Backache, headache, nervousness, point to a disordered or diseased local condition which should have prompt attention.

In Distress With Eczema

Mrs. B. Stoddard, Delhi, Norfolk County Ont., writes as follows:—"I was troubled with Eczema or Salt Rheum for over twelve years, and during that time doctored with four different physicians, but found that they could only give temporary relief. I saw Dr. Chase's Ointment advertised, decided to try it and before I had used half a box found great relief and change. Altogether I have used three boxes and am now completely cured. I have recommended it to my neighbors, and can say it is the best I ever used, and in my estimation worth its weight in gold."

A FATHER'S STORY

TELLS HOW HIS SON REGAINED HEALTH AND STRENGTH

Had His Spine Injured and for Two Years was Unable to do Any Work and For Most of the Time Was Confined to the House.

Mr. M. D. Estabrook, a well known farmer living at West Pubnico, N. S., writes:—"I believe that it is only right that I should let you know the benefit your medicine—Dr. Williams' Pink Pills—have been to my son, Constant, sixteen years of age. For several years he has almost a constant invalid, the result of an injury to his spine while working with his brothers on the farm. He grew weak and listless, had no appetite, and for two years was unable to work and was for the most of the time confined to the house, and for a part of the time to his bed. He suffered considerably from pains in his back; his legs were weak; and he had frequent headaches. At different times he was attended by two doctors, but got no benefit from their treatment. Then I procured an elastic belt for him, but it did him no good. He was so weak that he could not do him a particle of good.

One day when my son was reading the newspaper he came across an article telling of a cure in a somewhat similar case through the use of Dr. Williams' Pink Pills, and he then decided to give them a trial. After the second box was taken there was a marked improvement in his condition. He continued the use of the pills until he had taken eight boxes, and they have restored him to health. His appetite has returned, the pain in his back; he has gained flesh; is able to ride a bicycle, enjoy his life and is able to do a day's work as well as any one of his age. This letter is given gladly so that others may learn the merits of Dr. Williams' Pink Pills, and find a cure of ailing."

Dr. Williams' Pink Pills cure such cases as the one noted above because they create new, rich, red blood, thus strengthening weak and shattered nerves. They do not purge and weaken like other medicines, but strengthen from the first dose to the last. Sold by all druggists in medicine or sent post paid at 50 cents a box or six boxes for \$2.50 by addressing the Dr. Williams' Medicine Co., Brockville, Ont.
