—Girl wanted to learn tailoring. Apply at once at McKelvie & Hemphill's store.
—Try our Ideal shoe dressing in chocolate and black shades. John V. Berscht.
—Miss Melia Herringer entertained a number of her friends on Monday evening, and a most enjoyable time was spent.
—Geo. Flach's old tailor shop has been torn down and preparations are being made for the erection of the new brick shop. They occupy the rooms behind C. Schurter's store.
—Thos. Parker, a farmer residing near Teeswater, was found dead in his bed last Friday morning. His wife has been ill for some time past and he has been sitting up with her during the night, and it is supposed that the over exertion killed him.
—One day last week the mixed train ran into a settlement of caterpillars up near Dunkeld, and the consequence was that the train had to be cut into three sections to cross over. We have heard of several similar cases throughout the country and it is expected the railway companies will have to spray the track to keep off the pest.

—See J. J. Steigler's change of advt.
—Rev. R. Keefer has been stationed at Mildmay for another year.

—J. V. Berscht has had a nobby sign erected in front of his shoe store.

—Sunday was the hottest day we have had this spring, the thermometer registering 90 degrees in the shade.

—Wool season has commenced, but as the prices are lower than last year, farmers are a little backward in bringing in their wool.

—The Carrick Branch Agricultural Society have changed the date of their fall show from Sept. 21st to Sep. 28th. The change was made so as not to conflict with other shows in this vicinity.

—A lawn social under the auspices of the Union S. S. at Rozel's school will be held at the residence of Mrs. Whyte on the evening of Thursday, June 15th. A suitable programme is being prepared and an enjoyable time is expected.

—Harry Best of Palmerston, a young man who worked as baggageman at the station here a few years ago, was killed at Lucknow on Tuesday. He had secured a situation on the G. T. R. as fireman and was doing well until the fatal accident occurred.

—The flax business seems to be a thing of the past in this part of the country. So far as we know, there is only one mill in operation in Western Ontario, and that is in Wingham, which is a joint stock concern. Nearly every mill in the country is idle, and no flax is being sown. The reason of this is because the Americans are buying a cheaper grade in Russia. Many mills have still a large stock on hand, being unable to find a satisfactory market for it.

—Last Friday Mr. John Pilger of the 12th concession, met with an accident which will lay him up for some time. He and his hired man were driving in a cart to Walkerton, and the horse, being a young and spirited animal, took fright at a sheep lying on the road, and ran away. Mr. Pilger was thrown out, and shortly after the hired man was pitched out, but he escaped unhurt. The horse soon became free of the cart and turned up the next sideroad. Mr. Pilger walked home, in a half-conscious state, and he was put to bed, where he remained unconscious till the next morning. His face was badly cut and two ribs bruised, and is now doing as well as can be expected.

—On Monday morning the trackmen of the G. T. R., who have been on strike for the past two weeks, went to work, and after working a couple of hours, they were summoned to quit. The Grand Trunk Company held that the men had all been discharged, and in order to be reinstated, they must make an application individually, and the company would select the men they wanted. It now turns out that about 500 men will not be taken back in any event, as many who were receiving good wages, went on strike merely in sympathy with the rest of the Union. It is expected that the wages of the trackmen will be raised about 10 cents a day. A later account of the strike says that the trackmen are again on strike, because the company refused to engage about one-third of the men. It now looks as if the fight between the men and the company will be carried to the bitter end.

—Good second-hand buggy, newly painted, for sale cheap. Apply to J. V. Berscht.

—The hot weather is working on the volunteers in camp at London with telling effect. Two of the members of the 82nd were sun struck on Monday while practicing at the butts.

—Lieut-Col Scott and officers of the 82nd Bruce Battalion of Infantry have our thanks for an invitation to partake of the privileges of their mess during camp at London.

Farmers who wish to improve their stock would do well to see the famous imported horse, Hazeldean, owned by Mr. A. Ste. Marie. This horse was imported by Collison & Lavin of Harriston, and has proved to be one of the best horses that firm ever owned.

—The death of Miss Elizabeth Hamilton of concession A, Carrick, took place on Monday. Deceased was 37 years of age, and was ill for three years with phthisis. She was highly respected by all who knew her, and her death has cast a gloom over that community.

—One of the saddest occurrences that ever occurred in this vicinity, took place on Saturday afternoon of last week. Mr. Chas. Wilson of Howick left his home on the afternoon of that day about 1:30 to go to a neighbors about 14 miles distant, on an errand. He left home in good health and spirits, telling his family he would be back in a short time. When night set in and he did not return, his family became anxious about him, as he was sometimes subject to faint spells, and upon enquiry at the place he was going to, it was learned he had never reached there. About 10 o'clock his body was found in a small bush about a mile from home with the throat cut. There are many mysterious circumstances connected with the death of Mr. Wilson, and no reason can be assigned for the act on his part, as he was in no trouble or embarrassment of any kind. Mr. Wilson settled in Howick about 38 years ago, and was universally esteemed and respected by all who knew him. He took an active part in public affairs, having served in township council for many years as 1st deputy reeve, and only two weeks ago was appointed treasurer of that township. He was also an active worker in church affairs, being an elder in McIntosh's congregation for many years, as well as being superintendent of Sabbath school where his example was felt by all. The funeral, which took place on Tuesday, was the largest ever seen in Howick, there being about 225 vehicles in procession. The family have the deepest sympathies of all in their affliction.

Union Picnic.

The union picnic under the management of the Mildmay Athletic Association was held in the Agricultural Grounds yesterday afternoon and was greeted with a good attendance. The weather looked a trifle threatening but the rain held off until the evening, and the games came off with very little delay.

At two o'clock the Teeswater and Mildmay juniors commenced a game of baseball and in the first two innings Teeswater had it their own way, scoring 9 runs. Our boys then began to pick up and at the end of the game the score stood 19 to 16 and an innings to spare in favor of Mildmay.

The next game, which was the main attraction of the day, then came off when Clifford and Mildmay baseball clubs took the field. Considering the fact that Mildmay has not played baseball for three years, the boys held their opponents down well and with a little more practice will hold up their end nicely. The following is the score by innings:

Clifford—1 1 3 4 1 0 0—10
Mildmay—0 0 2 0 2 0 3—7

Batteries—Clifford, Hillhouse and Young. Mildmay, Vollick and Lewis.

Several foot races were then brought off and the prizes were awarded to the following:—Boys under 12, Chas Glebe; Boys under 16, Chas O'Malley; Girls under 12, Tillie Miller; Girls under 16, Margie Filsinger.

We have not heard what the proceeds amounted to, but the attendance was fully up to the expectations. The funds raised will be devoted to the improvement of the new park.

An excellent supper was served in town hall, and the tables were filled several times with the hungry spectators. The ladies who took the matter in hand managed splendidly.
