buy the Six Hundred.

DRY GOODS to right of them,
GROCERIES to left of them,
All else in front of them,
Whilst no one blundered;
Feeling their hearts beat light,
As they with fond delight,
With Goods and faces bright,
From out the Glasgow House
Came the Six Hundred.

Pleased all their features were,
Far from their hearts was care,
Foreign from all despair;
While they their company
From the town sundered;
Drove to their happy home,
Determined again to come
Back to the Glasgow House,
Where such **CHEAP** goods were sold
To the Six Hundred.

Bachelors to right of them,
Old maids to left of them,
All else behind them,
Inquisitively wondered;
While they return to tell
Those whom they love so well
That **F. LE PAGE** can sell
All things required,
To those who will but dwell
Where the cheap Goods were sold
To the Six Hundred.

DRY GOODS of the best quality.

FREDERICK LE PAGE.
