

EFFICIENCY AND ECONOMY PROVED

In every case where Aero Brand Cyanide has been given a mill-scale trial, it has subsequently been adopted in regular operation, without a single exception.

Thousands of tons have been used in the United States, Canada and Mexico for the reduction of gold and silver ores. The results obtained have proved that pound for pound of contained Cyanide, Aero Brand is equal in efficiency to any other grade.

That striking economies in cyaniding costs are being realized with Aero Brand Cyanide is evident from the constantly increasing consumption.

Booklet C, telling all about this interesting money-saving product, will be sent on request.
