

Mr. R. L. Nixon of Kings College staff spent Thanksgiving at his home in Kentville.

Mr. J. A. MacInnis left for Halifax last week in an auto and returned on Saturday afternoon.

Mrs. George Wilson spent Thanksgiving with her parents, Mr. and Mrs. William Yould.

Mrs. Will A. Smith of this town received good news by cable on Saturday last. Her son Harold of the 85th Royal Air Force had been reported as missing and in consequence his relatives here were most anxious about him. The cable received reported him at Edinburgh, Scotland, with no particulars. The assurance of his whereabouts was comforting to his mother.

Miss Mabelle Smith who is at Halifax in the office of Hon. H. H. Wickwire Commissioner of Highways came home on Thursday last to spend Sunday and Thanksgiving with her mother Mrs. W. A. Smith. Miss Evelyn Smith who has been engaged in St. John since she completed her business course there, was also home to spend Thanksgiving.

Guard the Children From Autumn Colds

The fall weather is the most severe season of the year for colds—one day is warm, the next is wet and cold and unless the mother is on her guard the little ones are seized with colds that may hang on all winter. Baby's Own Tablets are mother's best friend in preventing or banishing colds. They act as a gentle laxative, keeping the bowels and stomach free and sweet. An occasional dose will prevent cold or if it does come on suddenly the prompt use of the Tablets will quickly cure it. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Subjects of All Entente Nations Must Join Colors

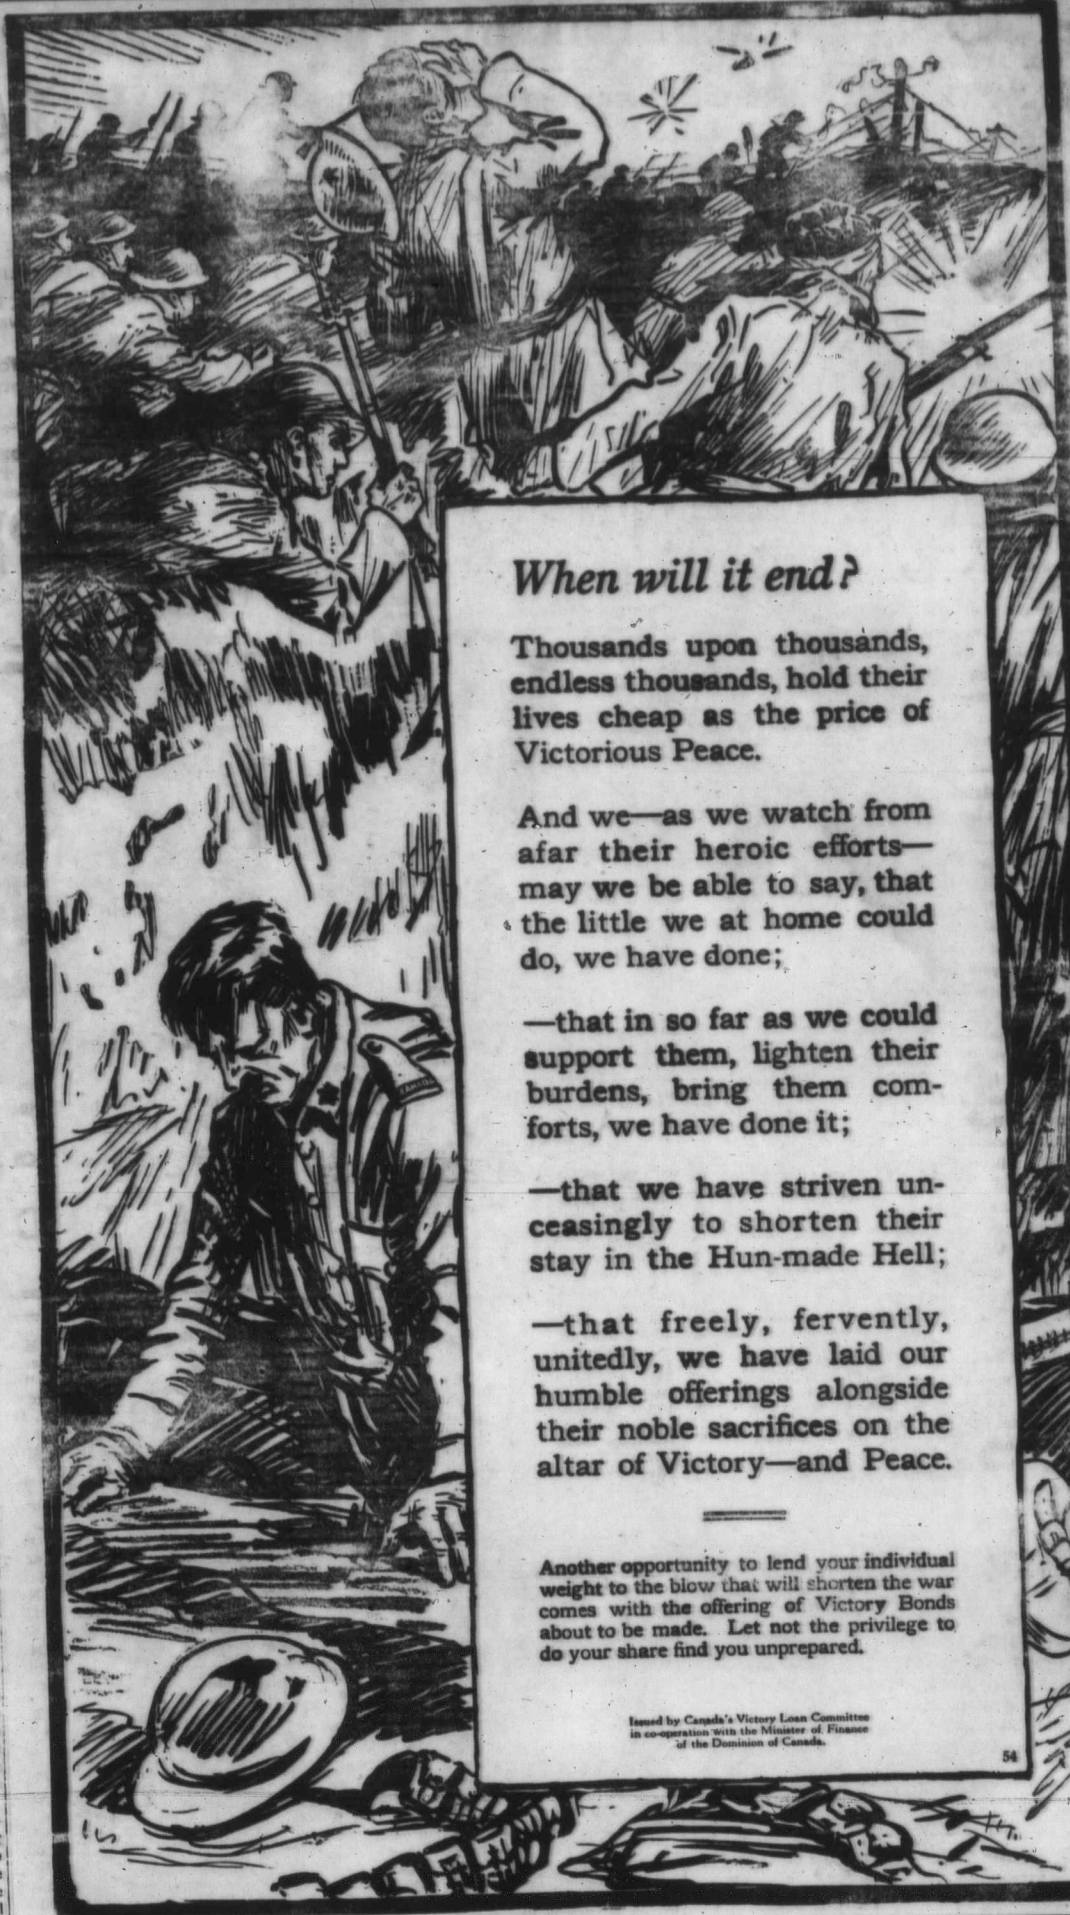

Slackers' Draft Treaties Now in Force and Men of All Allied Countries Must Do Their Bit

Since compulsory military service was adopted by Canada and the United States went into war with conscription at the outset, a number of men of military age have changed their residence in an attempt to evade the draft law applicable in either country. Americans have come to Canada and Canadians have gone to the United States. In addition, it is said many after enlistment deserted and left their respective countries.

Those who find themselves under either of these classes are dealt with in a new convention which, through the usual diplomatic channels, is being negotiated between Canada and the United States and which has now almost become an existing reality. It is understood the arrangement will be duly promulgated and will provide for a mutual system of surrender. Canadian military evaders in the United States will be sent back here to be dealt with and American draft dodgers in this country will be sent back to their own land for dispositions.

It is understood the new arrangement will supply an effective drag net on each side of the boundary so that those liable for service will be rounded up in one country or the other. Those who volunteer will have the option of determining whether they will serve. The deserter will be forced to surrender.

It is also expected that in a few days the treaty will be executed for the enlistment of military age subjects of foreign Allied nations in Canada. An arrangement has been made with Belgium, Greece and Italy and with a final arrangement with France, now underway, subjects of these countries liable for military service, and they are said to number many thousands, will be given the opportunity of enlisting in Canada or going home to enlist in their own native army. It is clearly set forth they must do one thing or the other.

When will it end?

Thousands upon thousands, endless thousands, hold their lives cheap as the price of Victorious Peace.

And we—as we watch from afar their heroic efforts—may we be able to say, that the little we at home could do, we have done;

—that in so far as we could support them, lighten their burdens, bring them comforts, we have done it;

—that we have striven unceasingly to shorten their stay in the Hun-made Hell;

—that freely, fervently, unitedly, we have laid our humble offerings alongside their noble sacrifices on the altar of Victory—and Peace.

Another opportunity to lend your individual weight to the blow that will shorten the war comes with the offering of Victory Bonds about to be made. Let not the privilege to do your share find you unprepared.

Issued by Canada's Victory Loan Committee in co-operation with the Minister of Finance of the Dominion of Canada.
