#### ...... MODES OF MUNICIPAL TAXATION IN SASKATCHEWAN

J. Kelso Hunter, City Clerk Regina

Formerly Secretary-Treasurer and Assessor, Regina \*\*\*\*\*\*\*\*\*\*\*\*\*\*\*

In the North West Territories arises in assessing income is that unthere were two modes of municipal the person has resided one year in taxation prior to the creation of the Provinces of Alberta and Saskatchewan, namely the single tax system income, as the assesment for the curbased upon the actual value of all rent year is based upon the income of lands without improvements, and the the previous year. come in the Territories liable to tax- businesses in lieu of assessing stocks.

Struggle for Inequality

great dissatisfaction, as for several Both of these systems still prevail reasons merchants had great antilicences in the Rainy River district meeds were supported from without.

"The sphere of higher education, in the Province of Saskatchewan, but that served by our universities and colleges, will not be within the scope the double tax system by the Charter the charter the double tax system by the Charter the charter the double tax system by the Charter colleges, will not be within the scope of the Sage foundation. That is the sphere of the general education board."

For a time the Sage foundation will be managed from Mr. DeForest's offices. It will have an income of \$450,000 a year to work with. Mr. DeForest did not care to go into the stage of the Charter system by the Charter some merchants were assessed for a great deal less than they should be. A merchant would naturally want to put the highest value on his stock for financial purposes and the lowest for assessment purposes. The new mode of assessing businesses is for the assessor to fix "a rate per square foot the floor space (irrespective of particular to the cities in that Province, great deal less than they should be. A merchant would naturally want to points, on which thousands of labor points, on wh DeForest did not care to go into the the double tax system. The result of the floor space (irrespective of partaverns; Vermillion Bay, Dinorwic, was unfortunate for that place, as it obstructions) of each building or part threw a large proportion of the taxes thereof used for business purposes on the townsite owner, who cramped and "shall as far as he deems practhe growth of the town by his refusal ticable classify the various businesses
