THE CANADIAN NORTH-WEST
HOMESTEAD REGULATIONS.

Any even numbered section of Dominion Lands in Manitoba or the North-west Territories, excepting 8 and 20, which has not been homesteaded, or reserved to provide wood lots for settlers, or for other purposes, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

ENTRY.

Entry may be made personally at the local land office for the District in which the land to be taken is situate, or if the homesteader desires he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the Local Agent for the district in which the land is situate, receive authority for some one to make entry for him. A fee of \$10 is charged for a homestead entry.

HOMESTEAD DUTIES.

A settler who has been granted an entry for a homestead is required by the provisions of the Dominion Lands Act and the amendments thereto to perform the conditions connected herewith, under one of the following plans: -

- (1) At least six months' residence upon and cultivation of the land in each year during the term of three years.
- (2) If the father (or mother, if the father is deceased) or any person who is eligible to make a homestead entry upon the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.
- (3) If a settler has obtained a patent for his homestead, or a certificate for the issue of such patent concerning the homestead prescribed by this Act, and has obtained entry for a second homestead, the requirements of this Act as to residence may be satisfied by residence upon the first homestead, if the second homestead is in the vicinity of the first homestead.
- (4) If the settler has his permanent residence upon farming land owned by him in the vicinity of his household, the requirements of this Act as to residence may be satisfied by residence upon the said land.

The term "vicinity" used above is meant to indicate the same township or an adjoining or adjoining township.

A settler who avails himself of the provision of Clause (2) (3) or (4) must cultivate 30 acres of his homestead, or substitute 20 head of stock, with buildings for their accommodation, and have besides 20 acres substantially fenced.

Every homesteader who fails to comply with the requirements of the homesteader law is liable to have his entry cancelled, and the land may be again thrown open for entry.

APPLICATION FOR PATENT

Should be made at the end of the three years before the Local Agent, Sub-Agent or the Homestead Inspector. Before making application for patent the settler must give six months notice in writing to the Commissioner of Dominion Lands at Ottawa of his intention to do so.

INFORMATION

Newly arrived immigrants will receive at the Immigration Office in Winnipeg, or any Dominion Lands Office in Manitoba or the North-west Territories information as to the lands that are open for entry, and from the offices in charge, free of expense, advice and assistance in securing lands to suit them. Full information respecting the land, timber, coal and mineral laws, as well as respecting Dominion Lands in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa; the Commissioner of Immigration, Winnipeg; Manitoba; or to any of the Dominion Lands Agents in Manitoba or the North-west Territories.

JAMES A. SMART,

Deputy Minister of the Interior.

N. B.—In addition to Free Grant Lands to which the regulations above stated refer, thousands of acres of most desirable lands are available for lease or purchase from the Government and other corporations and private firms in Western Canada.

HOME - CHURCH - SCHOOL

Economical Sanitary Efficient Warming and Ventilating. Over 24,000 Pleased Kelsey Users.

KELSEY The past exceptionally cold winter has clearly demonstrated that the "KELSEY" will do all, AND MORE, than Made in six sizes. has been claimed for it. Read the following:—

St. Paul's Presbyterian Church, Sarnia, Ont., April 22d, 1901.

The James Smart Mfg. Co., Brockville, Ont.
Gentlemen:—We have had installed in our new Church two of your Kelsey warm air Generators, and though last winter was so extremely cold we were able the coldest day to keep the Church and School-room as warm as we wished. The fuel used was very much less in proportion than we used with the old furnace. The quality of air was very pure, and we had not any evidence of the escape of gas or dust, there was comparatively no heat radiated in the basement and there seemed very little escaping by the way of the smokepipes.
We consider the Kelsey Warm Air Generator very efficient, economical and in every way satisfactory.
Yours sincerely,
Rev. John R. Hall, M. A., Pastor.

The Kelsey is not a Hot Air Furnace.

We employ a staff of competent heating and ventilating experts, take direct contracts, and GUARANTEE PROPER RESULTS. Let us tell you about the "KELSEY" by sending printed matter or having one of our specialists call. Post Card will bring either or both.
