

Dry Your Clothes on a Wet Washday With a New Perfection Oil Heater

When clothes can't be hung outside, and must be dried in a room or cellar, the New Perfection Oil Heater quickly does the work of sun and air. You can hang up the wet clothes, light your Perfection Oil Heater, open the damper top, and the heat rises and quickly dries the clothes.

Do not put off washing to await a sunny day in order to avoid mildew. Dry your washing any day with hot air from a

PERFECTION SMOKELESS OIL HEATER

Absolutely smokeless and odorless

It gives just as much heat as you desire. It is safe, odorless and smokeless.

It has an **automatic-locking flame spreader**, which prevents the wick from being turned high enough to smoke, and is easy to remove and drop back, so the wick can be quickly cleaned. Burner body or gallery cannot become wedged, because of a new device in construction, and can always be easily unscrewed for reworking.

An indicator shows the amount of oil in the font. Filler-cap does not need to be screwed down, but is put in like a cork in a bottle, and is attached to the font by a chain. Finished in Japan or nickel, strong and durable, well-made, built for service and yet light and ornamental. It has a cool handle and a damper top.
