

Do you know what goes to make up a really fine motor car?

Let us explain our ideal—the ideal which we have worked to embody in the Dominion "Limited."

The car should hold its passengers comfortably, without crowding, and with plenty of foot-room. The Dominion "Limited" meets these conditions perfectly.

The Dominion Limited

The wheel base should be long enough, and the frame hung low enough to make the car seem to the passengers to glide along without jolt or jar. The Dominion "Limited" wheel base is 114 inches, and its center of gravity is amply low.

The motor should be strong, reliable and silent. The Dominion "Limited" has a four-cylinder motor capable of producing 32 to 35 horse-power, or a speed under full load of over 50 miles an hour.

The control should be simple and responsive. That exactly describes the control of the Dominion "Limited."

These are but a few points that make the Dominion "Limited" superior to other cars sold in Canada at even higher prices. Our booklet explains many more. Write for a copy today.

A Model Kitchen

With our forefathers the hearthstone was the centre of the home—the special sphere and pride of the housewife. Here all her talents as a home maker found full expression. Here before the great hearth—whose flue kept the air as pure and clean as the fresh scoured tiles—she prepared the great white loaves—the delicious flakey brown pastry—the roasts whose juicy tenderness made her simplest meal a feast—

Have a kitchen you can always be proud of—always clean and sweet—always free from stuffy, smelly air—always cool.

Have meals you can always be proud of—everything just browned to a turn—never over-cooked—never under-cooked—always just right.

The Wonderful Oxford Economizer
guarantees such a kitchen—such meals—always.

The Oxford Economizer sucks all the foul air from the room just like the old-fashioned chimney, leaving it sweet and pure.

It gives you an even, steadier fire than ever before known.

It insures the best results in cooking always.

It saves you at least 20% of your coal bill in real dollars and cents.

It is the most remarkable device ever found on a cook stove.

Yet this is only one of the special features found only in

Gurney-Oxford Stoves and Ranges

There are many others, each one of which will save you time, money and inconvenience. Send us the enclosed coupon, mentioning whether you are interested in a steel or an iron range and let us send you our book on how to save time and money in your kitchen.
