FIRE PROOF HOUSES

If there is any such thing as a fire proof house it is the house built of cement blocks or cement bricks.

In the recent fierce fire at Fernie, B.C., the only buildings left standing were those built of cement blocks, as the photo graphs of the disaster show.

It's a pity when sick ones drug the stomach or stimulate the Heart and Kidneys. That is all wrong! A weak stomach means weak Stomach nerves, always, and this is also true of the Heart and Kidneys. The weak nerves are instead crying out for help. This explains why Dr Shoop's Restorative is promptly helping Stomach, Heart and Kidney ailments. The Restorative reaches out for the actual cause of these ailments—the failing "inside nerves." Anyway test the Restorative 48 hours. It won't cure as soon as that, but you will surely know that help is coming. Sold by All Dealers.
