It is announced that the Russians have commenced to drive the Teutons over the Dneister River, and that vigorous attacks have resulted in the capture of a strong Hun position and also six thousand prisoners. At other points the enemy has commenced to make use of very heavy artillery, but the troops of the Czar are now fortunately able to respond in kind.

NOTES AND COMMENTS

Have you given to the Patriotic Fund yet? If not, why not? Even the horse which was turned over for Patriotic Fund purposes has not been heard to utter a neigh since.

King Albert of Belgium has refused to consider a separate peace offer made by the Huns. He and his country have been despoiled but not debased.

before the Patriotic campaign gets through, the mercury in the Courier's front page thermometer will be knocking at the top of the instrument.

The individual who makes the complaint that some of the dependents of soldiers are better off financially than when the bread-winner was at home has a soul that even the most powerful magnifying glass could not discover.

It is rumored that when the phone girls got the first call from a man with the announcement, "I want 100,000," they started hunting for the amount, wherever they keep it, and then switched him on to long distance.

No Aliens in Britain But Must Register

London, Feb. 9.—The British Government has issued a new order making it compulsory for all aliens throughout the United Kingdom, whether enemy or friendly, to register with the police. Heretofore friendly aliens were required to register only in prohibited areas.

NO MERCY OR NO QUARTER

Germany, if Cornered, Will Fight Their Enemies Like Wolves.

London, Feb. 10.—German newspapers which reached here yesterday publish long extracts from the speech made by Maximilian Harden, editor of the Zukunft, at a public meeting in Berlin on February 5. He is quoted as saying: "We are yet unconvinced that we are fighting with our backs to the wall. As soon as we reach this conclusion, there will be war without mercy or quarter. The primordial state of civilization will be restored. Man will face man with wolf-like ferocity. If the world insists upon despising the Germans, then the word 'Europe' will lose all its sense and meaning. Europe can still be rescued. It is only the attitude of our enemies which conjured up the menace of destruction. If the rescue, however, is attempted at the expense of the German empire, for a moment into thinking there will be any means whatever—let the world think what it pleases—which the German people will not joyfully turn against its foes."

CROSS THE OCEAN IN AEROPLANE

Claude Grahame-White Makes Prediction on Future Travel

London, Feb. 10.—(New York Times cable)—In an article in the Daily Express, Claude Grahame White forecasts twenty years hence there will be a regular transatlantic flying service, whereby it will be possible to journey by a giant aeroplane from London to New York in fifteen hours.

He says that the aeroplane of the future will be a many engine machine, by which the risk of a mechanical breakdown will be reduced almost to the vanishing point. It will have widespread and multiple planes, in thousands instead of hundreds and a speed of 200 miles an hour will be attained.

Cyril Maude has announced that he is making his final "Grumpy" tour of America.

The Prussian losses are computed by this newspaper as 2,377,378. SPLENDID RECORD

(Continued from Page 1)

one or twenty-two of its members have joined the active forces of the Empire, a record which, in proportion to the members, it will be difficult if not impossible, for any other organization in the city to equal. It has not been in the power of the Club, much as it would wish, to give to each any tangible evidence of the good-will and esteem of the members they have left behind. We feel, however, that for the reasons I have stated, an exception ought to be made in your case. I have, therefore, on behalf of the Brantford Cricket Club, this wrist watch as a small token of the and of our appreciation of the valuable services you have rendered to us in the past. At the same time, on behalf of your fellow members and myself, I express the fervent hope that good luck will accompany you in the discharge of the dangerous duties you have assumed that success will be with the club and be hoped that the members would be successful in keeping the club together until his return.

The chairman at this stage read the honor roll of the active members of the cricket club who had enlisted which is as follows:

- THE HONOR ROLL. Lieut. Col. E. C. Ashton, Major A. Nelles Ashton, Lieut. Leonard Bishop, Corporal P. W. Derbyshire, Pte. F. Darch, Pte. A. Houting, Pte. J. Vickers, Hon. Capt. Rev. C. E. Jenkins, Capt. R. T. Hall, Pte. J. Farnsworth, Pte. J. Wilkins, Sergt. F. W. Winyard, Pte. H. Elliott, Lieut. C. Uniacke, Pte. Rev. A. Elliott, Corp. W. West, Capt. A. P. VanSomeren, Sergt. Major F. Shaw, Pte. J. Gray, Pte. A. Wood, Pte. A. Unicornie.

This was enthusiastically received and the Secretary was instructed to send a copy of the proceedings of this meeting to them all.

"FUTURE PROSPECTS"

The next toast on the programme was "Future Prospects," proposed by T. Chamberlain and responded to by W. Elliott and H. Phillips. They expressed the hope that every available player would rally around the club this season and try and keep the good old game alive until the active services members returned. It was decided to write some of the old time

OFFICERS MUST REMAIN IN THE UNITED STATES

London Orders That British Officers on Appam Not to Come Home.

New York, Feb. 10.—Instructions from the British Foreign Office have been sent by cable by Consul-General Clive Bailey for Capt. Harrison and sixteen officers of the liner Appam, captured by a German raider to remain here, according to The World this morning. Arrangements had been made to send them back to England to-day on the White Star liner Baltic.

Whether the British authorities felt that the return of the officers to England would be looked upon as an abandonment of their ship and thus weaken the case of the British in endeavoring to obtain the release of the Appam could not be learned.

The officers of the other British ships captured by the raider with some of the petty officers of the Appam to the number of forty-five will sail on the Baltic. They will go in her second cabin. Then there will be the Appam's crew and the crews of the other vessels to the number of 220 in the Baltic's steerage.

The officers were then elected for 1916 as follows: Hon. President—W. F. Cocksbutt, M. P. Hon. Vice-presidents and Patrons—J. H. Fisher, M.P., W. S. Brewster, Lieut.-Col. E. C. Ashton, Major A.
