60th THOUSAND
Public School
PHYSIOLOGY
AND TEMPERANCE!
By **WM. NATTRESS, M.D., M.R.C.S., Eng.**
Cloth, illustrated, 25 cents

In this exceedingly well prepared text-book
the author deals in successive chapters with
The Skeleton, The Bones, The Muscles, The
Skin, Digestion, Circulation, Respiration, The
Nervous System, The Special Senses, First Aids
to the Sick and Injured, How to Prevent Disease,
Physical Exercise. At every step in the study
the pupil is confronted with the evil effects of
alcohol and tobacco, the dangers accompanying
their use, and the tremendous risk of tampering
with such powerful agents of destruction.
The illustrations have been well chosen, and
add greatly to the appearance and usefulness of
the book. This little work will be found exceed-
ingly useful in the home. There are many
homes not represented in the schools where this
book, carefully studied, may save many doctor's
bills, and conduce to the general health.
